LOCAL NEWS.

MISSIONARIES.

Those missionaries called at the October Conference for the Sandwich Islands and New Zealand missions, are expected to leave this city on Tuesday, October 15th, 1884, to sail from San Francisco, California, on Saturday, Oct. 20th, 1884.

Also those Elders called for Great Britain and Scandinavia who did not leave with the first company of missionaries will leave this city on Wednesday morning, October 25th, 1884, to sail from New York on Tuesday, November 4, 1884. FRANKLIN D. RICHARDS.

Deseret Hospital.—There will be a meeting of the Board of Directors of the Deseret Hospital held at the Hospital Building on Monday, October 15th at 2 p. m. A punctual attendance requested. B. WELLS, Sec'y.

A Special Discourse.—It is announced elsewhere by Bishop Clawson that Elder C. W. Penrose will deliver a discourse to-morrow evening in the Twelfth Ward Assembly Rooms on "Blood Atonement," a subject of considerable interest, judging from the attention it has received. Those who wish to obtain an understanding of the views of the Latter-day Saints upon this matter should hear the address to-morrow night.

Rose Eyring and Charles Reade.—During her several recent visits to London, Miss Rose Eyring made so complete a conquest of the late Charles Reade that the famous novelist and dramatist had determined to concentrate himself upon the creation of a play for her, but disease put an end to his ability for sustained work. Miss Eyring's acquaintance with the author of "Harcourt" was of the most friendly character, and her personal reminiscences of him would add a valuable chapter to contemporaneous biography, could she be induced to print them.

A Fine Temperance Beverage.—Walter Reynolds, of the Twenty-First Ward, has gained considerable celebrity in his local way by the manufacture of an excellent quality of effervescent herb beer, a strictly temperate and delightful summer drink, which has won for itself quite a widespread popularity. This morning Walter drove up to the News office and deposited a cool dozen of his beer in the basement of our thirty-story edifice, for which he received their unanimous acknowledgments and his best their immediate attention. Here's to you, Walter.

Home-Made Goods.—Joseph G. Cutler & Bro., who announced a short time since that they had bought out the stock of John C. Cutler, now state that they have just received from the mill large quantities of woolen and other home-made goods in refreshing variety. Mr. J. G. Cutler, a deservedly popular gentleman, is conducting the business personally, and his friends and the public should remember that he is engaged in a line in keeping with the spirit of the times and the wishes of his community. Only a Smoke.—Shortly after eight o'clock this morning the ominous tones of the fire bell summoned the brigade to the vicinity of a house opposite the Continental Hotel, east and next to Sidney Noble's place. There was no fire, it was ascertained, and therefore no water was wasted. A stove pipe passing through the roof of the rear part of the building, and being disconnected with the flue, had filled the attic with smoke and for a few minutes endangered that and surrounding buildings. The firemen chopped through the roof to get at the supposed fire, but finding none came away after they had learned that the fire bell summoned the brigade to the vicinity of a house opposite the Continental Hotel, east and next to Sidney Noble's place. There was no fire, it was ascertained, and therefore no water was wasted.

About half past 11 o'clock, and after the above was in type, another alarm was given and the cause was found to be the same. The upper end of the pipe was about a foot from the flue, and the soot in the wooden timbers of the attic was probably an inch thick. The lady who built the fire had only just moved in, and had been told, since the firemen were there at 8 o'clock, that there was a fire in the house, and started it up again. Chief Ottlinger again warned her against it, and had her stove moved to another part of the house, and said if he had to come again he would pull down the chimney. The wonder is that a fire has not broken out there before and spread destruction broadcast.

Teachers' Association.—To-day at 11 a. m. the County District school teachers met in the 12th Ward school house. A goodly representation of the teachers was present. After the usual opening exercises the programme was carried out as follows:

Prizes and their effects.—R. S. Horne, the speaker, stated that he had tried giving prizes, but never with complete satisfaction, either to himself or his pupils; found it much better to teach the pupils to work for education's sake, and for the love of knowledge. Method of teaching square root.—Gustav Munroe, did not believe in entering into a full geometrical explanation to children on this subject, but thought it better to make the explanation as simple as possible.

Miss Clara Suedaker, on the method of teaching the fifth grade of reading in district schools, said that she could read the most important branch taught in our schools, and that she endeavored to make it interesting for her children. Also stated that she often varied the exercises by the introduction of selections from books other than the text books. At the close of each exercise, five minutes were devoted to a recitation. A goodly representation of the teachers was present. After the usual opening exercises the programme was carried out as follows:

Operation for Dropsy.—Many of the friends of Col. H. P. Kimball have been aware for some time that he was suffering from dropsy. Physicians have differed in their views as to the nature of the case, but a majority favored the theory advanced, and yesterday, after a consultation by Drs. Benedict, Anderson and Ormsby, it was decided that the patient be tapped. This was accordingly done, at the expressed wish of Col. Kimball himself, his brother William and the family. Fourteen quarts of water were taken from him, and he bore the operation so well, that the doctors expressed themselves very encouragingly as to the prospects of his complete recovery. He is still very weak and emaciated, but feels much relieved and is far from despondent over his chances of getting well.

Acknowledgements.—The officers of the Deseret Hospital desire to tender thanks to the ladies who have sent flowers and fruits to the institution during the past four weeks; also to Mrs. Jennings for a donation of \$50; to Miss Catharine Horrocks for \$10; and Elder John C. Cutler for \$10, recently given; to the Presidents of Stakes and Branches, who have taken membership, and true that others who can forward and do likewise and thus help forward this benevolent enterprise.

"Blood Atonement."—On Sunday, October 13th, a discourse on "Blood Atonement," as a doctrine of the "Mormon" Church will be delivered in the Twelfth Ward Assembly Rooms by Elder Charles W. Penrose. Services will begin promptly at 7 o'clock. A cordial invitation is extended to non-"Mormons" as well as members of the Church. Ample accommodations will be provided. H. B. CLAWSON, Bishop.

PERSONAL.

To-day we received a call from Mr. Neil Currie and wife, from Canada, formerly from Scotland, who are now on a pleasure tour through the West. They are at the Walker House.

A Swiss lady named Manner was today taken to a Deseret Hospital, to be treated for a bad knee, from which she has suffered for about a year and a half, and which originated in a cold with some disorder of the blood.

THE CRIMSON CASE.

SALT LAKE COUNTY Suing THE EX-COLLECTOR AND HIS BONDSMEN.

The following are the main points in a summons issued by Judge Zane on October 6th, and delivered yesterday afternoon, in the case of Salt Lake County vs. George Crismon, Mary Louise Crismon, Henry Dinwoody, W. W. Ritter, L. S. Hills, Jacob Weller, E. M. Weller, A. H. Raleigh, Fernmore Little, L. E. Holden, Samuel Senalton, W. S. Crismon, Jos. H. Roberts, Stewart, R. C. Chambers, Bolivar Roberts, S. B. Young, N. W. Clayton and N. V. Jones; each of whom is required to appear in the Third District Court, within ten, twenty or forty days from the date of the summons (October 6th) according to the place of service in the action above specified.

The county prays for an order restraining W. W. Ritter and Henry Dinwoody from using certain county warrants described in the complaint to the amount of \$11,500.88, now under their control as trustees under a deed of trust made by George Crismon, for their benefit (and protection and for the protection of other parties of the third class of trust being dated February 19th, 1884; the County further asks that said warrants be used upon the taxes due Salt Lake County levied, assessed and unaccounted for by defendant Crismon, that the Court determine upon what years the said warrants should apply.

That M. S. Cummings, Treasurer of Salt Lake County, be restrained from paying any of the said warrants pending the decision; that N. V. Jones, County Collector, be restrained from receiving said warrants on any taxes due on abstract roll of 1883; that defendants be required to report the amount of property mentioned in the warrants to be found to the County; the manner in which it has been applied; that the Court determine the amount due the County and Territory for the years 1878, 1880, 1881, 1882 and up to June 1st, 1883; that the Court order the warrants in the hands of the County Treasurer, for cancellation and for credit on the taxes levied, assessed and unaccounted for by the defendant Crismon.

Just judgment be rendered and execution issued against Fernmore Little, E. H. Holden, L. M. Stewart, Jacob Weller and A. H. Raleigh, who are securities on the said Crismon bond for the sum of \$100,000, or such an amount as may be found due the County or Territory; that judgment and execution be issued against Samuel Senalton, W. S. Crismon, Jos. H. Roberts, N. W. Clayton, N. V. Jones, who are sureties on his bond for \$12,000—for any sum that may be found to be due for the years 1878-83; that judgment and execution be issued against E. M. Weller, S. B. Young, A. H. Raleigh, Henry Dinwoody, W. W. Ritter, Bolivar Roberts, L. S. Hills and R. C. Chambers who are sureties on a Crismon bond for \$50,000, or any sum that may be found to be due for 1881-2; and finally that any property coming into the hands of the court be sold and applied on the taxes so deficient.

It seems that the bondsmen have elected two of their number, viz.: W. W. Ritter and H. Dinwoody, as trustees to conduct the case for the defendant bondsmen. It is true that Mr. Crismon has turned over to them his private property, but to what amount we have not been able to learn. It will not cover the amount sued for, however, according to our best information. Mr. Crismon's shortage is due partly, and probably for most part, to non-collections.

A Monster Tumor.—Dr. W. F. Anderson, assisted by Drs. J. B. Benedict, Mattie P. Hughes and Belle Anderson, on Thursday last performed a successful operation upon a lady named Mrs. Van Fleet, of Farmington, who is temporarily stopping at the house formerly owned by Bishop Thomas B. Taylor, on Jordan Street, 10th Ward. The operation was for the removal of an ovarian tumor, which weighed forty pounds. The symptoms of the patient are in general, very favorable.

Joseph the Great.—An engagement for one night only has been made with Rafael Joseffy, the renowned pianist, by the management of the Salt Lake Theatre. The date is Tuesday, October 14th. Miss Olsen, the favorite soprano, Mr. Van Praag, the accomplished cellist, and Mr. Krouse, the talented accompanist, will also appear and take part in the evening's programme. See advertisement in another column for further particulars and read the following press comments on Joseffy:

A great sensation will be created soon by the coming here of Rafael Joseffy, who will give a concert here some time this season. His piano-playing is considered as the acme of perfection. Joseffy is the world's most renowned pianist. Rafael Joseffy will positively appear in our city during this season. This will be the only chance to hear this great artist, as he will return to Europe in the spring. Our city has never been visited before by such an artist as Rafael Joseffy, who enjoys the reputation, not only in this country but also in Europe, of being one of the greatest living pianists.

An Artist's Studio.—Recently a representative of the News paid a visit to the studio of J. W. Clawson, Esq., in the Roberts-Ellerbeck building, First South Street. It is a most delightful place in which to spend an hour, examining the skillful products of this able artist, who has made most remarkable progress in his profession. He has a large number of water-color sketches made from life at the art academy in New York. They were executed with great rapidity, being almost dashed off, for practice, and yet each specimen embodies a clear idea, and indicates the genuine artistic finish. There are also a number of water-color pictures upon which much care has been expended, and they are real gems, exhibiting that delicacy of touch, and exquisite coloring for which Mr. Clawson is conspicuous and give a charm to all his productions.

He excels as a portrait painter, especially in one particular—the fineness of his manipulation of colors, especially in pastel work. This is a species of dry-color painting of modern conception, and is now all the rage in the East.

If Mr. Clawson has a fault at all in his portrait work, it is of the nature of the shortcomings of one of the characters in Burns' "Cottar's Saturday Night," the poet stating that "he on his fallings leaned to virtue's side." So with this young artist in his portraits—he has a tendency almost to etherealness, so as to give a sort of transparent effect to his pictures. But this is not a defect, or if it be one it can be cured without difficulty, for an artist who can paint sufficiently fine to verge almost upon the ideal, can readily resort to the grosser and more realistic style. But such is the state of human nature that the more exquisite a portrait is painted the better is the subject pleased with it. We confess that the excellency to which Mr. Clawson has attained in the profession of which he is so passionately fond caused us some degree of surprise.

San Francisco, 10.—The Brotherhood of Locomotive Engineers adjourned this evening at 8 o'clock. The officers have been elected.
 Pittsburg, 10.—The iron mills of Oliver Brock & Company resumed this morning at the old works.
 The ten per cent. reduction ordered by Dilworth, Foster & Co., of the manufacturers, has been withdrawn, and the same will continue to work at the old wages.

THE floral decorations on the Sacramental stand in the Tabernacle, designed and constructed by George Gibbs, for the funeral services of the murdered Elders W. S. Berry and John H. Gibbs appeared so pretty and unique, that the photographer, the artist, and to perpetuate the memory of the above Elders, I thought that the portraits of these martyrs would be considered in their place surroundings in this floral emblem. Consequently I applied to Mrs. W. S. Berry, of Kanab, from County, H. Gibbs, of Paradise, Cache County, for the portraits of their husbands, which they kindly responded to by sending. The portrait of W. S. Berry that I copied from was found in his pocket at the time of his death. That of J. H. Gibbs was photographed with Elder W. H. Jones, the missionary that escaped. These photographs are now on sale at my gallery, corner of Third South Street and Main, or they can be mailed to any address at the following prices, viz.: 8x10, 60 cents; cabinet or stereoscopic, 25 cents; album size, 15 cents; good in postage stamps.
