

THREE D. & R.C. APPOINTMENTS

Pres. Jeffery Creates New Offices, Subordinate to General Auditor, GENERAL STOREKEEPER.

F. S. McNamara Resigns to Go to Colorado & Southern—Will be Succeeded by A. F. Jordan.

Denver, Colo., March 7.—With a view of concentrating the work and the responsibility of the accounting department of the Rio Grande system President Jeffery has just created three new offices subordinate to General Auditor Murphy.

Chief clerk in the department where he is now made the head. The new offices carry with them a considerable increase in salary.

On March 15 F. S. McNamara, general storekeeper of the Rio Grande, with headquarters in this city, will become general purchasing agent of the Colorado & Southern. Mr. McNamara will be succeeded by A. F. Jordan, former general storekeeper of the Missouri Pacific road in Kansas City.

ELKINS BILL. Western Passenger Representatives Now Wrestling With It

Chicago, March 5.—The mass meeting of western passenger representatives convened for the purpose of considering what reforms are necessary under the provisions of the Elkins law assumed today without a definite conclusion being reached in anything.

Every proposition that was advanced met with opposition from some source, but a majority report was obtained upon a number of propositions. This does not, however, mean their adoption by the various associations.

The propositions favored in the majority report include the following: All party tariffs to be restricted to theatrical companies engaged to give public entertainments.

All excursion tariffs to be filed with the interstate commerce commission.

Railroad laborers' rates should only be made for and upon request of proper officers of regularly organized railroads and only by contract when the business is of a competitive nature.

Labor rates are permissible when timely established and requirement as to filing tariffs is observed.

Extensions of the time on tickets beyond the date named in the published tariff should not be permitted.

Reduced rates should not be given to hotel resort employees except under legal conditions.

Locally the agents are waiting for developments at the interstate headquarters on the matter. A copy of the bill has been mailed to each agent together with other literature.

It is to be said that the bill is the topic of conversation on Railroad row. Reference to the bill calls for legislation against any discrimination in rates in favor of any shipper, and the shipper who receives a cut rate or the railroad that offers one are now both liable to a fine not less than \$1,000 nor more than \$2,000.

The new law covers every phase of favoritism. The free storage of goods, an allowance on drayage or cartage, in fact any form of concession comes under the act, so that nothing of the kind of free railway transportation. The same holds good in the passenger business. In fact the law is intended to secure equal treatment for the poor

SITUATION ON RIO GRANDE. Conductors and Brakemen Are Now Waiting Their Turn.

Denver, Colo., March 7.—The engineers and firemen of the Rio Grande system are waiting for a reply from the Rio Grande officials to their request for a 20 per cent increase in wages. This request was made over a week ago and it is the understanding that Supt. Coughlin will not be ready with his reply for several days yet.

In the meantime the conductors and brakemen are waiting their turn. Their grievance committee has returned to the city and is now ready to conduct final negotiations with Manager Edson and General Supt. Coughlin. They will call on the Rio Grande officials as soon as the engineers and firemen get through.

They expect for each an early agreement though it is said they will not be inclined to accept the basis of settlement made at St. Louis and Topeka as they consider work on the mountain roads more difficult than on the plains system and therefore they think they should have the full 20 per cent increase.

Emphatic denial is made at Rio Grande headquarters to the report that the weather holds good, for shoring to be made to the engineers and firemen to settle on the 12 and 15 per cent basis. The engineers and firemen also deny the report.

MARINES GO EAST. Over 400 Pass Through Salt Lake Over the Rio Grande This Morning.

Two trainloads of U. S. marines, en route from San Francisco to Washington, passed through Salt Lake early this morning. In all there were 404 men and 15 officers in the cars, which were conducted through to Denver by Traveling Passenger Agent H. M. Cushman.

READY FOR SHEARING. Oregon Short Line Corralis Open for Business Next Month.

Traveling Agent L. L. Downing of the Harriman line reports that everything is now in shape, providing the weather holds good, for shearing to commence during the first week in April. In the Sheabone and Boise districts, he says, the early shearing will commence on April 7, while the corralis in the Millard district have made arrangements to begin operations April 6. Every indication points to a heavy clip this season with good prices prevailing.

Tunnel Under North River. New York, March 7.—W. G. McAdoo, president of the New York and New Jersey Railroad company, which is completing the old tunnel under the North river, is quoted as saying:

"About 300 feet of iron tunnel, 18 feet in diameter, have been built since the work was resumed last fall, and more rapid progress will be made from this on."

The company is building two tubes under the river, one to be known as the north tunnel, the other as the south. I think the north tunnel will be finished under the river by the early part of next fall, but as the approaches on the New York and New Jersey sides will not be finished before the spring of 1941, it will not be possible to put the tunnel into operation and carry passengers until the latter date. When the tunnel is opened for business it will be thoroughly lighted with electricity, and perfectly ventilated. A single track will be laid in each tunnel, so that the car will move in a single direction in each tube."

"77" FOR GRIP

Grip is epidemic—the hospitals crowded—the suffering intense—the death toll appalling—yet ninety cases in every hundred could be prevented or cured, with little cost and no inconvenience, by the use of Dr. Humphreys' "Seventy-seven." It not only breaks up the Grip, but its toxicity sustains the system, and you can keep about your business. It can be carried in the pocket and taken from the hand without trouble.

The indications of a severe attack of Grip or influenza are: headache, chilliness, general muscular pains, fever, sore throat, cough and systematic lassitude. At the first chill or shiver, take "Seventy-seven." It will restore the checked circulation, start the blood coursing through the veins, and break up the Grip or a Cold. At Drugists, 25c, or mailed.

Humphreys' Med. Co., Cor. William & John streets, New York.

derwent an operation for falling eyesight. The fact that he is able to write now will be a source of pleasure to his many friends, as it indicates that though in advanced years he has received the desired benefit from the operation. Elder Naisbitt says:

A century ago yesterday (March 6) John Lyons was born in Glasgow, Scotland, afterward to be known as the "Mormon" missionary, the Pioneer (1853) of the family to the west; as one of the leaders of the new dispensation, and as the Patriarch of a now numerous posterity. These now number over 100, a goodly section of whom gathered at the home of Mrs. Lillian Staines, in the Twentieth ward of this city, children, grandchildren and great grandchildren, to laud the memory of their predecessor and fan the flames of unity and love and loyalty in a family now scattering by marriage into the regions round about.

Forty-five veritable "Lyons" were present at the dinner, including Staines and other names were in the company, but it is thought that at some future gathering now in contemplation the original names and stock will regain the ascendancy.

Father Lyons' portrait, life size, was at the head of the spacious dining room and the windows were banked with white curtains. The table, when all were seated, explained, explanatory and congratulatory words were offered by Elder H. W. Naisbitt, an old friend of the family, supplemented by remarks from David H. Lovell, the youngest son of the second family, after which he presented to each young person a very nice photo of his sire, and with genuine panache party separated to their homes.

The invitation cards were novel and artistic, the napkins were all imprinted with the names of the guests, and the departed which many carried away as a souvenir and as a fitting and crowning act to so interesting a time.

The last of the family, which was presented and blessed by Elder Naisbitt, "Aunt Lilly" and her aids outdid themselves in making this 75th anniversary something to be long remembered.

A Guaranteed Cure for Piles. Dr. J. B. Reed and Prof. J. H. Lee, of the University of California, have discovered a new and effective cure for piles, hemorrhoids, and other ailments of the rectum.

LOCKRIDGE WAS WAITING. Man Divorced Yesterday Marries Divorced Woman Today.

Divorced one day and married the next, is the record established by F. W. Lockridge, a railroad employee of this city. Yesterday morning Judge Hall granted Virginia Lockridge, who resides in Sherman, Texas, a divorce from F. W. Lockridge on the ground of desertion. This morning Mr. Lockridge, accompanied by Mrs. Cora L. Turner, who was recently divorced from her husband, applied for a divorce by clerk's office for a marriage license.

The coveted document was obtained and the couple was invited into the clerk's private office where Deputy Clerk David Smith performed the ceremony which united them in the bonds of matrimony. Both parties have resided at Hotel Heaton for some time and are very well known in this city.

DEPARTMENT STORE LOSSES They Cut Quite a Figure in January Insurance Business.

Under the heading of "Department Stores," "Short Rates," a monthly fire insurance journal published in San Francisco, says in its last issue:

The department store cuts quite a figure in the losses of this country for the month of January. According to the Commercial Bulletin, eight of these stores burned, aggregating a loss of \$1,250,000. This does not include a great many of the smaller stores which might be classed as "dry goods."

The largest of the number was the Sacramento fire of Weinstein, Lubin & Co., entailing a loss of nearly half a million. We do not know the cause of these fires, but we are sure that the cause of these fires was the rendering of electricity in the packing room, and yet every inspector will testify that the electric tap has been that when these defects have been pointed out to the management of these stores, they have ridiculed them and paid no attention to the complaint. The rates on this class of risks are too low, and we think that the number of fires in department stores will have a tendency both to increase and reduce the amount which companies carry.

DEATH OF MRS. SMITH. Resident of Eureka Dies From the Effects of a Tumor.

(Special to the "News.") Eureka, Utah, March 7.—Mrs. Annie Bryant Wines Smith, wife of John L. Smith, died at her residence here last night from a tumor. The deceased leaves seven children, the youngest only three days old, to mourn her loss. Mrs. Smith was 55 years of age and was a native of Utah. The remains will be shipped to that city and funeral services will be held there Monday.

TEMPLE NOTICES. The St. George Temple will close Friday evening, March 7, 1933, and will re-open Tuesday morning, April 28, 1933. DAVID H. CANNON, President.

INGRATITUDE EXEMPLIFIED

Summit County Man Takes Sick Stranger In. BENEFACITOR ALSO TAKEN IN

The Patient Assists Another Man In Robbing the "Good Samaritan" of \$55.

[Special to the "News."] Ogden, March 7.—If the story of treachery and robbery as related by George Dickey, an old gentleman whose home is in Summit county, is true, there can be no doubt that man's ingratitude indeed more "keen than the winter winds." This morning at the instance and complaint of the old gentleman Officers Chambers and Pincock arrested two men who give their names respectively as William Watson and Robert Lister. The old man's story is as follows:

A short time ago Lister came to his home in Summit county, sick and without money or friends. Out of the kindness of his heart the old man took the unfortunate fellow in, gave him a warm bed, medicine and all other comforts at his command. His patient was not long in informing his benefactor that he had a good home in England and was well to do. He also gave the old man a very urgent invitation to go to that country and live with him. The Summit county man thought that the proposition looked good and accepted the same, and immediately made preparations to move to a home of leisure and luxury in the old country. With this end in view he, with his new found friend, came to Salt Lake City a few days ago. While there they made the acquaintance of Watson, who accompanied them to Ogden last evening. About 3:30 this morning the trio started east along the railroad track, and reached the station in the south of the Union depot Lister and Watson made a vigorous assault on the old man and robbed him of \$55, all the money he had on his person, and left him penniless and half dead. As soon as he could, the old man made his way to the police station and informed the police of what had happened. The arrests followed. At first the man stoutly maintained his innocence, but later Watson weakened and confessed to the robbery, and turned the \$55 which had been taken from the old man over to the police. As evidence of the rough handling he had received the victim of the robbery exhibited a throat black and blue, and a number of cuts and bruises on his head. In future he says he will be careful as to what stranger he takes in.

THE FEAST OF THE NYLICS. Grand Banquet at Ladies' Literary Club on Tuesday Night.

It is not generally known that inside the ranks of the New York Life Insurance company exists an exclusive fraternity, composed of men who are enthusiastic for the company, and who have written an amount of "business" for the company which entitles them to the special honor of membership.

The name of the club is formed of the initials of the company, and its members are as loyal as any body of students of a college, university or any other assemblage of patriotic comrades.

The club is enthusiastic for the company, and has a special verse called the "Nyllic yell," which is given patriotically and justly upon any occasion calling for its use.

THE NYLIC YELL. When you write 'em make 'em stick! Do we write 'em—well I guess; Nyllic, Nyllic, yes, yes, yes.

For the past two years the members of the intermountain branch, whose head is Mr. C. M. Wood of this city, have divided themselves into separate factions under the leadership of Captain J. H. Spencer, and J. H. Cook, and have taken part in a friendly rivalry to excel each other in the number of policies written in a given time.

The club is enthusiastic for the company, and has a special verse called the "Nyllic yell," which is given patriotically and justly upon any occasion calling for its use.

ROOSEVELT'S BODY GUARD. Joe Leforse, the Famous Stock Detective, May be Placed in Charge.

(Special to the "News.") Cheyenne, Wyo., March 7.—Joe Leforse, deputy United States marshal for Wyoming, and the man who trapped Tom Horn, the notorious stock detective and Indian fighter, who was last fall convicted of murdering a ranchman's boy, may be placed in charge of the cowboy body guard of President Roosevelt during his hunting trip through Wyoming the latter part of this month. Leforse is a superb horse and a crack shot, with both rifle and pistol, and knows every foot of the hunting grounds. Aside from this he knows every outlaw and other criminal in the section, and they will give the president's party a wide berth if Leforse is in charge.

CHURCH NOTICES. Stake Conference.

The quarterly conference of the Salt Lake Stake of Zion will convene Sunday, March 8, 1933, at 10 o'clock a. m. in the Assembly Hall, and at 2 and 4 p. m. in the Tabernacle. The Stake and ward officers are especially requested to attend the morning session. Theological classes of the Sunday schools are expected to be fully represented at the morning-session. It is desired that the announcement in their ward meetings.

ANGUS M. CANNON, JOSEPH E. TAYLOR, CHARLES W. PENROSE, Stake Presidency.

Notice to Sunday Schools. Superintendents of Sunday schools of Salt Lake City are kindly reminded that the theological departments of their respective schools are invited and expected to attend the morning session of the stake conference, in the Assembly hall, on Sunday next, March 8, at 10 a. m. Please take seats in the gallery.

JOSEPH BURROWS, W. C. BURTON, CHARLES B. FELT, Stake Superintendency.

The Fourth quorum of Elders will meet in the Sixth ward assembly rooms on Monday night next at 7:30, when a new quorum will be organized. The stake presidency will attend the meeting.

The Fourth quorum of Seventy met in the Fourth ward on Monday evening next at 7:30 o'clock.

Ward conferences of the Third and Fifth wards will be held Sunday, the 15th inst. They will be attended respectively by Elders Charles W. Penrose and Joseph E. Taylor of the Stake Presidency.

GRANITE STAKE. Big Cottonwood, \$100; Mill Creek, \$200; Farmers, \$100; South Cottonwood, \$100; Forest Dale, \$100; Sugar House, \$100; Grant, \$100; Wilford, \$100; Hunter, \$100.

HEWLETT BROS. CO., SALT LAKE CITY, UTAH. UNION PACIFIC FEARS A HOLDUP

Therefore Prepared to Resist Any Attempt That May be Made.

POSSE MADE UP OF RANGERS They Are Armed to the Teeth and Will Make It Interesting for Robbers If Caught.

(Special to the "News.") Cheyenne, Wyo., March 7.—Preparations are being made by the Union Pacific railroad to resist a train holdup. Word was received at headquarters recently that a number of outlaws had been seen in the Red district county between Rawlins and Rock Springs, the scene of numerous train robberies in the past. A secret service man was sent out to investigate with the result that seven fast saddle horses, Winchester saddles, ammunition and numerous articles of equipment were purchased by a posse and are now ready to be sent to Rawlins or some other convenient point where the posse will rendezvous and patrol the line of road.
