## CITY INFESTED WITH GRAFTERS

Check - Workers. Pickpockets. Surething Men and Burglars Galore.

## PRESS CLUB SHOW FOR MAY 1.

Sam Newhouse Interested in Ogden's Development—Big Doings for Arbor Day—News in Brief.

Ogden, April 9.—Check-workers, pickpockets, sure-thing men and burglars have occupied the center of the criminal stage in Ogden for the past two days, but most of the crooks have come to grief for their trouble and several of their number occupy choice cells at the police station. During the past ten days with the great influx of unemployed men from the west have come some very bad characters who have lost little time in "working" the "games" in the Junction city.

The first to be entered upon the criminal record were a couple of check-workers who gave the names of T. E. Davis and J. B. Graves. They were both captured while trying to pass some worthless papers upon merchants and professional men. Bayless visited Dr. Rich and asked the doctor to cash a check for him. The latter accepted the check and gave it to an attendant to take to the bank and get cashed. The attendant could return Bayless went out on the street upon some pretense and made his way to the bank where he met the attendant and took the check. Sheriff Wilson was advised and after securing a description of the man started out in search of him and finally located the fellow in a Twenty-fifth street store writing a check in payment of some goods that he had purchased. Both the men were taken into custody.

It was learned later that Graves had cashed a check at the Falsstaff and one at Wm. Driver's drug store. The checks were for \$12 and \$11.75, and were drawn upon a Salt Lake bank. An investigation is being made to find out if any other checks were passed in the city.

A wary Idaho farmer proved too much for a smooth pickpocket in the early morning, and as a result C. E. Crawford is booked at the police station upon the charge of attempted robbery. It appears that John E. Evans was returning to his home in Idaho, from Salt Lake, early yesterday morning on the Oregon Short Line. When the train reached Ogden, Evans landed to walk up and down the platform to stretch himself. A few minutes before the train was ready to leave, he started toward the train and got into a small hurrying crowd with Crawford following him, and who kept nudging Evans and urging him to hurry. In one of the nudges Crawford got his hand into Evans' pocket and on his wallet, but before the pickpocket could make away with the purse, the farmer had him, and in a few minutes the fellow was turned over to the officers.

Reports are being received every day at the Union depot from travelers who state that they have advanced money to fellow travelers who have given them checks for fabulous sums to hold. The money in most cases was given to prevent the express or baggage upon certain pieces of property that could not be carried upon the regular ticket. One passenger gave up \$120 upon a \$1200 draft, while another passenger lost \$2 on the same kind of a deal. The game is an old one, and has been worked upon the traveling public at this point for a number of years. It is the opinion of the officers that Ogden is the headquarters for the gang and a determined effort is being made to capture some of the gang.

A burglary and attempted burglary were reported to the police yesterday. The former at the Winter residence on Jefferson avenue, and the latter at the Hanson bicycle store on Washington avenue, south of the opera house. At the Winter place several pieces of clothing and a few dollars in silver were secured.

The police reported last night that they had been unable to get any clue to the culprits who broke into the Beecraft garage on Tuesday night and using the automobile of Angus Kennedy which they later returned with a broken axle and covered with mud.

At the Grand Opera House on the evening of May 1. This decision was arrived at last night after a meeting of the members of the club. While the nature of the production has not been given it was intimated that the show would be especially written for the occasion and would excel anything given in the home talent line in Ogden in many months.

**SAM NEWHOUSE IN OGDEN.**

Ogden, April 9.—Before leaving for Denver in company with Paul Morton, Tuesday evening, Samuel Newhouse gave an assurance to a number of business men of the city that he would lend his influence as well as wealth toward the upbuilding of Ogden. Already Mr. Newhouse has invested heavily in the power and irrigation project in Weber canyon which he is determined will be rushed through to completion at an early date. Mr. Newhouse has also become thoroughly acquainted with the resources and the many opportunities of Ogden and has announced his intention of taking an interest in many of the enterprises.

**BRIEFS AND PERSONALS.**

In the case of the State of Utah against Heber Pinkham, who is charged with stealing the harness of Orson Christensen on his wedding night, is on trial before Judge Murphy in the municipal court and will probably occupy two days. Pinkham admits taking the harness but says that it was his property.

It was announced at the Southern Pacific shops yesterday that the men will not be subjected to another temporary lay-off this week and will be permitted to get in a full week.

Steps are being taken by the board of park commissioners of Ogden with all the large organizations of the city and the board of education for a proper observance of Arbor day next Wednesday.

Tonight at the city hall the "Chamber of Commerce of Ogden" will complete its organization. The articles of incorporation will be presented and the board of governors elected who will in turn elect the officers of the organization, which will have more than 200 members.

**FATAL ACCIDENT.**

Ralph Peters, Run Over and Killed—Death of Mrs. Sanders.

Special Correspondence.

Provo, April 9.—Ralph Peters, the 22-year-old son of John and Mary Stubbs Peters, was accidentally killed at 3 o'clock yesterday afternoon. Young Peters was engaged in hauling brick from the Provo Pressed Brick company's yard to the State Mental hospital. While coming down Academy avenue between Seventh and Eighth North, with a heavy load of brick, the front end gate fell out. The young man was sitting upon the same, and fell in front of the wheels, which ran over his body, the team being started by him. The young man was picked up and carried into a house close by, until a conveyance could hurriedly be summoned. Upon getting a wagon, he was taken to the General hospital, but died before the doctors could operate upon him. He was conscious until the last, his parents being at his side when death came. He was an exemplary young man, studious, industrious and honest, loved and esteemed by all who knew him. Mr. and Mrs. Peters have the sympathy of the entire community in the death of their second and only child. The funeral arrangements will be announced later.

**MRS. SANDERS IS DEAD.**

An old and respected citizen, Mrs. Sarah A. Sanders died of pneumonia at the home of her son Henry. The venerable lady was born in Smoland, Sweden, Feb. 28, 1836. She was married to Henry Sanders in the year 1854, and became a member of the Church in 1861, coming to Utah the year following. For many years she was an active Relief Society worker, ever faithful to the covenant she had made. The funeral will be held at the First ward meetinghouse Saturday at 2 p. m. The remains will lie in state at the residence, 153 east Second South street, where friends wishing to view the remains may do so.

**HURT IN RUNAWAY.**

While driving along the dugway in Provo canyon the team driven by Mrs. Dean McEwan ran away throwing her out of the buggy and she is now in a critical condition. She was taken to the home of her father, Mr. A. L. McEwan of Provo bench. Although she was badly bruised and hurt in the head, hopes are entertained for her recovery.

**POLICE CAPTURE FUGITIVE.**

That the police department is awake is shown by the capture they recently made in rounding up the hobos. Tuesday evening George White, in company with half a dozen other fellows, was arrested, and when taken to the station and compared with the photos in the rogues' gallery he was found to be the same man who had been wanted at Monterey, California, for jail breaking and forgery. Marshal William telegraphed to Sheriff Nesbitt receiving the reply that an officer would start immediately for the prisoner.

**REDMOND.**

Agitation for a Waterworks System—Educational Lecture.

Special Correspondence.

Redmond, Sevier Co., March 7.—Saturday, April 4. Prof. Lyman of the University of Utah came here for the purpose of examining the water supply here. The people contemplate putting in a water works system in the near future. Prof. Lyman pronounced the supply sufficient not only for culinary purposes, but also for laundries, stock, etc. A sample of the water has been sent to Salt Lake for analysis, and it is probable that in a short time an up-to-date system of waterworks will be installed.

In the evening a public meeting was held in the meetinghouse, where Prof. Lyman addressed the citizens on educational topics, and also briefly touched on the contemplated water works system.

Field work is in progress. Sheep shearing commences on the 10th.

## THE HUNGRY BULGARIANS

Their March to Chicago City Hall Was Planned by Ivan Doseff, a Chicago University Graduate.

Chicago, April 9.—A football player of the University of Chicago is chief of the hungry Bulgarians, who marched on the city hall yesterday.

Investigation reveals that Ivan Doseff, a graduate of the university, is the instigator of the plan to march on the city hall. Doseff, who is a Bulgarian, and last year played left tackle on the Chicago football eleven, says he sent the mob to the city hall in order to "call public attention" to the distressing condition of his countrymen.

None of the other Bulgarians has been in the United States more than six months, and in that time not one of them has had a job, Doseff said their little stock of money now is gone and the immigrants are on the verge of starvation.

After the mob's fruitless march Doseff went to the county agent's office and begged that something be done.

Asst. County Agent Victor Young promised to send a quantity of provisions and endeavor to provide otherwise for the distressed Bulgarians, who are several hundred in number.

Doseff said irresponsible Bulgarian "employment agents" are responsible for bringing the men over from the old country. More than 90 per cent of the men have wives and children dependent upon them in Bulgaria.

Several of them mortgaged their small properties to get money for their passage Doseff said he will visit the immigration officers today to see if some of the men can be sent back to their homes in Bulgaria.

COMMITTED SUICIDE.

Lorenz D. Kneeland Shoots Himself In Head With Revolver.

Chicago, April 9.—Lorenz D. Kneeland, 55 years old, former senior member of the firm of Kneeland, Clement & Curtis, brokers, committed suicide at his home here this morning, shooting himself in the head with a revolver. Mr. Kneeland was a member of the Chicago board of trade and the Chicago Stock Exchange, but retired from active business about a year and a half ago and had been in ill health for some time. He was well known in financial circles here and was a member of the Chicago Union League and the Chicago Athletic club.

MARRIAGE AND DIVORCE.

Occupies Attention of General Conference of the Reorganizers.

Kansas City, April 9.—Marriage and divorce, a much mooted question in previous conventions, occupied the attention of the general conference of the Reorganizers, the Church of Joseph Smith today. The church is holding its annual gathering at Independence, near here. It was expected that a revelation upon the subject would come before the end of the day's work.

One of the acts of the convention yesterday was the completing of arrangements for building a monument at Nauvoo, Ill., the last resting place of Joseph Smith, founder of the church, to cost several thousand dollars. Saints all over the world are to contribute.

A report of the bishopric read showed the annual expenditures for the year were \$253,600.

## FACTS ABOUT NEW THEORY AS SECURED BY INTERVIEWS

An article from the Nashville, Tenn., Banner, published during L. T. Cooper's visit to that city, throws some light on the remarkable success of the young man's theories and medicines in various cities visited by him during the past year. The article is as follows:

"In view of the enormous sale of Cooper's preparations now going on in this city and the intense interest which Mr. Cooper has stirred up since his arrival, a representative of the Banner spent Thursday afternoon at the young man's headquarters, watching the swarm of humanity come and go.

"During the afternoon the reporter interviewed many of the callers and obtained statements from all who cared to give them as to their experience with Cooper and his preparations.

"The following are selected from those statements as being typical of the general expression of the people seen:

"Mr. B. B. Lasater, living at 1224 North Fourth avenue, when interviewed, said: 'I have been troubled with my stomach for the past two years, and have had rheumatism for more than five years. Sometimes I could not walk, and there were times when I could not even move in bed. Hard knots would form on my muscles, which caused me intense pain. Gas formed on my stomach after eating, which gave me much pain and distress, and often I was restless and tossed at night, losing much sleep and rest.

"Hearing of Mr. Cooper, and the great work his medicine was accomplishing for others, I decided to try it. I have taken it about two weeks, and find myself in a greatly improved condition. My stomach is in good shape, and does not trouble me at all. My rheumatism has nearly disappeared, and I expect to resume work shortly, for the first time in 12 months. Mr. Cooper certainly has a wonderful medicine, and I am grateful for what it has done for me.

"Another caller was Mrs. T. J. Smith, of 505 Hudson street. She said: 'I have been a sufferer from bladder and kidney trouble for twenty-five years. In that time I have tried many prescriptions and various kinds of medicine, and what it has done is sound night's sleep, my rest being broken at intervals throughout the night. I had pains in my back and burning sensations.

"I heard so much of Mr. Cooper that I came to the conclusion he might be able to afford me some relief. I have now been taking the medicine about a week and feel better in every way. The pain has disappeared, and I have no distress whatever. I have come here today to express my appreciation to Mr. Cooper for his wonderful medicine and what it has done in my case. I will take pleasure in recommending it to others.

"In spite of assertions by various physicians that Cooper is a fraud, who will soon die out, the young man seems to be gaining even greater headway as his visit draws to a close.

The agency for Cooper's celebrated medicine has been given to us. We are making a fine record with this. The F. J. Hill Drug Co., 80 W. 2nd. So. street.
