**Mrs. Cleveland's Declaration.**  
NEW YORK, Sept. 16.—Letters were made public to-night regarding the declaration of Mrs. Cleveland of her intention to present certain flags to the fire department of this city, on the ground that the President, himself, was not also invited.

The first is from President Beckman, of the board of aldermen, to

**PRESIDENT CLEVELAND**  
saying, in substance, that the matter had been misinterpreted by a portion of the public, and assuring the President that in nothing could the city be less wanting than in welcome and hospitality to the first lady of the nation. It will always delight to honor (screaming the President).

President Cleveland replied at length, recognizing the misapprehension and saying neither Mrs. Cleveland nor himself had the slightest idea that any discourtesy to him (the President) was intended or appeared in the invitation (nor was it so intended) and that he was glad to hear of the President's reply intended to recognize or admit the existence of any such intention.

**MRS. CLEVELAND**  
was simply unwilling to assume such a public role, entirely independent of her husband. The President is now glad that she declined, because if she had accepted, her declaration would have been sure to be distorted, he is sure that her conduct would have been his.

**At Mitchellstown.**  
MITCHELLSTOWN, Sept. 16.—The funeral of Casey, another victim, took place to-day. Over 1,000 persons marching abreast, all bearing laurel leaves, following the remains to the grave. Father O'Neill of Cape Colony, has contributed \$100 to a fund for a monument to the victims.

The government reporter, whose presence Friday's meeting was the prime cause of the affair, was discovered and when he and his police escort passed the line of horsemen fringing the crowd, the police began to attack the reporter, being told to get out of the way. The police then began to attack the reporter, being told to get out of the way. The police then began to attack the reporter, being told to get out of the way.

**Mexican Congress.**  
CITY OF MEXICO, via Galveston, Sept. 16.—President Diaz opened Congress with the usual ceremonies this evening. His message, which is of considerable length, deals mainly with practical topics, material progress of the country and education. Harmonious relations with the United States, and the complaints are generally due to the alleged injury of private individuals. Mexico declines to recognize the dictatorship of Guatemalas, assumed by Borellas, until she is assured it represents the will of the Guatemalan people.

**N. P. Adams.**  
NEW YORK, Sept. 16.—At to-day's meeting of the Northern Pacific stockholders the total vote of 745,193 shares was announced. The new board of directors re-elected the old officers, excepted Vice President Anderson. The president was authorized to appoint a committee to consider and adjust the differences with the Union Pacific and the Oregon Railway & Navigation Companies.

**The Firemen.**  
SAN FRANCISCO, Sept. 16.—The New York Veteran Firemen, who arrived last night, joined in the column which accompanied the remains of ex-Gov. Bartlett to the grave to-day. They will return to the east Sunday afternoon. According to the latest prices, here this afternoon the trip has already involved an expenditure of \$62,000. It is said that they will pay their band \$17,000. The death and funeral of Governor Bartlett has greatly disheartened the firemen, as they contemplated receiving a large revenue from public concerts by their band, which could not be given under the circumstances.

**A Failure.**  
CONRY, Pa., Sept. 16.—The doors of the First National Bank were closed this morning by Bank Examiner Young. It is impossible to learn the financial condition of the concern. Everything is quiet, there being but little excitement on the street. The bank was closed yesterday, and that this was the cause of the failure.

**The Midland Disaster.**  
LONDON, Sept. 16.—The Midland train was standing over the crossing, a mile from Doncaster, while the tickets were being collected, when the Liverpool express dashed into it. The guard box was smashed to atoms. The first carriage of the Liverpool train was telescoped by the next. It was a long time before the injured and dying, who were wedged in the ruins, could be rescued. Twenty-four persons were killed. Many of the injured cannot recover. The disaster was caused by defective signaling.

The scene at the wreck was horrible. Scores of people lay

**BLEEDING OR DEAD,**  
wedged amid the splintered wood-work and debris. The Scotch groans were heartrending, but it was impossible to reach them until mechanical appliances arrived. Many were taken out shockingly mangled. Some of the dead were only recognizable by their clothing. A curve in the line hid the express until within a short distance of the excursion train. The driver has not explained how he ran past the danger signal.

A later report places it 23 dead and 60 injured.

**Important Timber Decision.**  
WASHINGTON, Sept. 16.—United States District Judge Hallett, of Colorado, has rendered an important decision involving the rights of railroad companies to cut timber from lands adjacent to the lines of said road. The judge holds that the right to take timber extends laterally some distance from the right of way, and that such lands as may be reached by ordinary transportation by wagon and not by the construction of the railroad, are the property of the owner of the land, and the place of delivery if elsewhere the company is liable in trespass for the

value. The government is bound to prove that the timber was taken from the public lands.

**Forestry Congress.**  
SPRINGFIELD, Ill., Sept. 16.—To-day's session of the American Congress of Forestry opened with the reading of an interesting paper on the subject of forestry, prepared by Joaquin Miller, of California. A resolution was adopted for the evening. Forestry was the subject of the evening.

The first heat was won by Hamm in 20:28. Teemer won the second heat in 19:28. The third heat race will take place to-morrow evening.

After the first heat was won by Hamm in 20:28. Teemer won the second heat in 19:28. The third heat race will take place to-morrow evening.
