THE PRESIDENT AND PARTY loft St. morge for the Muddy, at 7, 30 a. mi. to-

DABBAUE MERTINGS.-The time in the norming was occupied by Elder G. G. Bywater, in discoursing upon the riches and dessings of the gospel, and showing the momentary of seeking for the spirit of God, to

guide us in our investigations of truth. The afternoon meeting was addressed by makep Leonard W, Hardy and Elder J. sums to the Eastern States, from which they ave recently returned.

MARRIED. - In this city, to-day, by Presileat D. H. Wells, Mr. I. J. H. Tompson and Mrs. Emma Sharkey, both of the 12th Ward.

PEARL BARLEY .- We have been shown a very flue specimen of pearl barley, manutactured by bro. David Adamson, of Pleasant Grove, said to be the first ever produced in the Territory. Though somewhat small, it is clearer and brighter than the imported article. Bro. Adamson has made arrangements to supply the parent co-operative store, and believes it can be sold at a price much lower than is paid for the imported acticle. Pearl barley is a very excellent and nutritious article of food and will doubtless meet with a ready sale; we hope so, that Bro. Adamson's enterprise may be rewarded.

A WORD OF CAUTION .- The following note received this morning needs no commont:

Sacramento, Cal., March 10, 1870. Edutor Deseret News -- Dear Sir. I should like to warn the subcontractors who workof on the Central Pacific Rrilroad, for Benson, Farr and West, not to sell their claims to any speculator, for I am sure that the Company will do better for them than any speculator.

Yours Truly,

JOHN SHARP.

Lost .- The Ogden Junction of Saturday says: "Mr. Henry Engelbrecht has been missing since Saturday last, about five o'clock p.m. He had made arrangements to carry on busin ess in one of the stores built by Cooper Bros., and had taken his goods there, intending to commence on Monday, 7th inst. He was seen in Main St. on Saturday afternoon, and since then all trace of him has been lost. Any information concerning him will be gladly received by his brother in S. L. City.'

The same paper says: "On Thursday, at one o'clock, a great number of the ladies of this city met in the Tabernacle to express their feelings concerning that lovely morceau of legislation,-the Cullom bill. Arrangements were made for a mass meeting, to be held on Thursday next, at the l'abernacle: when it is hoped that th will be crammed full of our Ogden ladies ready to manifest in public the indignation they express in private, concerning the monstrous effort now being made to deprive the people of this Territory of their religious and political rights." The ladies of Ogden seem to have taken considerable time to consider the subject; they are about the last in the Territory to give expression to their feelings in relation to having the right to chose their own husbands and marrying their grandfather. The old saying is "better late than never." and they seem to wish to endorse it.

may be expected. But no matter how fine the weather is in these regions, there is no certainty of being rid of frost and snow un-til very near midsummer. **GOVERNMENT** SALE

THOSE MAILS .-- C. W. Carter, Esq., photographer of this city, says, in a note received to-day:

"I have to bring to your notice a little case that is likely to prove very injurious to my business; viz: A man of the name of Wilson, from Echo City, sat for some photographs, which were sent on the following day. About two weeks ago he sent me word that he had not received them. I sent him a second lot, and he again sends

me word that he has not received them either."

In reference to the above we wish to say that we submitted Mr. Carter's note to Mr. Moore, the postmaster of this city, and he

assures us that if the package of photographs mentioned above were ever posted here, they were duly forwarded to their Puls, who narrated the result of their mis- destination; and the only way that he can account for such a mistake is that they have been handed to some other person at Eche of the same name as he to whom they were addressed.

SPRINGTON .- Elder George Brough, writing from Springtown, Sanpete county, on the 11th inst, says:

"This morning the ground is covere with snow about two inches deep, which will stop ploughing. A few have made a to commence as soon as the ground is dry enough. Grasshopper eggs are plentiful and there is but little doubt we shall have grasshoppers, but to what extent time alone will determine. The people here anticipate putting in a large amount of seed this season. The health of the settlement is much better now, than a month ago, and general good feelings prevail."

FATAL ACCIDENT.-It is with feelings of deep regret that we chronicle the sudder death of John Golightly, son of Brother Golightly, baker, of the Eighth Ward. I seems that deceased was very fond of firearms and took considerable pride in keep ing his platol in good condition; being also somewhat of an adept at cleaning them. On Saturday evening last, at about five o'clock, he was preparing himself to attend a quorum meeting of the Elders of the Eighth Ward, and having gone into his own room, in his father's house, where he usually kept his pistol, it is supposed he had taken it down for the purpose of car rying it with him, and was examining i before putting it on his person, when it ac-cidentally went off, the bullet striking him a little over the left eye and passing around the brain, without going out of the head There was no one in the room at the time of the lamontable accident, save the de ceased and his child. His wife, hearing the report of the pistol, at once proceeded to the room, where she found the unfortu-nate young man bleeding and insensible; he continued insensible until his death, which took place some two hours afterwards. His wife was so overwheimed that when she returned down stairs she fainted. The funeral took place this morning, from the Eighth Ward school house, where a large and sympathetic audience assem-bled to pay the last tribute of respect to the deceased. The Ward choir sang some very appropriate hymns; and Elders John Taylor and George Q. Cannon spoke in a man-ner well suited to the occasion, showing that, though we are called upon to pass through these painful ordeals, there is hidden up for the righteous, in the realms of bliss, a never fading inheritance of glory. Consoling and cheering words were also addressed to the parents, relatives and friends of the deceased.

The coffin was opened, and all present had an opportunity of casting a last look on the features of the deceased, who was well respected by the members of the ward and all who knew him, being of a cheerful and willing disposition.

combinations or other complicated attachments, it has no uncertain wire colls or wire levers. Its manufacture is conducted by a thoroughly **RESPONSIBLE** COMPANY, and in purchasing a machine you need have no fear of ever being unable to purchase needles and other findings. The Florence is the ONLY COMPANY that keeps its machines in repair free of charge, no matter when sold or where. It is our ambition to have every Florence Ma-chine give entire satisfaction. The Florence lays no claim to cheapness, we aim at perfect finish, every machine goes through the company's adjusting room, and must then pass the inspector's office, before going out to Agents; the least inscouracy will condemn it. ments, it has no uncertain wire coils or wire

They are probably the highest priced Machine in the American market, and being built of **HARDENED STEEL** by SKILLED **WORKMEN** aided by all the appliances that capital can bring to bear, it is offered at a price commesurate with thevalue of the article, and can be broughtinto about as honest comparison with its numerous CAST IEGN competitors as a watch from Jergenson or Jacat, may be compared with the Nickel or Oroide offerings of a Chatham Street Mock Auctioneer. It is a growing knowledge of these facts that has gained favor so steadily for the Florence Machines, and made them the Universal favor-ites, wherever predjudice is laid aside and honest comparison made. That very excellent authority the American Institute, New York, swarded the FIRST PRE-MIUM to the FLOIDENCE over Thirteem Competitors, and the ineir report the commit-

Competitors, and to ineir report the commit-tee very tersely remarked, "This is better than any of its class known to the Judges."

It may be proper to remark here that the Florence Machine of the present manufacture is vastly improved, and the first of these Im-proved Machines ever offered in Utah are those sold at the Bränch Office at Sait Lake.
