AMERICAN.

WASHINGTON NOTES.

WASHINGTON, 29.—The French

and American claims commission

rendered a decision to-day in the

case of Egle Aubrey vs. the United

States. The claimant, a colored

woman was born in January, 1803,

in the Territory of Louisiana, then

a French colony. April 29th, 1804

the Territory was ceded to the United

States. The council for claimant

contends that at the time of the

cession claimant was a French sub-
ject, and as under the constitution

of the United States, a colored per-
son could not become a citizen of

the United States, she remained a

citizen of France, and as such was

entitled to use the United States be-
fore the cession. A claim was

filed for \$10,000 damages for loss of

property.

The Court to-day decided that

there was nothing in the treaty of

cession to indicate that it was the

intention either of France or the

United States that the inhabitants

of any of them were to remain citi-
zens of France if they should so de-

cide.

Instructions were mailed to-day

from the Indian office to United

States Agent Tufts, of Muskogee

Teritory. The President was di-

rected, in conformity with the de-
cision of the Attorney General, to give

notice to parties interested, that a re-
asonable time, say 30 days from July

1st, will be allowed within which

they can make arrangements to

comply with the Choctaw and

Chickasaw permit laws or leave the

country. Such as refuse or neglect

within this period to take out the

necessary permits and who do not

come within the excepted classes

mentioned in the Attorney Gen-
eral's opinion, he is directed to re-

move from the limits of the Indian

country, using for this purpose such

police force as he has at his disposal,

and call in the aid of the police

should the force prove insufficient.

The Commissioner of the General

Land Office is directed to make a

decision to-day in which he main-
tains the act of February 2nd, 1875,

as to fees of marshals and clerks

computing mileage on writs served

by deputies and mileage for travel

not necessarily performed. The

opinion further maintains that, by

the Revised Statutes, marshals

are to be paid for services rendered

as witnesses who are required to

attend any term of court or dis-

trict court, should require them to

testify generally on behalf of

the United States, and under such

subpoena they are required to testify

before the grand and petit jury.

The decision authorizes the proper

officers of the courts to issue writs

of habeas corpus, and to require the

marshals and clerks of courts of

United States, notwithstanding

their approval by proper court. The

Attorney General's opinion further

states that the revision of the

judicial code is unconstitutional.

The amount of five per cent. cou-
pon bonds received for contributions

at 31 per cent. aggregates \$39,000.

Ex-Secretary Ramsey, to whom

was assigned the work of examining

into the charges preferred against

Superintendent Dodge, of the San

Francisco mint, has received his in-
structions.

One thousand two hundred and

sixty shade trees were blown down

by last night's storm. Scores
