

REVIEW OF PREVAILING ATHLETIC SPORTS

SPEEDY RACE WON BY BOOGER RED

Little Pony Runs in First from Fast Field and Smashes World's Half Mile Record.

Yesterday was a great day at the race track. More than 2,000 ladies took advantage of the invitation of the management to see the ponies run, and the bright particular feature was the victory scored by Booger Red, the ladies' favorite, in the Speed Handicap, in which the famous little horse smashed the world's record for half mile on a half-mile track, bringing the strike down to 148.15, beating Sam F. Strick Out and others. The race was a sensational one as a red hot pace was set by Sam, who repeated his performance of a day or two ago in running the quarter in 23. Coming into the stretch, the Brannon horse was six lengths to the lead but made a most wonderful burst of speed and crossed under the wire first.

This race was for the ladies and they thoroughly appreciated the event. Booger Red was their favorite and they cheered him to the echo when he rushed down the stretch and took first place from Sam F. The speed shown in the race is a strong indication of the squareness of the contests.

There were several surprises during the program and the books had a chance to make up some for the big losses they have sustained during the week. Wistaria was a big surprise, being played at 7 to 1 and winning with but little trouble. Silver Leaf threw Jockey Stewart yesterday and two of the boy's ribs were broken.

In the third race Surety looked like a certain winner, but made a poor showing. Koepke won the race easily with Coppers second and Prince of Orange third.

A summary of the events follows:

First race—Antara, 4 to 1, won; Dorothy Ann, 3 to 1, place, second; Arcout, 8 to 5, show, third.
Second race—Old Nick, 8 to 5, won; LaNita, 3 to 5, place, second; Harry Stanhope, 5 to 1, show, third.
Third race—Koepke, 4 to 1, won; Coppers, 8 to 5, place, second; Prince of Orange, 11 to 5, show, third.
Fourth race, Ladies' Speed Handicap—Booger Red, even, won; Sam F., 6 to 1, place, second; Strike Out, out, show, third.
Fifth race—Ontario, Oregon, 5 to 2, won; St. Joe, 3 to 3, place, second; Nappa, 2 to 1, show, third.
Sixth race—Wistaria, 7 to 1, won; Eschequer, 6 to 5, place, second; Patriotic, 2 to 1, show, third.

RACING CONTRACT HAS NOT BEEN VIOLATED

The suggestion which has been made at various times that the reason for calling off the races on June 25 is that the management has not lived up to its contract with the fair association was emphatically denied today, not only by W. H. Gleason and Manager Finn and other club officials, but by a member of the board which controls the state fair business. This member said to the "News":

"When Messrs. Gleason and Finn and their associates entered into the ar-

DARING AUTO TRIP TO GRAND CANYON

An automobile trip never before attempted was begun this morning when two machines started out for the dangerous trip to Grand Canyon of the Colorado, and the man who planned the journey says if they fail it will be because it is impossible for a machine to make the trip.

Edwin G. Woolley, Jr., of this city, is the man who planned the journey, and he will be accompanied by Mrs. Woolley and Miss Arabela Burt. The other machine will be driven by Chauffeur Dunlop. In this auto will be David Affleck and four children.

Mr. Woolley has made every arrangement possible to insure the success of the trip. The machines, a locomobile, and a Thomas Flyer, have been fully equipped, and the route thoroughly mapped out. Supplies have been shipped in advance and the trip is expected to last about three weeks.

NEW WAY FOUND TO PUNISH CHAUFFEURS

New York, June 19.—A novel manner of punishing chauffeurs who borrow their employers' automobiles for "joy rides," was discovered yesterday by Judson Todd, a really broken, who caused the arrest of his driver, William Foley, on the charge of stealing 10 cents worth of gasoline. Foley took Mr. Todd's automobile out last Thursday night, without permission and wrecked the car in an accident. Mr. Todd examined the tank of the machine which was intact and discovered that 10 cents' worth of gasoline had been used. In police court Foley was held in \$500 bail for a hearing.

LONG AUTO TRIP

Mrs. Ramsey Arrives at Chicago—On The Way to Frisco.

Chicago, June 19.—Mrs. J. R. Ramsey, driving a four-cylinder touring car arrived here from New York City and will continue her tour to San Francisco on Monday. She is accompanied by three friends.

"Our journey is entirely for pleasure and sightseeing," said Mrs. Ramsey. "We left New York City a week ago Wednesday and have been taking it easy. We expect to reach the coast about the first of August. We have been making about 100 miles a day."

WESTON NOT COMING

Aged Pedestrian Has No Time for Side Trips.

Ogden, June 18.—Edward Payson Weston, in his tramp across the continent, will not go to Salt Lake. He has decided to cut out the City of the Saints altogether, and adhere to his original intention of going to San Francisco by the Southern Pacific route. This was the news that was brought to Ogden this evening by Manager Shinkle. Weston will not get here until some time tomorrow. On

RECORDS SMASHED AT SAUCER TRACK

Professionals and Amateurs Show Great Speed in Pedal Pushing—Samuelson Gets New Mark.

"Every race meet is the best," said an enthusiastic bicycle fan coming from the Salt Palace last night. The fan and all the other fans had cause to congratulate themselves, the management and the riders for last night's card was just about the best ever. It was a night of record breaking and the pros did not have any of the best of the simon pures.

W. E. Samuelson, the unspaced champion added to his laurels by smashing the world's record for a mile and a half mile in a motor. The record made by Bobby Walthour two years ago of 1:19 2-5 for the mile was brought down by Sammy to 1:18 flat.

The fastest five miles ever ridden in open competition on the saucer was the John S. Bransford five mile lap race last night and it was won by Iver Lawson after a grueling contest with Walker for the honor. Mayor Bransford started the race and the big field of riders lit out for all they were worth because the winner of each lap got two simoleons.

With two laps to go Lawson started his great sprint and Walker accepted the challenge. Lawson had the pole and as he began to unwind that remarkable sprint Walker tried in vain to go around him. He had to be content with a close second with Samuelson a mighty close third. Lawson was given a rousing cheer as he dismounted his bike. The time was 9:51.

The half mile open amateur race was another great race last night and it was won in splendid style by Wright. A summary of the events follows:

Half-mile handicap, professional—Jimmie Burrie (75 yards), Schell (80 yards), Hopper (60 yards), Williams (65 yards). Time, 50 2-5 seconds.

Half-mile open amateur—Final: Wright, Diefenbacher, Mayer, Williams. Time, 53 2-5 seconds.

Two-mile lap handicap tandem, amateur—Wright and Brodbeck, Diefenbacher and Mayer, McCarthy and Ober. Time, 5:51 4-5. (Record.)

Mile record trial—W. E. Samuelson rode the mile in 1:18 and half in 39 seconds, breaking both records.

John S. Bransford five-mile lap, professional—Lawson, Walker, Samuelson, Pyle, Bardgett. Time, 9:51.

WALKERS OF THE PAST.

The 24 hours walking match which is to begin at the stadium tomorrow takes the memory back to the late '70's when similar long distance competitions flourished amazingly under the aegis of Sir John Astley and when E. P. Weston, H. H. Vaughan and Hubbard were the heroes of the hour. Though Weston, the pioneer, accomplished some fine performances, they were soon eclipsed by our own walkers, whose feats created a great sensation at the time. One of the best of them all was Billy Howes, a little one-eyed athlete, who walked 100 miles in the truly marvelous time of 18 hours, 8 minutes, 15 seconds, a record which still remains unapproached. Hubbard covered 50 miles in 7 hours 45 minutes 16 seconds, and without stopping lowered all existing records up to 70 miles, for which distance his time was 11 hours, 35 minutes, 35 seconds. Even more wonderful was the performance of George Littlewood, who at Sheffield tramped 53 miles in 18 hours, 45 minutes, 30 seconds, an average of not much less than four miles an hour, night and day, between Sunday and Sunday.

ATTELL AND NEIL.

Little Fellows Fight in San Francisco This Afternoon.

San Francisco, June 19.—At the Mission street arena this afternoon Monte Attell and Frankie Neil will meet in a 25-round fight for the bantamweight championship of the world and the famous belt which Harry McGovern won from Pedlar Palmer. Neil is still a slight favorite in the betting and he probably will continue so until the fight begins. Neil's recent good showing in his eastern fights caused him to be made the favorite for today's bout.

TEN INNINGS OF FAST BASEBALL

Thomas and Thomas Pitch Great Game But Helena Senators Win When Hammond Fumbles Ball.

HOW THEY STAND.

Won.Lost.P.C.

Helena 14 45

Salt Lake 13 49

Boise 8 29 26

For 10 innings the battle waged fiercely down at Walker's ball park yesterday afternoon between Salt Lake and Helena, and when Hammond ended the agony by miffing a fly, his second error during the day, Helena squeezed in the run that won the game.

It was real baseball the teams played and if there was a fan there who was not satisfied, that fan is certainly hard to please. Thomas and Thomas were the pitchers and each twirled in big league fashion and broke out even.

Elsey created a little stir by "chinning" at Umpire Bill Carney. He should have known better because Carney stands for no foolishness and he fined Elsey \$5. The player continued his gab and another fine was tacked on and Elsey was benched. Still he continued his talk and a policeman quietly, but firmly escorted him from the grounds. Irbly also had something to say and he also was fined. The detailed score of the game follows:

THREE DARING DRIVERS IN INDIANA RACE AND MAP OF THE CROWN POINT COURSE

Twelve cars are entered in the Cobe cup race to be run over the Crown Point-Lowell course today, and 12 of the most famous and daring drivers in the world will pilot them in the contest. The race starts at Crown Point, Ind., 44 miles from this city, at 8 o'clock a. m., and should finish the 296 miles by 2:45 p. m. The race will be for 17 laps around the course, which will be guarded by a regiment of militiamen. Pilots like Robertson, Lytle, Strang, Miller and Seymour, all noted in the realm of motor speed, estimate the victor's average speed in Saturday's race at 58 miles an hour. To establish this average the leader will have to travel faster than 45 miles an hour on the straightaways. In some respects the Indiana roads outclass the courses at Savannah, Briarcliff, Long Island, and Lowell. Strang, a contestant last summer in the Grand Prix, rates the Crown Point course even faster and easier to negotiate than the celebrated speed path at Dieppe, France. The Cobe race will be preceded on Friday by the Indiana trophy contest, which will bring out 19 cars. The cars and drivers in the Cobe race are:

Stoddard-Dayton B. Miller

Knock W. Bourque

Apperson J. Seymour

Strang L. Strang

Stoddard-Dayton C. Englebeck

Loechele F. Florida

Apperson A. Denison

Herbert Lytle

Loechele G. Robertson

Bulck L. Chevrolet

Apperson E. A. Hearne

Bulck R. Burman

SPLENDID PITCHING BUT POOR FIELDING

In yesterday's game, Buckels, a new pitcher secured by Boise, held Butte down to two singles and a scratch hit, but the Miners won just the same.

It was a case of splendid pitching and the rankest kind of fielding on Boise's part. The score:

BOISE.
