Fanciful Story of the First Welsh Colony in America—The Founders of Mexico and Peruvian Civilization.

A New York paper says: On Monday appeared a communication from Col. Thomas Pictor to the editor of the Evening News, in which he stated that he was the founder of the first Welsh colony in America, and that he was the founder of the Peruvian civilization. The communication was signed "T. Pictor" and was dated "New York, Dec. 8, 1902." The communication was published in the Evening News of December 9, 1902, and was accompanied by a photograph of Col. Pictor. The communication was a fanciful story, and was not true. Col. Pictor was a Welshman, and he was the founder of the first Welsh colony in America. He was also the founder of the Peruvian civilization. The communication was a hoax, and was published in the Evening News as a joke.
