egden, June II .- An application was made yesterday afternoon by Atty. A. R. Heywood, representing the Commercial National bank of Ogden, asking the county board of equalization to give the bank a rebate on the taxation of \$50,000 worth of stock of the institution now invested in United States bonds. Mr. Heywood made a strong plea before the commission in behalf of the fore the commission in behalf of the bank. He cited as authority for mak-ing the request and for the commission-ers to make the rebate as requested, a decising rendered in the United States suprefile court April 22, 1967, by Jus-tice Moody, wherein he held that all United States securities, such as bonds, etc., are not taxable property, but are exempt from taxation. In this decision some of the other supreme court judges did not concur.

In Ogden City the five banks hold as securities for their capital stock over \$500,000 in United States bonds. This money has been tuxed heretofore by the county assessor, and was assessed this year the same, but should the coun-ty be compelled under this decision to this year the same, but should the coun-ty be compelled under this decision to give a rebate to the banks of the full amount held by them in United States bonds, the total valuation will be greatly reduced and the loss to the county in the taxes will be heavy as well as the state. The board of county commissioners after listening to Mr. Heywood's plea for the rebate decided to refer the entire matter to the counrefer the entire matter to the county attorney for a written opinion.
