

FRAGMENTS. **NEW POTATOES** are in the market at five cents per pound. **ARTHUR HARRIS** was fined \$10 in the Police Court yesterday afternoon, for battery. **THE "Bohemian Girl"** will be greeted by big houses tomorrow afternoon and evening. **THE STOCKHOLDERS** of the Utah Central Railway will hold a meeting tomorrow afternoon. **SHERIFF TURNER** was up from Provo today, rather late from a gash which he cut in his foot a few days ago. **JOHN R. HASLAM** was arrested last night for drunkenness. He has \$500 security, but failing to appear, the amount was forfeited. **ON Wednesday** a lady lost a parasol on the State Road, just south of the city. The finder will confer a favor by leaving it at the City Hall. **THE NATIONALS** and Silver Grays will play a game of baseball on Washington Square tomorrow afternoon. The teams are closely matched and an interesting game may be anticipated. **A MEETING** of the board of directors of the Deseret Hospital will be held at 3 p.m. on Monday next, the 11th inst., at the hospital building. A full attendance is much desired. **THE BASEBALL** game on Washington Square last evening was so poorly played as to be anything but entertaining. The sixteenth infantry nine were mere tops in the hands of the Nationals. **JOHN GREEN** and Fred Trumpler were fined \$10 each, in the Police Court yesterday afternoon, for having occupied the soft side of a place of repose in the D. & R. G. W. Depot, without permission. **FOUR COMPANIES** of the Sixteenth Infantry left Fort Douglas this morning for Fort DuChesne. They will reach the latter place about July 1. Two privates of Company B, who were drafted last night, and as the police gathered them, they are taken to join their command. **JOHN F. HARDIE**, Esq., has been appointed by the D. & R. G. W. Railway as passenger agent for the Lake Park Resort. Mr. Hardie's headquarters will be in the general passenger office of the D. & R. G. W. Western Railway on Second South Street. This resort will be opened June 14. **AMONG** the arrivals with the last company of immigrants is Mrs. Foster, formerly of Birmingham, England, but later of Boston, Mass. This lady is sister to Mrs. Joseph Bull, Sen., who is delighted to meet in this part of the country one so near to her. Mrs. Foster is a delicate health, but it is hoped that the change of climate will be beneficial to her in that respect. **THE SPANISH** Fork West Field Irrigation Company have secured a temporary injunction restraining the city of Spanish Fork, Utah County, from interfering with the water in the company's canals and ditches. The matter will soon come up for hearing on the application for a permanent injunction, when the issue will be as to the right of the city under its charter, to regulate the water flowing into the city by the plaintiff's canal. **AT** the Utah Central general office is a fine sample of copper, weighing 34 pounds, from the Alta Smelter, near Deseret, Millard County. The copper mines in that region are being developed, and bid fair to be a valuable acquisition to the industries of the Territory. Three car-loads of copper were shipped east recently. The sample was to have gone with the exhibition car which left on Wednesday afternoon, but came too late. **A MEETING** was held in Provo on Wednesday evening, to consider what inducements could be offered for the establishment of iron works in Provo. After a lengthy discussion, a resolution was adopted, instructing the Provo Chamber of Commerce to inform the Lewis Company, iron manufacturers, of Pittsburgh, Pa., that the Utah Valley Iron Mining and Manufacturing Company would give \$10,000 in stock and five acres of ground toward the object. The resolution also requested the Chamber to solicit subscriptions from the citizens of Provo, and thus work up a "boom" with a solid foundation. **ST. GEORGE TEMPLE.** This temple will close for renovation on Friday, June 29th, and will reopen for ordination work on Tuesday September 4th, 1888. **JOHN D. T. McALLISTER** St. George, Utah, June 4, 1888. **Correction.** Through a misunderstanding, in the record of proceedings in the First District Court, our report stated that Charles Johns, James Mitchell, Charles Bagstrom and Henry W. Manning, sentenced for unlawful cohabitation, made a promise to obey the law in future. The latter part of the statement is a mistake, as the parties named were not asked in regard to their intention. Whatever leniency the court extended was on account of their age, condition, or other mitigating circumstances, and not because of any expression binding themselves as to their future conduct. **Register.** This week, the precinct registers are on hand to register those who call on them. Every one qualified to register, and who desires to vote at the coming elections should not fail to see that he is properly registered on the county list. The following are the names and addresses of the deputy registrars in the city: **J. H. Hurd**, 142 South, East Temple Street, and 425 Eighth East Street. **Mr. Hurd** will be at 142 South, East Temple Street, from 10 a. m. to 4 p. m. daily, and at his home the remainder of the time. **Second Precinct—A. L. Williams**, 145 South, East Temple Street, and 435 West, Second South Street. Mr. Williams will be at 145 South, East Temple Street, (D. & R. G. W. office) from 9 a. m. to 6 p. m. daily. **Third Precinct—David Yearsley**, 136 North First West Street. **Fourth Precinct—John Dull**, 267 Third Street. **Fifth Precinct—Theodore Baker**, 154 Third East Street. Mr. Baker will be at the D. & R. G. W. office, 145 South, East Temple Street, from business hours, and at his residence the remaining portion of the time. The registration finally closes for the year on Saturday, June 9th. **Remember** that the registration last December for the city election, is not sufficient for the present occasion. You must register and get your names on the county list, which is finally made up during the first week in June of each year, in order to vote at the school, county and Territorial elections this year. You should ascertain beyond a doubt that your name is on the proper registry list. Some names have been stricken off and the parties should have been replaced. The precinct committees should take an active interest in these matters and be fully prepared for the political battle.

STAKE ACADEMY. **Closing Exercises** of the Second Year. The Salt Lake Stake Academy's closing exercises for the second year were gone through with this morning in the Social Hall. The Academy choir sang the hymn "I'll praise my Maker while I've breath." Prayer was offered by Brother Jos. Nelson. Singing, "Kind Words are Sweet Tones of the Heart." An address in behalf of the male students was made by Ralph Cutler. He had endeavored to report a brotherly feeling existing among them. Laura Hyde, speaking in behalf of the young ladies, stated that they were very much indebted to the efforts of the teachers to instruct them, and that feelings of friendship existed among the theological, ornamental, and Theology is the main study of the school, and it is his duty to support all that the school does in this respect, according to that laid down in the Compendium. The choir sang "Let every heart rejoice and sing." Brother William Croxall reported excellent advancement as having been made by his classes considering the progress of the year. Brother Joseph Nelson, in charge of the preparatory department, stated that the pupils had shown great zeal in their studies. Brother William Dore spoke of the progress of the academy as a whole, and read the principal's report. A vocal selection was rendered by Miss Louise Melton. The meeting was then given into the hands of President Angus M. Cannon, who made an address, and was followed by Elders—Cutler, N. J. Nelson, of the B. Y. Academy, Provo. The choir sang the anthem, "Praise God in His Holiness." Benediction by Elder W. B. Douglass. **Syracuse.** Supt. John Sharp and other officials of the Utah Central and Union Pacific paid a visit to Syracuse yesterday, and decided to open this bathing resort to the public about June 15. Several changes have been made in the arrangement of the place, one of which is the removal of the only objection that existed last year to the position of the bath houses. Then it was necessary for bathers to pass close to the spectators in order to get to the water, but this has been changed, and bathers now enter the water direct from the bath rooms, going down to a floating pier and into the lake. Close to the lake a large grove of trees has been planted, all of which are living, and in a few years they will make a magnificent grove on the very edge of the lake. The barns and other buildings on the west of the upper grove have been removed, and from where there is an abundance of shade there is also a full view of the lake. For the transportation of excursionists to and from the lake, a large street car has been substituted for the trolleys. This car will make regular trips from the grove to the lake every fifteen minutes. Schools, societies and other organizations have an opportunity with Syracuse that does not exist with any other bathing resort. They may have the place kept select by making arrangements with the railway, and no other party than that agreed with will be permitted there. When the resort opens, a train will leave Salt Lake early in the afternoon, daily, returning in the evening. The fare is 50 cents for the round trip of about 70 miles. Yesterday, when the visitors were at Syracuse, they were greeted with a storm of wind, hail and rain, which raged with considerable fury for a time. **Fourteenth District School.** The commencement exercises of the Fourteenth District School were held yesterday afternoon. A large number of parents and friends were present, and an interesting programme was carried out. The following named students, having completed the course of study prescribed in the district school, and passed a satisfactory examination therein, received certificates of graduation: Lydie Thackeray, Ethelene E. Webber, Milton M. Taylor, Belle Groebbeck, Belle Morris, Elias S. Woodruff and Eugene T. Hills. The valedictory address by Miss Ethelene E. Webber, entitled, "The Improvement of the Mind," was a literary production of considerable merit. The report of the principal, Mr. C. E. Wilcox, showed that over two hundred students had been registered during the year, and that a satisfactory degree of advancement had been made by them. The journey from St. Louis to this city occupied nearly six months; in the present instance it was made in about fifty-three hours. The change as notices in this city since she was formerly here is scarcely less remarkable. It is safe to say that the city's growth has far exceeded her early expectations. The lady was accompanied on the journey by Mrs. Jessie Mills, of St. Louis, who has also come here on a visit. **Ogden Has a Meteor.** Yesterday morning at two o'clock, a brilliant meteor fell in a sudden light burst and lighted the surroundings as if several electric lights had been shot into existence. A reporter who was passing on the corner of Fourth and Spring streets looked up thinking the electric light was being put on, and saw the meteor. It was a large ball of fire, and it appeared in one of the lights. Shortly thereafter the light disappeared. Following the disappearance of the meteor, a sound, as if from a cannon shot or an explosion, rattled the sides of the clouds with the echoes from the mountains in the neighborhood of Ogden Canyon—Ogden Standard, June 8.

The Drowning Case. The Provo American of June 7 gives the following additional particulars of the sad case of drowning which was mentioned in the News of a few days since as having occurred in the Jordan River at Lehi Junction: A sad accident resulting in the death of a little child, Johnnie Johnson, of Lehi, occurred on Saturday. The boy, who was about ten years old, and the only child of Mrs. Johnson, was drowned while out with some other boys about his age, herding cows near the Jordan river, and attempting to cross the river. The boy was crossing the river. The boys all went under the bridge to fish. Johnnie Johnson went out and was sitting on a piece of timber projecting above the water, when he by some means lost his balance and fell into the river. His friends tried to save him, and one threw to him his fishing line, which the drowning boy clutched, but his struggles threw the rod out of the hands of the boy on shore. All attempts to save him by such means as the little fellows could think of were unsuccessful, and hurriedly gathering up their rods, the boys started for home, and told what had happened to their friends; a party started for the scene of the accident to do what they could to find the body. On reaching the place they noticed the fishing rod that had been jerked from the hands of one of the boys floating in the water, and seeing that they found the poor little fellow, who had sunk to the bottom of the stream, still clinging to the line. They went on in towing the body to the shore, but life had long since gone out, and all attempts to resuscitate him proved fruitless. The poor mother is almost frenzied with grief over the fearful accident. **Flower Mission Day.** The following has been handed in for publication: The ladies of the W. C. T. U. desire to express thanks for the assistance so liberally given both in flowers and labor. Never before have so many flowers been received nor have such large and handsome bouquets been made. Each bouquet had attached a card tied with a piece of white ribbon, the badge of the Society. The ribbon was given by the merchants. The following programme was carried out at the penitentiary: Song, "God is Love," penitentiary choir. Scripture lesson and prayer. Distribution of flowers and literature. Song, "Flowers of Life." Reading of poem "Ye did it unto me." Address, Miss Burnett. **Miss Burnett** was very much surprised to find the librarian's speech was accompanied by the presentation of several beautiful presents, all of the work of the prisoners, as follows: Two beautiful scindlers with handsome gilt frames; a lovely flower stand, beautifully carved and gilded; on the top were the letters "W. C. T. U.," and a large zephyr tied with monogram in the center and two smaller ones. Miss Burnett tried to express thanks but said she could not do it; that the work had been to her a great help, and with no thought of reward, if the service had been helpful, and the papers should be read and some life made better or happier she was more than paid. The day was greatly enjoyed by all. Other delegations of women visited all the hospitals and jails, giving tracts and papers, and speaking helpful words. This work of love can but do good, and it is well for our citizens each year to increase its usefulness and efficiency by increased assistance. **Elsinore Notes.** Two good schools have been in operation here all winter; they are well attended. This town has grown more rapidly the last few years than any other in the Sevier Valley. Our meeting house is neat and is an ornament to the place. The people are all alive to their own interests; the well on the meeting house is in the town and has a good clear ring. The new canal passes above the town to the west and is now about fifteen miles long. The work on this point up the river was very heavy. It is estimated to have cost about \$40,000 to the present time. It is a decided success and will bring a large tract of land under cultivation. About two thousand acres of new land is being cultivated in this district alone. Many new houses have come up. A general spirit of thrift seems to have been infused into the people. The horse stock of this section seems improving, and it is hoped that some of the finer breeds will be introduced soon. Those who bring them here will be public benefactors. Many good horses are to be seen here and quite an interest is taken in rearing good stock. Here, as in most of the settlements, an improvement should be made in dairy products. A first-class creamery would be a blessing. Parties in this neighborhood expect to manufacture cheese on quite an extensive scale at an early date. May their efforts be crowned with success. **TRAVELER.** **Elsinore, Sevier County, May 31st, 1888.** **Judges of Election.** The Utah Commission yesterday made the following additional appointments for the judges of election: **CACHE COUNTY.** Hyrum—D. O. Evans, Magnus Peterson, Eli Bradley. Trenton—Andrew Simmons, Niels Jensen, C. Goodwin. Smithfield—Charles Holden, John Savage, Meron. Coville—Francis Hansen, George O. Blair, Henry Hendricks. Shoenberger. St. John—David Charles, J. D. McIntosh, Nephi Draper. Quincy—Fred B. Bism, Abner Hardy, Silas Young. **The "Bohemian Girl."** That the public expect a great treat in the rendition of this popular opera by home talent, is fully attested by the large audience of seats which has taken place. Persons who have not already, having been present at rehearsals, say the singing will be very fine. The first rendition will be a matinee tomorrow afternoon, and the place holds the boards tomorrow and Monday evenings. It is in great demand, and the Theatre will be packed at each performance.

Utah County Notes. Miss Mary Brereton took charge of the Spanish Fork Postoffice on Tuesday last. Dykes & Dool have been arrested at Springville for selling liquor on Sunday. They will be tried at Springville today. The manuscript for the play of "The Silver King," through the courtesy of the Utah Dramatic Club, Salt Lake City, has been loaned to Mr. W. C. A. Smoot, and the piece will be presented in Salt Lake in the Theatre at an early day. The committee on the Fourth of July celebration was at work all this forenoon, and its programme for the Fourth. The two local parties seem to have buried all differences for the time being and will participate in a general celebration. A petition is being circulated asking the city council to erect a band stand on the court house square, for the use of the silver band, which offers to give concert free gratis. The petition is being numerously signed, and will in all probability have the desired result. Mr. Duggins was arrested Tuesday for keeping his saloon open after the hours prescribed by the ordinance. He was taken before Alderman Alexander, and this being the first case under the ordinance, upon Mr. Duggins a charge of guilty, sentence was suspended. Alma Fairchild, of Eureka, Tintic, was arrested by Deputy Marshal Smith on Saturday, and was brought before Commissioner Hills in this city on a charge of unlawful habitation. He gave bonds pending examination on Monday morning, when the case was investigated by the commission, and the defendant discharged, the evidence being insufficient to warrant the commission in holding him over to await the action of the grand jury. A close call for a bad wreck was experienced by No. 8, on the D. & R. G. W. this forenoon coming down from Salt Lake City. The train ran over a call, throwing one of the coaches off the track, and the derailed car was pulled nearly a quarter of a mile before the train stopped. Passengers say it was a close call, and they are not disposed to repeat the experiment. The train was delayed nearly an hour on account of the accident.—Provo American, June 7. **The Child All Right.** A few days ago we gave an account of the manner in which the child of Mr. J. N. Cookerly, for some months a resident of this city, had been taken away by his partner, a Mr. Wm. Marlow, who was taken to the city of Spokane Falls, Washington Territory, but from whom no word had been heard since his departure, May 15. A telegram has been received from Mr. Marlow, dated Spokane Falls, stating that he is there with the child, and that the latter is all right. This looks as though an explanation might be offered by that it could be made to appear that Mr. Marlow had substantially carried out the understanding between him and the father of the child. True, nearly or about three weeks ago he was taken away from his father by a little boy, but it is not difficult to believe that the delay might be explained. The News published the facts of the child's disappearance, and as the narrative reflected upon Mr. Marlow, we deem it no more than fair to him to make this further statement.
