

## COSGRIFF TALKS ABOUT THE EAST

Political Sentiment Rallied About  
Taft and Former  
Policies.

### INVESTIGATED WAREHOUSES

As Member of Special Committee Re-  
lieves Chicago Admirably Adapted  
To Wool Storage Plans.

President J. E. Cosgriff of the Commercial National bank has returned from an extended business trip to New York City and Chicago. He says, it was astonishing the way the eastern sentiment had crystallized in favor of Taft; western people could hardly understand it. There was, he says, a general apprehension as to Bryan and the uncertainties of his policies, as likely to disturb business relations and long established conditions. Moreover, Mr. Bryan is a western man, and easterners, for that reason, were not favorably inclined to him, as western ideas are regarded in eastern money centers as not so stable and conservative as they might be, and anything considered as likely to disturb the markets and cause fluctuation of values, is regarded with suspicion. Mr. Cosgriff says that the eastern mind was entirely satisfied with Judge Taft, as his experience on the bench, as governor of the Philippines, and as secretary of war, and his known sympathy with the policies of the present administration, made them understand just what might be expected the western approval of the guarantee system of bank deposits set the east

### 10 CENTS TO STOP THAT ITCH

How easy to Get Relief—Instant Relief  
From Skin Disease.

Is it worth 10 cents to you to stop that awful, itching skin disease, the kind that seems to baffle treatment, and leaves you with itchy, we hope you will not fail to investigate a prescription which is now recommended by many of the best skin specialists, even in preference to their own prescriptions. It is the simple soothing oil of wintergreen compound known as D. D. D. Prescription. A 10 cent trial bottle must convince you that the itch is instantly allayed by this prescription. Get a liberal trial bottle of the healing, soothing, external remedy, D. D. D. Prescription.

We feel quite sure that before long you will be cured, and at any rate we know—KNOW—POSITIVELY—that your itch will be allayed instantly, the minute that soothing liquid is applied to the skin. Druehl and Franke, Druggists, Salt Lake.

Write direct to D. D. D. Co., 112 Michigan St., Dept. 178, Chicago, enclosing 10 cents for the trial bottle.

### THE LABOR VOTE.

Mr. Cosgriff also said that, notwithstanding Mr. Gompers' efforts to steer the labor vote toward the Democratic candidate, thousands of working men refused thus to be influenced, and voted for Judge Taft. With the increase of improved conditions among the laboring element, these people have begun to invest in bonds and securities, so that they are not hostile to corporate interests as much as they were. A large fraction of the bonds of the Pennsylvania Central are now in the hands of working men who invested with their savings.

Mr. Cosgriff is a member of the special committee appointed by the executive committee of the National Wool Growers' association to locate a new warehouse center for the western growers, and is satisfied that the special committee did a good thing in selecting Chicago. The final decision, however, which ratifies permanently the action

of the committee is to be made by the endorsement of the wool growers themselves, and the first step in this line will be taken next Monday afternoon, at the Commercial club meeting, when representatives of the wool growing interests of Utah are to meet with the committee. The latter will then go to Idaho for consultation with the wool growers there; then to Montana, and next to Wyoming. The wool interests of New Mexico and Arizona are not considered of sufficient weight to warrant sessions of the committee in these territories. It is believed that the committee will be sustained in their action. The geographical center of the wool interests of the country is at Cheyenne, so that Chicago is a better place for the wool warehouse scheme than on the Atlantic coast. It is calculated that at least 50,000,000 pounds of wool will be sent to Chicago for warehousing, and there the eastern buyers will come to make their selections. The business men of Chicago show a lively interest in the plan, and will extend all the help possible.

### PEDDLER HURT.

Joe Le Clare, a peddler, fell from his wagon yesterday near the corner of Ninth South and Seventh East streets, while in a state of intoxication and cut his head and face. He was taken to the emergency hospital, where his bruises were treated and afterward thrown in jail on the charge of drunkenness.

### NIELSON'S UNIQUE FAME.

Ben Nielson is now famous. His fame is the result of his having in most plebian fashion traversed the highways on top of a load of hay. Now he is charged with assaulting an automobile party with the seafame load of hay. He did not take that load of hay and throw it at the automobile, but as he was passing the party in the auto he happened to brush the occupants of the motorcar with the hay, thereby causing them much disgust, anguish and discomfort. The occupants of the gasoline coupe were Mrs. W. Mont Perry and Mrs. E. S. Perry. The collision occurred Nov. 5.

## SEVEN DIVORCES MATINEE RECORD

Judge Morse Judicially Solves  
Complexities of the Un-  
happily Wedded.

### NO SENSATIONAL HEARINGS

Failure to Provide and Desertion the  
Grounds of Action in the  
Cases Before Court.

Judge Morse granted seven divorces in quick succession at the regular Friday afternoon matinee in the Third district court. The cases were devoid of sensational features, the mere humdrum of desertion and failure of husbands to provide for their wives and families constituting the principal grounds for the actions brought.

Adeline S. Ulrich was the first applicant for release from matrimonial bonds. She stated her husband deserted her and their daughter and refused entirely to contribute to their support. The couple were married at Ogden, December 25, 1933, and the daughter is 18 years old. The divorce was granted.

Edith Hargrave said she had been deserted by Gaston Hargrave, two years ago. There are two children of whom the plaintiff was awarded the custody in addition to decree of divorce. The Hargraves were married at Beaumont, Tex., Sept. 23, 1932.

Gertrude A. Freeman told the court that her husband, Thomas Freeman, indulged in drinking and gambling and did not support her, compelling her to earn her own living as a clerk. Two children are dependent on the efforts of the mother. The decree was granted.

carrying the custody of the children for the mother. The couple were married in December, 1933.

Fannie E. Whipple was given a decree separating her from John E. Whipple on the grounds of desertion and failure to provide. They were married Aug. 1, 1936.

Non support was urged by Laura E. Barneer as the reason why she asked for divorce from her husband, William H. Barneer. The decree was granted, carrying an order with it restoring the maiden name of plaintiff, Laura Fredericksen.

Pearl Irene Marshall proved her charge of non-support against William M. Marshall, and was given a decree of divorce. Her maiden name of Hotelling was also restored to her. The couple were married May 22, 1935.

Edith E. Kinsey was granted separation from her husband, Charles M. Kinsey on a cross complaint. Kinsey had filed suit charging his wife with deserting him. Mrs. Kinsey filed a cross complaint alleging that her husband had been unfaithful and cruel. Judge Morse decided in favor of the wife, and gave her a decree, carrying \$30 per month alimony, \$30 attorney's fees and \$20 costs. The father, however, was allowed to retain their only child, a daughter 15 years of age. Kinsey is a mine foreman at Robinson, Utah. They were married at Joliet, Ill., Feb. 20, 1932.

### WANTS \$5,112 DAMAGES.

Francis H. Saunders Says He Was  
Badly Injured by Street Car.

Francis H. Saunders has entered suit in the Third district court against the Utah Light & Railway company, for \$5,112 damages alleged to have been sustained by plaintiff being run down by a streetcar belonging to defendant company at the corner of Third South and Second East streets on Feb. 8, 1936. In his complaint Saunders alleges that he was working for the city cleaning snow out of a monument box at the place where he was run down and that without giving him any warning, the car dashed into him, knocking him down and inflicting injuries to the amount named.

The streetcar company claims the accident was due to the negligence of the plaintiff.

FOR SEPARATE MAINTENANCE.  
The suit filed in the district court

by Mrs. Jennie B. Parsons against her husband, Charles C. Parsons, is for separate maintenance, and not for divorce, as erroneously reported.

### SEEKING A PARDON.

One Likely to be Granted Mrs. Sheaneker by Acting Mayor Davis.

In all probability Mrs. Teen Sheaneker, wife of J. J. Sheaneker, a fireman at the Bingham smelters, will be pardoned by Acting Mayor A. J. Davis.

On Thursday Mrs. Sheaneker was arrested on the charge of violating the quarantine regulations by tearing down a smallpox sign which had been tacked on her house by an employee of the board of health by order of Asst. City Physician S. G. Paul.

The woman was tried the day she

was arrested and when she appeared in court created a mild sensation by her defiant and abusive attitude not only toward Judge Diehl but to the police department and the board of health.

She gave vent to a round of abuse and interrupted Judge Diehl when he tried to say anything to the woman. She was finally fined \$50 or 60 days in jail and since her sentence she has occupied a cell in the city jail.

Her husband came to town yesterday and tried his best to raise the money, but as he is a poor man and has a family to support he was unable to raise up the \$50. He then went to Acting Mayor Davis and begged that official for a pardon. Mayor Davis said he would grant the pardon provided Judge Diehl, Chief Pitt and Dr. Paul would sign the application. Judge Diehl said he would sign the application provided Dr. Paul was agreeable to the arrangement.
