

sin—is a crime; and I hold that the law which binds a woman to such a man

#### IS IN ITSELF A CRIME.

It is the woman's duty to break such obligations. I honor the woman who sundered such a tie. [Applause.] But what a selfish thing is that woman who is clothed and fed; who owes all that she has to some man who calls her wife, and yet has not a thought to bestow on those outside, who sneer at divorce, and who would ostracize the divorced woman from society. But to such I would say: Had you a daughter linked to a man whose soul and body were black with licentiousness and drunkenness, would you want her to be dragged down with him for life? This is the proper standpoint from which a woman should judge of this matter. In the matter of.

#### MARRYING OUR DAUGHTERS

we pay a wonderful amount of attention to the clothes of the bride. She is furnished with a stock that would last her ten years, but how many mothers care for their souls or their bodies? Young people who intend to marry should spend two or three years in open-air exercise, in the study of physiology. If this were done we should have glorious results. Why, we don't pay as much attention to the raising of our children as we do to our horses, cows, and sheep. Oh, what a leap forward we might take into a higher life if we would but make one combined effort. It is possible for parents to determine what their children shall be, and make them so before they are born. Oh, mothers! let us turn over a new leaf and make a race of

#### GODS, AND POETS, AND STATESMEN.

Another idea. It is of more importance what kind of a child we raise than how many. It is better to produce one lion than twelve jackasses.

#### A WORD ABOUT BABIES.

I never met six women in my life who really knew anything about babies. When babies cry, don't for mercy's sake give them that fearful curse of childhood,

#### MRS. WINSLOW'S SOOTHING SYRUP.

Babies don't cry unless something is wrong, and if you bathe and feed it properly it won't cry. My first child was brought to me pinned up and crying. I immediately unpinned it; the nurse stood aghast, but the baby didn't tumble apart. You

DON'T PIN UP A KITTEN OR A PUPPY, why should you a baby? The clothes that you put on children are all wrong. They should be fed regularly and dressed loosely; once in two hours is often enough to feed any baby. Nursing them at night is all wrong. Often a child cries simply because it wants water, yet I have met mothers who didn't know that their children wanted water.

#### LOCAL AND OTHER MATTERS.

##### FROM FRIDAY'S DAILY

**VACCINATION.**—Dr. Murphy will be in possession of warm lymph, with which to vaccinate those who may wish to avail themselves of this preventative of small pox, on Sunday, Monday and Tuesday next.

**EMIGRATION NEWS.**—A company for Utah will leave Liverpool on Wednesday, August 9th, to be composed only of those having means of their own for their fare and expenses from their homes to Ogden or Salt Lake City, with those who may be advised from this office. Those who are thus prepared and wish to go on the 9th of August, can do so by forwarding their names and ages to this office at least one week before the day of sailing, and being in Liverpool on or before the 8th; they will not need any further notification.

So far as is at present known, the Aug. 9th company is the last for this season, except one more that will sail sometime from the middle to the last of October.—*Millennial Star*, July 11th.

**EMIGRATION.**—A portion of the company of emigrants, whose names we published on Monday last as having sailed on the steamship *Colorado*, from Liverpool, for New York on July 12th, arrived at the depot of the U. C. R. R. in this City at ten a.m., under the charge of Elder George Barton, one of the returning missionaries. The emigrants were generally in the enjoyment of good health. Elder Hamilton G. Park, who has been in charge of the company, and Elders Thomas Howells and Edmond F. Bird remained at Ogden to look after the baggage of the company. A large number of the emigrants did not come any farther than Ogden, it being more convenient to join their friends in settlements north of and around Ogden from that point

than from this City. Elder Geo. Lake, who had charge of the first company of this season's emigrants across the sea, but who remained in the States to visit his friends, came into Ogden with this company.

**SUCCESSFUL.**—The *Lady of the Lake* was yesterday taken to a point on the Jordan River, north of the bridge, where she will be launched probably either to-day or tomorrow. The little vessel was hauled from the depot by Mr. J. W. Young's road steamer. The removal commenced at 2 p. m., on Wednesday, half the distance having been gone over that afternoon, and the remainder by noon yesterday. The length of the time taken to take her to the launching place was occasioned by numerous stoppages, which had to be made in order to wedge and brace up &c., great care having to be taken to prevent the *Lady of the Lake* sustaining damage. The trip showed clearly the great capacity of the road steamer, indicating its peculiar adaptability for heavy freighting. Bro. W. J. Silver, engineer, is of opinion that it will, on an average road, haul, with comparative ease, ten wagons with a load of over two tons apiece. It would be of great value in the hauling of ore or building rock. It is well and strongly built, and of good finish.

**OBITUARY.**—A profound feeling of sorrow was produced among the people of this city on receipt of the intelligence this morning, that Brother Briant Stringam had died at half past five this a. m., at his residence near the Jordan River. The sensation was all the more intense on account of such an event being totally unlooked for, but few people even being aware that he was sick. The disease with which he was afflicted and which terminated his life was bilious remittent fever, with which he had been ill about nine days previous to his death, although he had complained of feeling somewhat indisposed before being taken with the fever.

Brother Stringam was as widely known in the Territory as a man could be. He was a man of unimpeachable life and character and sterling integrity, being respected and esteemed by all who had the pleasure of his acquaintance. He was in his 47th year, was the eldest son of George and Polly Stringam, and was raised in the Church from his early boyhood. He was one of the Pioneers to this Valley, having come here in President Brigham Young's company in 1847. His family followed him the next year.

The remains of deceased will be brought to town this evening and the funeral obsequies will take place at 10 a. m., tomorrow, at the Thirteenth Ward Assembly Rooms.

Brother Stringam leaves a numerous family to mourn his loss.

##### FROM SATURDAY'S DAILY.

**INFORMATION WANTED.** of Alma Clough who emigrated to Utah in 1868. Address Mrs. Ann Clough, 4 Bridge-street, Whitton, Blackburn, Lancashire, England.—*Mill. Star*.

**MEETINGS AT PROVO.**—There will be two days' meetings held at Provo city on Saturday and Sunday, August 19th and 20th, commencing at 10 a. m. on the first-named day. There will be present at these meetings President Joseph Young, the First Presidency, and probably several of the Twelve Apostles.

TOQUERVILLE, July 29, 1871.

**TO ALL WHOM IT MAY CONCERN.**—Benj. Bowman and his wife, Julia Bowman, were cut off from the Church of Jesus Christ of Latter-day Saints, in this branch, on the 23rd inst., for apostasy.

RICHARD FRYER,  
Clerk of Branch.

**COME TO GRIEF.**—A letter dated July 3, from Elder George Nebeker, of the Sandwich Islands, to Elder Joseph F. Smith of this city, makes mention of a man named Walter M. Gibson, who went from this Territory to the Sandwich Islands, some years ago, and acted the villain. The fellow has been up to his old tricks, and has got into trouble thereby. Elder Nebeker says: "W. M. Gibson has come to grief at last. It seems that the fool undertook to steal a schooner, and has got caught and has been put in irons."

**OBITUARY.**—We learn, by letter from Brother James H. Hart, that Brother David Taylor, of St. Charles, Rich County, died suddenly at his rancho, on the east side of Bear Lake, of heart disease, on the night of July 24th. He had attended to the business of the day and went to bed at the usual hour, apparent well, but awoke shortly after and complained of pain in the chest, and died before 12, midnight.

Brother Hart says the deceased was a good citizen, an honorable man and a faithful Latter-day Saint, and was highly respected by all who were acquainted with him.

**"BOGUS" BRIGHAM.**—Most of those who have been members of the Church for any length of time have heard some reference to the story of "Bogus" Brigham, a highly interesting incident in the early history of the Church, when Elder William Miller, now living south, by a ruse, personated, and was arrested by a bloodthirsty mob, for President Brigham Young. The remarks contained in the first column of our second page to-day, delivered by President

Young at Logan on the 23rd ult., and reported by his daughter Julia, give a brief history of this event, and we doubt not that it will be perused with great interest by the great majority of our readers.

**LETTER FROM ENGLAND.**—By courtesy of Pres. D. H. Wells, we have been permitted to peruse a letter to him from Brother George Reynolds, dated at Liverpool, July 13. We learn from it that the present summer in England has, so far, been very cold and wet, rains prevailing nearly four-fifths of the time. In consequence of this condition of the weather, the grain crops are unusually backward, and much of the hay has been badly damaged. Small fruits, however, are more than ordinarily abundant and cheap.

At date of writing, the health of the Elders in the mission, so far as known, was unexceptionally good.

The following missionaries had been released to return home with the company which will leave Liverpool for New York on the 9th of August: George O. Noble, W. Douglass, Alma Eldridge and Stephen Taylor.

**OBSEQUIES.**—A numerous company, consisting of the family, relatives and friends of Elder Briant Stringam, whose decease was recorded in yesterday's paper, assembled in the Thirteenth Ward Assembly Rooms this morning at ten o'clock, to pay the last tribute of respect to his remains. Among those present were the First Presidency,—Presidents B. Young, G. A. Smith and D. H. Wells; also Elders Orson Pratt, Erastus Snow and Geo. Q. Cannon of the quorum of the Twelve.

The service commenced by the choir singing "O, my Father, thou that dwellest," when prayer was offered by President Smith.

President Joseph Young and Elders Cannon and Snow were the speakers, and they briefly referred to the simple, unostentatious, unobtrusive, and virtuous life of the deceased and his sudden and totally unexpected death, and besought all present to improve the sad event by living so that they might be ready for Death's summons let it come whenever it might. They also referred to the promises of the gospel respecting mortal life and its object, death, and the gain effected thereby to the righteous, in ushering them from the pains, perplexities and trials of the present life to the glory and joy of an immortal existence. As far as possible, under the distressing circumstances, the words of the speakers were calculated to solace the hearts of the sorrowing family and relatives of the deceased.

The services were brought to a close by the singing of the hymn "Farewell all earthly honors," and prayer by President D. H. Wells.

The remains of the deceased were followed to the cemetery by twenty-six carriages containing leading citizens.

##### FROM MONDAY'S DAILY.

**DIED,** this morning, in the 9th Ward of this city, of teething and canker, Charles Abner, son of John and Ann Taylor, aged ten months and three days. Funeral will take place at the 9th Ward School House tomorrow at two o'clock p. m. Friends are invited to attend.

**THE OGDEN POISONING CASE.**—We learn from the *Junction*, of the 5th, the following particulars connected with the supposed poisoning case at Ogden: It appears that Mr. B. J. Harrison, the supposed victim, died a week ago last Saturday, after a brief illness, and was buried the following day. Shortly after his funeral a rumor spread that he had been poisoned, but as no formal complaint had been made, nothing was done until last Thursday, when it was decided that the body should be exhumed and the matter thoroughly investigated.

Mr. Harrison had been a member of the Odd Fellows Society, and the principal mover in inaugurating the inquiry was a gentleman, named Daniel Doyle, a brother Odd Fellow, who went to Mrs. Harrison and advised her that the remains of her late husband would be disinterred, but she was not favorable to the suggestion. Mr. Doyle then determined to summon aid from the Society, and on Thursday a formal complaint was made before Alderman Thomson, that there were good grounds for the suspicion and belief that the late Robert J. Harrison had met his death by poison, and that Minnie Harrison, Geo. W. Miner and George Thompson, were implicated, and a demand was made for warrants for their arrest. Andrew Huggen, Esq., a lawyer from Salt Lake City, conducted the case on behalf of the Odd Fellows represented by Mr. Doyle. The above named parties were accordingly arrested.

The corpse, when exhumed presented a horrible appearance, the head being swollen to twice its natural size and was quite black, while the tongue protruded, and the face was putrid. The stomach and a portion of the liver were extracted, by Dr. P. L. Anderson, of Ogden, placed in an earthen jar, hermetically sealed and sent to Salt Lake City, to be submitted to a strict analysis. Our readers are already acquainted with the verdict rendered by the coroner's jury, at the inquest lately held on this case.

One of the prisoners arrested as being implicated in the poisoning of Mr. Harrison, George Thompson, was, on Friday night, discharged from custody, no evidence being adduced against him.

**WANTED,** A SITUATION as School Teacher, can give numerous references from Settlements in the Territory. Desire a permanent location and will contract for a year or more.

Apply at this office or to M. G. Attwood, 12th Ward, Salt Lake city.

## 7-30 GOLD LOAN

OF THE

## NORTHERN PACIFIC RAILROAD.

### RAPID PROGRESS OF THE WORK.

The building of the Northern Pacific Railroad, (begun July last,) is being pushed forward with great energy from both extremities of the line. Several thousand men are employed in Minnesota and on the Pacific Coast. The grade is nearly completed 266 miles westward from Lake Superior; trains are running over 130 miles of finished road, and tracklaying is rapidly progressing toward the eastern border of Dakota. Including its purchase of the St. Paul and Pacific Road, the Northern Pacific Company now has 413 miles of completed road, and by September next this will be increased to at least 560.

**A GOOD INVESTMENT.** Jay Cooke & Co. are now selling, and unhesitatingly recommend, as a profitable and perfectly safe investment, the First Mortgage Land Grant Gold Bonds of the Northern Pacific Railroad Company. They have 30 years to run, bear Seven and Three-Tenths per cent. gold interest (more than 5 per cent. currency) and are secured by first and only mortgage on the ENTIRE ROAD AND ITS EQUIPMENTS, and also, as fast as the Road is completed, on

**23,000 ACRES OF LAND** to every mile of track, or 500 Acres for each \$1,000 Bond. They are exempt from U. S. Tax; Principal and Interest are payable in Gold. Denominations: Coupons, \$100 to \$1,000; Registered, \$100 to \$10,000.

**LANDS FOR BONDS.** Northern Pacific 7-30's are at all times receivable at TEN PER CENT. ABOVE PAR, in exchange for the Company's Lands, at their lowest cash price. This renders them practically INTEREST BEARING LAND WARRANTS.

**SINKING FUND.** The proceeds of all sales of Lands are required to be devoted to the re-purchase and cancellation of the First Mortgage Bonds of the Company. The Land Grant of the Road exceeds Fifty Million Acres. This immense Sinking Fund will undoubtedly cancel the principal of the Company's bonded debt before it falls due. With their ample security and high rate of interest, there is no investment, accessible to the people, which is more PROFITABLE OR SAFE.

**EXCHANGING U. S. FIVE-TWENTIES.** The success of the New Government 5 per cent. Loan will compel the early surrender of United States 6 per cents. Many holders of Five-Twenties are now exchanging them for Northern Pacific Seven-Thirties, thus realizing a handsome profit and greatly increasing their yearly income.

**OTHER SECURITIES.** All marketable Stocks and Bonds will be received at their highest current price in exchange for Northern Pacific Seven-Thirties. EXPRESS CHARGES on Money or Bonds received, and on Seven-Thirties sent in return, will be paid by the Financial Agents. Full information, maps, pamphlets, etc., can be obtained on application at any agency, or from the undersigned.
