

## BOURSE GAZETTE GETS SARCASTIC.

Says Call of a Peace Conference to Accompaniment of Thunder of Cannon Has Been Shipwrecked.

## NO INTERVENTION IS WANTED.

Hoped That American Journal Will Give Up Discussion of the Subject.

St. Petersburg, Oct. 7.—While not withholding praise for the American effort of desiring to do things, the Bourse Gazette today expresses gratification that "President Roosevelt's idea of calling a peace conference to an accompaniment of thunder of cannon has apparently been shipwrecked."

"We hope," the Gazette says, "that this will induce the American journals to give up the discussion of unfeeling intervention in the Russo-Japanese war in any shape or form. It is a mistake to suppose that we are any longer in the same position as in 1877 when we had the open enemy of Austria and could not rely upon the friendship of Germany. The attitude of Austria, Germany, France and Italy is no longer cause for anxiety. No one knows when the war will end. There will come a time when Japan will be content with the might of the whole Japanese nation; then she will meet the fate of Genghis Khan."

The question of sending the Baltic sea fleet to the far east by way of Cape Horn is advocated by a strong party at the admiralty, on the ground that after passing the Strait of Magellan their progress could not be dogged, and reported by cable. The fleet could rendezvous at the South sea and other smaller Pacific islands. The main risk would be that in the vast stretch the vessels might be beaten off their track by the danger of a serious breakdown of the ships. The fleet is equipped with appliances for the making of extraordinary repairs.

The selection of this route would be tantamount to a decision not to reach Vladivostok in the spring, a long voyage requiring economical speed for at least four months.

## Injunction Against Auto.

New York, Oct. 7.—Judge Wilmet M. Smith of the supreme court, sitting in session, has granted an order to show cause why an injunction should not be issued against the Automobile Association of America and the board of supervisors of Nassau county, annulling the privilege to hold motor races.

upon the roads of Nassau county. A subpoena was served on President Whipple, of the association, commanding him to appear. Should an injunction be issued it will interfere with the planned 300 mile race tomorrow for a cup offered by W. J. Vanderbilt, Jr. The motion for the order was somewhat unexpected to the race promoters, who believed that after the hearing at the Nassau county courthouse, Minicola, last Tuesday they had effectually disposed of all opposition. The motion for the order was presented by counsel for Secy. Bennett of the People's Protective association of Nassau county. Judge Smith said he had granted the order and made it returnable today, so that both sides might be heard and the matter settled previous to the time set for hearing the contest. He said this so far as the board of supervisors was concerned in giving the road privileges for the race they had apparently acted upon the law enacted last winter for the provision of allowing motor cycle races upon the highways. The constitutional act of this act is questioned by Secy. Bennett.

## Britt-Gans Match.

San Francisco, Oct. 7.—All that remains at present to elude beyond the slightest doubt the match between Joe Gans and Jimmy Britt is for the two fighters or their managers to affix their signatures to the articles. Last night was the time agreed upon for the meeting, but Britt was ill and unable to attend. He sent word that next Saturday evening he would be present and would then continue the negotiations. The manager of Gans, stated that Britt's terms were agreeable to him, and that he was ready for signing.

## MASSACHUSETTS DEMOCRATS Leaders of Party Were Unanimous Regarding State Ticket.

Boston, Oct. 7.—The business of the Democratic state convention to be held here today was that of placing in nomination a complete state ticket and presidential electors, adopting a platform of principles and electing the members at large of the Democratic state committee.

The unanimity of the leaders with respect to the ticket to be nominated was one of the remarkable pre-convention situations. The names agreed upon were: William L. Douglas, of Brockton, for governor; John C. Crosby, of Pittsfield, for lieutenant-governor; Henry T. Schaefer, of Winchester, for secretary of state; Edmund D. Codman, of Boston, for treasurer; John P. Leahy, of Boston, for attorney-general; and Francis Tarrant, of South Bridge, for state auditor.

## BRITISH STEAMER SEIZED. Was Carrying a Cargo of Cattle And Flour to Port Arthur.

Shanghai, Oct. 7.—The British steamer Shihan, from Hongkong, has been seized by the Japanese off Newchwang. The Shihan carried a cargo of cattle and flour intended for Port Arthur. The Shihan is a steel screw steamer of 315 tons and is owned by Thomas W. Richardson of London.

## PRINCE HENRY OF PRUSSIA. Will Change Residence from Kiel Castle to Himmelmarm Chateau.

Berlin, Oct. 7.—Prince Henry of Prussia intends to give up his residence at the old castle at Kiel for his new chateau at Himmelmarm, an estate a few miles from Kiel. The historic castle at Kiel is filled with souvenirs of the prince's American and Chinese travels and wonderful antique furniture. The prince is fond of the June regattas and other occasional festivities. The castle stands on a strategic point overlooking the harbor and business houses and is lacking in the privacy in which the prince and princess desire to live and rear their children.

## EPISCOPAL CONVENTION. House of Bishops and House of Deputies Sat Together.

Boston, Oct. 7.—The triennial Episcopal convention today met at the board of missions, the house of bishops and house of deputies sitting together. There was much interest in the session because of the widespread criticism and support of the general mission fund. The report of the secretary showed that many dioceses had failed to make their share of the contribution. The total missionary receipts during the year from all sources, save legacies, were \$67,000, an increase over the preceding year of \$12,000. The apportionment for last year was \$60,000, and the receipts to apply upon it were \$115,000, or a shortage on expectations of \$27,000. The board, however, is not that sum in debt, but merely fell short of that amount in its requests of the church.

## STEAMER MINEOLA WRECKED. Was Bound from Petropavlovsk For San Francisco.

San Francisco, Oct. 7.—The merchants' exchange has received a cable dispatch from London stating that the steamer Mineola, Capt. Kirkwood, bound from Petropavlovsk, Siberia, for this port, struck a reef off the Till bar on Sept. 5, and became a total wreck. The officers and crew were rescued and taken to Hakodate, Japan, by the British warship Algerine.

The Mineola sailed from San Francisco on July 3 and from Tacoma on July 10, with a cargo of general merchandise for Petropavlovsk. At the time of her departure it was estimated that she was carrying supplies destined for the use of the Russian troops in the field. The vessel was on her return trip when she was wrecked. She was a steel screw steamer of 1895 tons, built in 1887 at Sunderland, England, and was owned by the Pacific Improvement company, for the use of the war.

## STOCKS WERE ALTERNATING. Opened Lower Than Yesterday's Close Then Some Made Slight Gains.

## OPERATIONS FOR LONG ACCOUNT. Readings Aggressive Strength Stimulated Prices, but Was Followed By a Reaction.

New York, Oct. 7.—The majority of stocks today were slightly lower at the opening, but notable strength in a few prominent issues proved a partly offsetting influence. Reading was run up 1 1/4 in the first few minutes and St. Paul opened up 3/4. Missouri Pacific, Southern Pacific and Amalgamated Copper also showed small gains. United States Steel preferred opened wide on the sale of 5,000 shares at 74 1/2 and 74 3/4, compared with 74 1/2 block of five hundred shares.

A reaction reached its maximum in St. Paul, which fell back 3/4. An advance to 74 1/2 by United States Steel preferred revived the market. Pennsylvania, Union Pacific, Missouri Pacific, Northwestern, Amalgamated Copper and Car preferred, rose 1/4. New York Central 1/4. Pressed Steel Car preferred 1/4 and the common, lead preferred and Chicago & Eastern Illinois preferred 2/4. General Electric lost 1/4.

Bonds were firm at noon. Prime mercantile paper, 60 days per cent. Sterling exchange firm, closed easier, with actual business in bankers' bills at 4.83 1/2 for demand and at 4.83 3/4 for 60 day bills; posted rates, 4.84 and 4.86; commercial bills, 4.83 1/2.
