

GOD BLESS HIM AND UNITED STATES

Was Emperor William's Toast to
Pres. Roosevelt.

DINED BY OUR AMBASSADOR

Many Courtesies and Expressions of
Friendship Exchange—Company a
Most Distinguished One.

Kiel, Prussia, June 26.—The dinner given by United States Ambassador Tower to the German emperor tonight was made the opportunity, both by the emperor and the ambassador, to utter speeches of political significance. Ambassador Tower said:

"It is with a very great pleasure that I have been permitted to present to you dear Admiral Cotton and the officers of the United States navy who accompany him upon this visit to Kiel in response to your invitation. They come here with their ships of war upon a mission of peace, bringing with them cordial sentiments of friendship from America to Germany. I am convinced, sir, that you and your people entertain the same sentiments in return towards the president and people of the United States. Your interest in us has proven this on many memorable occasions, especially upon that of the visit of his royal highness, Prince Henry, who was received throughout the country with demonstrations of hearty and sincere welcome, and who, when he embarked, left behind him the universal wish that he would visit us again.

"You have also given proof of these sentiments in the present you made of magnificent casts to Harvard university.

"Mutual understanding between nations, as between individuals, is best attained by personal intercourse, and it is a happy outcome of an occasion like this that friends strengthen their friendship, which in the case of two great powers like Germany and the United States is a benefit to the whole civilization, extension of commerce and the peace of the world.

"The closer our acquaintance becomes the more we are sure to discover how near our paths lie to each other, how ready we may follow them together and how much we have each to gain by the maintenance of harmony in the future as well as in the present and in the past. America wishes this, sir, with all sincerity. There are hundreds of thousands of people of German birth or German extraction living in the United States, who look back from their new home with feelings of tender affection toward their fatherland. They are among the best of our citizens, and they bring with them habits of thrift and industry and high ideals of domestic life inherited from their ancestors, and which have contributed to make America what it is. These people will rejoice, as we all rejoice, at the incidents that are taking place at Kiel, and they, as all Americans, will be happy at the assurance we derive from your presence here tonight.

"Speaking for the nation, I have the honor to convey to you the cordial greetings and hearty good wishes of the president and the people of the United States.

"Mr. Tower then proposed the health of the German emperor, the empress, the crown prince and the members of the imperial family.

THE EMPEROR'S REPLY.

Emperor William, speaking in English, made the following reply:

"In responding to your excellency's warm and sympathetic toast, I offer a cordial welcome to the American squadron, Admiral Cotton and his officers in the name of the German people. We look upon them as the bear-

CHARLES E. HIRSH CO.,
Malvern, Pa.

One of the friendly sentiments of the
citizens of the United States, to which
I can assure your excellency the whole
of Germany heartily responds. I am
happy that my hopes for a better na-
tional understanding between our two
countries, through the personal inter-
course which my brother, Prince
Henry, was able to hold with your
excellency's countrymen, have been
fully realized and have strengthened
the bonds of friendship between Ger-
many and America. That my gifts of
easiness of medieval German architecture
have been received in so gracious a
manner by Harvard gives me the
greatest satisfaction. I hope the sam-
ples relating to our old history will
entice many young students to come
over and study the originals and the
people who live around them.

"My sincerest wish is that our two
peoples may become closer acquainted,
not only in the past, but in the future.
I trust, believes that the har-
mony and continuance of our mutual
interests could be disturbed by per-
manent factors in our relationship. We
must live and strive in the United
States, with their hearts still warm
with their love of their old fatherland,
will render the task more easy of
smoothing the path of understanding and
progressive relations which are of vital
importance to our countries.

"It is now my duty to beg your ex-
cellency to thank his excellency, the
president of the United States, for this
joyous occasion, for which we are in-
debted to his kindness. We all over
here admire his firmness of character,
his iron will, his devotion to his coun-
try, and his indomitable energy, and
we readily grasp the hand proffered to
us across the sea in cordial friendship,
feeling at the same time that blood is
thicker than water.

"Gentlemen, I propose the toast of
his excellency, the president of the
United States, 'God bless him and the
United States.'

Emperor William (in) the first
time said the flag of the president
of the United States and the flag of
thrift and industry and high ideals of
domestic life inherited from their an-
cestors, and which have contributed
to make America what it is. These
people will rejoice, as we all rejoice,
at the incidents that are taking place
at Kiel, and they, as all Americans,
will be happy at the assurance we
derive from your presence here tonight.

Mr. Tower then proposed the health
of the German emperor, the empress,

line of guests dined past them, pick-

yacht racing in time to attend the
party. Prince Henry presented Mr. and
Mrs. Cornelius Vanderbilt to their ma-

CHIN CHIN'S CASE.

Friends Do All They Can to Prevent
His Being Deported.

The friends of Mayor Chin of Chin-
town are very much wrought up over
the action of a number of Chin's ene-
mies in attempting to prevent him
from returning to this country from
China with his bride, Wing Wah,
Chin's partner in business, and several
other residents of Chinatown, called on
County Clerk James today and told
their story of how Chin's enemies have
brought the present trouble upon him.
They claim that the Yee faction in
Chinatown is responsible for the move-
ment to prevent Chin from returning to
this country, and that they have as-
sisted the police in making ar-
rests of certain members of the Yee
contingent in the police in running
down Chin's enemies and has taken an
active part in the present trouble. She
claims that Chin could have saved her
from arrest by the police in the Yee
faction chosen to do so, but that he refused
to prevent the boy from being sent to
the school. Later members of the Yee
faction secured the boy's release and
his mother accordingly released him, and
Chin's enemies and has taken considerable
interest in the present trouble.
