

The Small-Pox Remedy.

How IT WORKS AROUND BOSTON.

CHELSEA, Mass., Jan. 23, 1873.
To the Editors of the Hartford Times:

In accordance with your request, and as a token of sincere gratitude, I improve the opportunity with pleasure to inform you of the invaluable merits of the small-pox remedy you sent me several weeks ago.

I am happy to announce its curative results, and the approbation it has met in this city.

It has been used with great success by one of our principal city officials in connection with the Board of Health. Twelve cases were entirely cured, out of fourteen. The other two were at the point of death when the medicine was administered.

If I am not mistaken, nearly, if not all, who were cured were in an advanced stage of the disease when your remedy was tried.

It is in constant use here, both among the afflicted and those having charge of them. In this latter connection it has proved a sure preventive.

The recipe has been very extensively published since I sent it to the paper here, and I very frequently have personal calls for it.

I shall send it to the Board of Health in Boston, direct (not trusting it to the possibility of their recognizing it in the newspapers), as soon as possible; as they are exerting all their powers, at present, to stay the awful progress which the disease has made in that city.

If you should deem a statement of the facts I have written worthy of an insertion in the Times, will you please send me a copy of the number containing the article?

Truly yours,

MISS NELLIE J. G. JACKSON,
121 Water St., Chelsea, Suffolk County, Mass.

Here is the remedy spoken of by our correspondent. Often printed in these columns, hundreds will now see it for the first time, so we even give it again:

"Sulphate of zinc, one grain; foxglove (digitalis) one grain; half a teaspoonful of sugar when it is thoroughly mixed, add four ounces of water. Take a teaspoonful every hour. Either disease will disappear in twelve hours. For a child, smaller doses, according to age."

The words "either disease" refer to the context in the original where it says the above recipe will not only cure small-pox but scarlet fever.—Hartford Times.

DIED.

In the 8th Ward of this city, on the evening of the 9th of April, of ulceration of the bladder, Elder WILLIAM SHIRES, aged 48 years, 5 months and 4 days.

The deceased had for quite a number of years filled various offices of responsibility and trust in the Ward in which he lived, and in all the walks of life his deportment was that of a faithful Latter-day Saint and good citizen.

His funeral services will be held in the 8th Ward meeting house, at 2 o'clock tomorrow. Friends are invited.

At Sittingbourne, Kent, October 31, 1872, CAROLINE, wife of Elder W. Breuchley, in her seventieth year. She was baptized Dec. 22, 1850, and lived and died a faithful Saint.—Mill. Star.

Of consumption, at Dunfermline, March 5, MARGARET, daughter of Thomas and Catherine Spowett, aged 18 years, 3 months and 9 days.—Mill. Star.

Of bronchitis, at Paisley, Feb. 25, SUSAN THOMSON, aged 35 years and 1 month.—Mill. Star.

Of lung fever, at his residence in this city, April 4, 1873, at half past eight o'clock, p. m., Jeffrey Dinsdale, aged 49 years, 1 month and 1 day.

Deceased was born at Gale, Yorkshire, England, March 3, 1824; and in Nov. 1842, while living with his uncle, James Burton, of Bradford, he heard and received the gospel, and in 1843 was ordained to the office of a Priest and soon after to the office of an Elder, and was appointed to preside over the Stanley Branch of the Bradford Conference, England; which position he filled faithfully until 1849, walking eight miles every Sabbath, rain or shine, excepting times of a General Conference, to attend the meetings of his branch.

In 1849 he emigrated to St. Louis to pioneer the way for his wife and two sons, and in nine months' time earned and forwarded means for his family to follow him.

In 1852 he emigrated to Utah, settled in Kayville, where he resided until the Spring of 1856, when he removed to Ogden, where he has lived up to the time of his death.—Com.—Ogden Junction.

At Wellsville, Cache County, of inflammation of the bowels, SARAH, daughter of Joshua and Martha Salisbury, aged 18 years, 10 months and 22 days.

QUARANTINE RAISED.—By order of the quarantine physician the quarantine on Mayor Wells' residence is now raised, there being not the least danger of contagion.
