THE EVENING NEWS.

Thursday, . . . May 5, 1870.

LOCAL AND OTHER MATTERS.

NOTICE TO PRESIDENTS OF SEVENTIES.—President Joseph Young, Sen., wishes all Presidents of Seventies' Quorums who desire to obtain licenses, to apply for the same during the coming General Conference; and at the same time they may obtain any word of counsel they may desire in respect to them. Presidents not attending Conference can have licenses transmitted by post, if they desire to do so, by making written application for the same.

DO NOT CHEW TOBACCO IN MEETING—It would be well for all who indulge in this, to most people, very offensive habit, who calculate to attend Conference, to note well the remarks of President Young on this subject, delivered this morning. They will be found in the minutes of the Conference published in to-day's NEWS. It is rather strange that the sense of propriety can be so low in any man as to lead him to chew tobacco and spit out his filth in a place of worship, under any circumstances, but especially during the progress of a religious service. It will be seen that the door-keepers are strictly enjoined to suppress the practice, or to show to the door all parties guilty of such a gross breach of etiquette and decency; and all who wish to attend Conference and who feel that they cannot refrain from indulging for the space of an hour or two, had far better stay away than incur the risk of being requested to leave.

MUSIC.—Beesely's Martial Band was out this morning, giving the people the benefit of their abilities. We are at a loss to tell what has become of the other musical associations.

GRASSHOPPERS.—Bro. Thomas Cooper, 20th Ward, reports the decease of immense numbers of these voracious little pests in consequence of the late rains. They appear to have been washed into the crevices and "pockets" which abound on the bench land east of the city and have there met a watery grave. May they rest in peace! Would it not be well to prepare receptacles in places where there is a fall of water, as traps to catch these creatures before they can fly? The suggestion is worth attention.

COMING, COMING.—A Conference train of thirteen cars with over one thousand Saints and sinners, from Brigham City and other parts of Box Elder, Weber and Davis counties, came in this morning at 10 a. m. by the assistance of two locomotives. That's the way to do business, thoroughly "Mormon," and no mistake. We knew by the indignation meetings, remonstrances, resolutions and liberal offers to foreign ministers desirous for our conversion, previously sent us from the northern region—that a huge demonstration worthy of the above would be the result of their labors.

OUR LOCAL'S EXPERIENCE.—Reader, did you ever try your hand at being a local editor during Conference time? If you never did, feel very thankful, or if you have, call around at our private office and give us as much condolence as you can spare without robbing your own family. Starting out this morning, wondering how the local column was going to be filled, we unexpectedly heard our name echoing across the street, went over and was told that Brother James, Sister Jones, all the Smiths and four of the Davis's were in from Provo, which was hastily penciled. A little further down we met some of the Evans's, Llwellimarth's and Morgan's family, at present from Brigham City, but formerly from Wales. Turning the corner we stood face to face with Hansen, Petersen, Hoglesen, and Tam Christophersen Miclesen of Sanpete, who report having passed a few of the German and Swiss Saints at the Point of the Mountain with the coupling pole of their wagon broke. A French brother from the 20th Ward told us, in broken English, the particulars about his chicken coop being robbed; was asked where Mr. Lynch's office was, soon after which two Lamanites, from the mountains, ejaculated "*mike sickaboo*," the Japanese would have said something had they been here; the co-operative store presented us our account; saw the Editor of the *Keepapitchinin* and a young lady on the same sidewalk—*ominous*; heard at least twenty-five persons say that Haws was a "tough cuss-tomer;" was asked "how-de-do" and "what's the news" I can't tell how many times; but remember distinctly saying once that the NEWS was ten dollars a year, invariably in advance; don't remember of one person we were owing but what we met, missing those who were owing us; finally run across the Superintendent of the U. C. and learned that nine hundred cars had just come in bringing two locomotives and twelve passengers for Conference. If the reader will use wisdom, pick here and there, and be honest, he can glean many items from the above that may do him good "in future time to come."

EDITORIAL SHOOTING.—Samuel McBride, of the Colorado *Chieftain*, has been having a little "coffee and pistol" entertainment with one Carl Wulsten at Pueblo, Colorado, resulting in Wulsten being shot in the arm by McBride. The citizens of prominence in the town come to the aid of the editor by publishing a card, in which McBride's action throughout is justified on the ground of self defense.

CACHE VALLEY.—We notice a very large delegation of the citizens of Cache County down for Conference. Though severely nibbled last year by the locusts, they by no means look as though "starch" had been their only diet. The railroad has made for them quite a revolution in the old fashioned way of coming to town with "buck and bawley."

POOR GIRL.—The Gold Hill *News* says:

"A girl in Utah, who is constantly teased to become a Mormon, and refuses, writes home that 'they say that if we go back to the States we'll all go to hell, but I don't think we shall get in a much worse place than it is here if we do.'"

No doubt the young lady has fallen in with the anti-Mormon, Cullom Bill clique in this Territory, and if so, well may she conclude there is few worse places. Hell would certainly be preferable, especially for young ladies.

HIGHWAY ROBBERY AND MURDER IN MONTANA.—George Leonard, an old man keeping a ranch on the Missouri River near Beaver Creek, Ma., was met by two men, on the evening of the 27th ult., who robbed him of $285 and shot him, and battered his head almost to a jelly with a pistol and left him for dead. No hopes were entertained of his recovery. Two men were arrested on suspicion of committing the deed.

The above particulars are from the Helena *Daily Gazette* of the 29th ult.

SHOULD SAY SO.—Mr. P. O. Cormell, a candidate for some office, explains thusly in the Colorado *Tribune*:

"Whereas, certain persons have been abusing me for my action in the late election, this is to inform them that P. O. is capable of standing on his own bottom."

That's right. Probably there was some whisky used up in that election and if the candidates could not stand on their own feet it was their prerogative to stand on the next best thing.

DIED.—We learn with regret that Bro. Festus Sprague, of Grantsville, who was severely wounded by Haws at the time he was taken, died on Tuesday eve, at his residence. It was hoped, at first, his wounds were not fatal, and the best surgical aid was procured to assist him, but he died before it arrived. The community will sympathize with his family in its loss of a kind father and husband.

WHO NEXT.—Mr. John Pea gave us a call this morning to notify us that he can discount Mr. Allen Stout on not seeing the locomotive. He is 87 years of age and has come no nearer seeing one yet than to hear it scream last night. Walk up gentlemen, and let us know who is the oldest inhabitant in this matter.

ELGIN WATCHES!

MANUFACTURED BY

The National Watch Company

All the grades of the Elgin Watches

INCLUDING THE

"LADY ELGIN"

READY FOR

SPRING TRADE.

The company also call the attention of Watch buyers to the fact that the Elgin Watches now offered have an added improvement over all others, in a new

PATENT DUST EXCLUDER,

So constructed as to enclose the works, and form a protection against dust, enabling the movement to remain in order without cleaning double the time that a watch will ordinarily run without this protection.

The company feel confident, after having had their Watches three years in market, and selling many thousands of them in all parts of the country, that the Elgin Watches are the best time keepers now offered to the American public.

OVER FIVE HUNDRED DEALERS

In various parts of the land have unreservedly endorsed them. They are in use upon numerous lines of Railway, including the Union Pacific and the Pennsylvania Central, and officers of these roads, with other prominent R.R. officials, endorse them as the best watches for the use of R. R. employes and travelers yet introduced.

The following are presented as specimens of these testimonials:

TESTIMONIAL.

UNION PACIFIC R.R., OFFICE OF GEN'L SUP'T, OMAHA, Dec. 16, 1869.

Hon. T. M. AVERY, President National Watch Co., Chicago, Ills.

Dear Sir:—During the month that I have carried one of your "B. W. Raymond" Watches it has not failed to keep the time with so much accuracy as to leave nothing to desire in this regard. For accuracy in time keeping, beauty of movement and finish, your Watches Challenge my admiration, and arouse my pride as an American, and I am confident that in all respects they will compete successfully in the markets of the world, with similar manufactures of older nations. They need only to be known to be appreciated.

Yours most respectfully,
C. G. HAMMOND, Gen'l Sup't.

OFFICE OF THE HUDSON RIVER RAIL ROAD, Gen'l Sup't, New York, Jan. 17, 1870.

T. M. AVERY, Esq., President National Watch Co.:

Dear Sir:—The Watch made by your company which I have carried the past two months, has kept excellent time. I have carried it frequently on engines, and have been on the road with it almost daily. During this time it has run uniformly with our standard clock.

Truly yours
J. M. TOUCEY, Gen'l Sup't.

The following dealers also, in various parts of the country, have certified that they consider the Elgin Watches to be all that the company have advertised them, and better finished, more correct and durable, than any in market of similar price, and that they have great confidence in recommending them to the public, on account of their general merit.
