Chicago, Dec. 8.-Representative Board of Trade reformers held a meet-ing at the Grand Pacific hotel, and the sub-committee of seven on revision of rules, met in the rooms of the board of directors last evening. The subcommittee considered a number of puzzling legal questions. The Grand Pacific meeting was for the purpose of listening to a report made by a committee consisting of A. M. Day, R. G. Chandler, E. S. Adams, C. H. Canby and H. B. Slaughter, This ommittee was appointed at the initial After expressing a belief that present evils besetting the board of trade are largely the result of lax construction of

ers, 5.70 % 4.80; bdlhs, 2.75 % 4.90. Hogs-Recelpts, 8.000. Market strong-er to 5c higher. Bulk of sales, 3.871/2 % 3.921/2; heavy, 3.85 % 3.56; packers, 3.871/2 % 3.95; mixed, 3.821/2 % 3.90; light, 3.80 % 3.921/2; yorkers, 3.90 % 3.921/2; pigs, 3.75 % 3.90.

rules, the report made says: "We believe the fight against the bucket shops should be rigorously con-tinued especially against all firms connected with the board of trade con-cerning whom the slightest rumor exists. That all communication between bucket shops and members or firms of the board whatever kind or nature, should cease at once.

"That all orders to buy or sell should be executed in the open market. "That greater care should be used in the admission of new members to the association, and financial responsibility as well as moral standing should be

That trading should be limited to cash and a period not exceeding the second month bayond the current one. "That the government of the board of trade he vested in a president, vice

president and plue directors. "We heartily indorse the effort of the Chicaro board of trade to join with the other exchanges of the country in fight against the bucket shop evil and believe we can only obtain substantial results by combined effort." The report will be transmitted to

Chairman Raymond, of the sub-com-mittee of seven, for incorporation in the report that body will make to the full committee on revision of the rules.

Not all the suggestions made by the independent committee, however, can possibly be incorporated. This fact was rought out at the meeting of the subcommittee held in the directors' room before which was Attorney Robbins, the board's legal adviser. Mr. Robbins said the board could not be recognized on the basis of the New York stock exchange, with a governing hody of forty members, without violating the charter. Acting on this advice the sub-

ommittee will report no progress, with he reasons therefor, and ask further instructions.

A Ten Cent Assessment Pledged by the

Stockholders Present. The meeting of the stockholders of the Star Consolidated last evening was a large one and before the meeting ad-journed at 9 o'clock, all present were in favor of a ten-cent assessment. It is learned that the holders of all but about 25,000 shares of stocks have ex-pressed themselves willing to put up the necessary amount, which will be re-garded in the light of a loan, to be paid

from the ompany's treasury when con-ditions warrant it. The company's indebtedness amounts altogether to about \$40,000 and as some altogether to about \$40,000 and as some of the claims are pressing an assess-ment seemed obligatory. But as the stock is non-assessable, it became necessary to have an expression from as many of the stockholders as pos-sible. This has now been done, and the unsciently of facility of facility of facility. the unanimity of feeling of the stock-holders present last evening gives assurance that not only will the pressing obligations be met, but that the mine development will be pushed. The prop-erty is conceded to be one of vast possibilities and it is to be hoped the neces-sary means will be forthcoming from this time on to make of the mine the great producer it gives promise

CENTENNIAL-LUREKA DEED.

of becoming.

Recorded at Nephi Today-Has \$2,100 in Revenue Stamps.

Mr. C. E. Allen went to Nephi last night with the deed from the Old Centennial-Eureka company to the new corporation, which was recorded there today. The revenue stamps attached to it amounted to \$2,100. Mr. Chrisholm was busy making out checks today for some of the old stockholders who have not yet received their

quota. NO DIVIDEND POSTED.

Grand Central Meeting Held Today-No. vember Dividend Passed.

The regular meeting of the Grand

Central mining company was held to-day in Provo. A wire from there this afternoon stated that the November dividend wes passed.

ORE IN WEST MORNING GLORY. A Ten Inch Vein Encountered at a Depth of One Hundred Feet.

The management and stockholders of the West Morning Glory are feeling quite jubliant over a stirike which was made in their property a few days ago. In a drift from the shaft, at a depth of 100 feet, a streak of ore was encoun-tered which has widened out in the last 16 feet to a filce vein of ten inches. Assay returns on an average sample show copper values of \$21.35 and silver valued at \$4.70 a ton. The ore, which is the first encountered, shows indica-tions of a large percentage of iron, which will make it an easy smelting

proposition. The three claims of the company are joined on the west by the Diamond Consolidated and the Homestake on the north. The Old Morning Glory, at pres-ent being operated by Messre. New-house, Weir and Lawrence, lies immediately east. The veln in which the strike has been made is a fissure lying between porphyry walls. The course of the vein as it appears in the face of

SHIPMENT FROM GALENA.

the Nevada Company, A shipment from the Nevada com-

pany's claims at Galena, Nev., is exsist, it is stated, of five cars of ore. The road from the mine to Battle Mountain is being shortened by about I views. No amount of cleverness in

the drift indicates that the veln will widen out as further depth is reached. One of Five Cars may be Expected from
