LOCAL AND OTHER MATTERS.

THEATRE.—To night will be presented, for the first time in this city, the thrilling melo-drama entitled "A Hand of cards—game, Life—stakes, Death." All the old favorites—Graham, Mackintosh, Carter, Dunne, Maslen, Miss Adams, and others will appear.

THE "ATLANTIC MONTHLY" for December is on sale at Dwyer's News Depot, East Temple Street.

SABBATH MEETINGS.—The congregation at the Tabernacle yesterday morning was addressed by Elders Jos. S. Noble and George Q. Cannon; in the afternoon by Elder Orson Pratt.

THE MINING LITIGATION AT PROVO.—A few days ago there appeared in our columns a short history of the great mining trial held at Provo, before his honor Judge Strickland, in which the Eureka Mining Company were complainants and victors, and the company owning the King David mine, defendants. On Friday last the defendants in this case filed a motion for a new trial, sixty days being granted by the Court for them to present the papers showing the grounds upon which their motion is based.

The Court is now engaged in a second trial, in which the Eureka Company is also plaintiff, and Woodhull and others defendants. The property in dispute in this case is also on Eureka Hill, Tintic mining district, Juab County, in this Territory, and north of that for which possession was contested in the preceding trial. This second trial promises to be considerably longer than the first, the number of witnesses for the defendants being more than double the number examined on both sides in the first trial. The counsel for the respective parties are the same as before.

At the conclusion of this case there is still another to be tried in the same court, in which the Eureka Company is also plaintiff.

These trials have been the means of drawing a large influx of miners as witnesses into Provo city, and some of the lying sensational scribes in this country, who do penny-a-line business for eastern papers, have made this fact the basis for several reports sent over the wires of outrages and broils of various kinds amongst or committed by the miners, but all such reports, as well as most others from the same sources, are utterly without foundation.

SNOW, two or three inches on Sunday morning, rain in the afternoon, wind and rain and hail and snow in the night, an old fashioned snow storm this morning, and plenty of slush underfoot to-day.

DISTINGUISHED MORMON.—Bishop Hunter arrived in the city yesterday from Salt Lake, and is stopping over a day of two for rest, as also to visit his nephews, Messrs. M. D. and Wm. Hunter, of this city, whom he has not seen for a score and a half of years. He is an aged man, and one of the early professors of the Mormon faith; went into the Utah Valley with the rest in 1847, and with a single exception has not recrossed the plains since. He took the first gold to the U. S. Mint that was taken out in that region, more than twenty years ago; is reputed to be a man of wealth and high ability. He has rooms at the Burtis House—leaves for the East to-morrow.—*Davenport (Iowa) Democrat, Nov. 21.*

Terrible Weather in Alta.

ALTA, Nov. 27, 11 a.m.

Since the last report the storms have not in the least subsided, but if possible are more fearful than ever. Parties who have been here the last two winters say they never knew as terrific a storm in the canon before. We have not seen the sun since Sunday 19th. The wind is blowing, the snow drifting, trees falling, and everything appears gloomy. The stage only came up the canon to Tannersville, and from there to this point there is no track, as no teams have passed it since the Morrison's fatal catastrophe. Forty men, it is said, left here yesterday for a more congenial climate. Work is generally suspended. Though there has been no slide in the last forty-eight hours, they are momentarily expected, especially on the Emma Hill.

All hope of finding the body of C. Morrison is now given up until spring; his wife is almost distracted.

BRIGHAM YOUNG ON STEEL.—We wish to inform the brethren hereabouts that we have just received from Mr. C. R. Savage, a very capable photographic artist of Salt Lake, a splendid steel engraving of Brigham Young, which now occupies a conspicuous place on the sanctified walls of the inner sanctum of the *Herald*. Mr. Savage could not possibly have paid us a greater compliment. The picture is remarkably lifelike and accurate of the extraordinary man who has ruled so long and well over the people of Utah, and is much prized by us for that reason.

Neighboring editors of the radical persuasion can have the privilege of making Brigham Young's acquaintance through this "counterfeit presentment" by taking off their hats in its presence, but upon no other condition.—*Omaha Herald.*

AN INTERVIEW.—The Davenport (Iowa) *Gazette* of Nov. 21st., contains an account of "a frank and pleasant interview" of the editor with Elders Wm. Greenwood and John Hindley. The editor, while "disavowing any sentiment of hostility towards the Mormon people," frankly admitted that he was "in favor of executing the laws against polygamy."

ANOTHER SOLUTION.—Bishop Tuttle, according to the New York *Standard*, asserts that the completion of the Northern Pacific Railroad will do more than anything else to put down "Mormonism," by encouraging emigration. The Montana *New North-West* fails "to see the connection." Never mind, put the railroad through, whether "Mormonism" is thereby put down or not. If any help is wanted to build the road, send to Salt Lake. People here have got the railroad building spirit.

TYRREL'S EXHIBITION GOING SOUTH.—The Tyrrel Exhibition of mechanical figures has been delighting the people of several of the settlements up north during the past week or two, and the proprietor is now in this city, on his way to the southern settlements. The exhibition comprises about two hundred mechanical figures, all manufactured, owned and manipulated by old residents of the Territory. Among the tableaux exhibited, are the expedition of Sir John Franklin in the arctic regions, the icebergs, aurora borealis and other natural wonders of that distant region being vividly presented; also, ships on fire, storm and shipwreck at sea, the siege and storming at Sebastopol, etc., the entertainment lasting about two hours. At intervals Mr. A. P. Herst, the noted clown and comic singer, will amuse by his witticisms and comicalities. The entertainment is of the most pleasing character, and the people of the settlements south have never had an opportunity of witnessing anything like it before in this Territory.

NO UTAH IN THE MESSAGE.—It is intimated that the President will make no recommendation in his forthcoming message with regard to Utah. He will simply set forth what has been done by the United States Judiciary, and then leave the whole question open for Congressional action. Large numbers of people are here now, in the interest of the Mormons, and also apposed to them, who are endeavoring to force the President to take some decided step in regard to Utah.—*Washington Correspondence St. Louis Democrat.*

THE MORMON QUESTION.—Washington, Nov. 21.—The programme for the solution of the Mormon difficulties has been partially agreed upon, and it is believed that it will finally be adopted by the Mormon leaders. As soon as Congress meets, a bill will be introduced to enable the people of Utah to form a state constitution and apply for admission into the United States. The Territory has already the required population. If a new state government is formed, polygamy can be abolished in the local constitution by statute after a day to be named; provided, that the present wives and children of the Mormons are recognized as legal, so that bastardy and adultery shall not be assumed to exist and the line of inheritance in real and personal property be stricken down. This policy, it is declared, will virtually do away with polygamy and at the same time protect the rights of innocent persons.—*Chicago Times.*

HOLDING THEIR BREATH.—The Idaho *Herald* does not seem to appreciate very highly the onerous labors of the ring, judging from the following:

"The Federal ring of Utah seem to be holding their breath a little just now, whether they propose to back down or organize a new programme on the Mormons is hard to tell. One thing is certain, Judge McKean and his associates have succeeded in disgracing the judicial ermine beyond anything we have ever seen. They have played the roll of Jeffreys until the people have no confidence in them, either at home or abroad. No man feels safe in property or person before a man who acts the part of both prosecutor and judge. Capital has ceased to flow to Utah, and business has received a check that will take months and years to recover. Rings are bad in any Territory, but Utah has out *ringed* old Herod himself."

140,000
SINGER SEWING MACHINES

WERE SOLD WITHIN THE PAST YEAR.—*Scientific American*, June 10, 1871.

The Singer Manufacturing Company,
AT THE WORLD'S FAIR

—Constituted by the homes of the people—

Received the Great Award of the Highest Sales and have left all rivals far behind them, for they

Sold in 1870 127,833 Machines!

SEWING MACHINE SALES FOR 1870.

"The magnitude to which the manufacture of Sewing Machines has attained is shown by the "SWORN" returns (to which any one can have access) of the manufacturers for the year 1870 to the owners of the leading patents, on which they pay a royalty. According to these returns the number of machines sold by each manufacturer in 1870 is as follows:

The Singer	**127,833**	Florence	17,660
Wheeler & Wilson	83,238	Gold Medal	8,912
Howe	75,156	Ætna	5,806
Grover & Baker	57,402	Empire	3,560
Weed	35,002	Pinkie & Lyon	2,400
Wilcox & Gibbs	28,800	Parham	1,763
American Buttonhole & Overseaming	14,573	Wilson	700

And several other companies who sold a few machines.

It will be seen by this table that the popularity of the **Singer Machine far exceeds that of all others**, their sale being **one-half greater** than even that of the famous "Wheeler & Wilson" machine. This is owing to the fact that the **Singer Company** have **lately** commenced making, besides their old and well-established manufacturing machine, what is known as their "**New Family Machine**," which is selling at the rate of nine to one **better** than their old style." Their total sales for 1869 were 85,781 machines against the 127,833 of 1870, **showing an increase of one-half in the latter year.**"—*New York Sun.*

One-half of our Gigantic Sales, now nearly

THREE-QUARTERS OF A MILLION
Machines Sold,

AND ALL IN PRACTICAL USE, WERE MADE WITHIN THE PAST THREE YEARS

But the greatest increase of our Sales over all other Machines, being within the past year This is incontestible proof that

Our Machines are the Best in the World!

The New Family Singer Sewing Machine,

With Attachments for All Kinds of Work,

is fast winning supreme favor in the household, as shown by the rapidly increasing sales, over all other machines.

This **New Family Machine** is now capable of a range and variety of work such as was **only recently thought impossible to perform by machinery.** We claim and can show that it is the cheapest, most beautiful, delicately arranged, nicely adjusted, easy operated, speedy, and smoothly running of all the Family Sewing Machines. It is remarkable not only for the range and variety of its sewing, but also for the variety and different kinds of texture which it will sew with equal facility and perfection, using silk twist, linen or cotton thread, fine or coarse, making the **interlocked-elastic-stitch**, alike on both sides of the fabric sewn; the only stitch which is universally approved, or is at all adapted to **first-class work.** Thus, beaver cloth, or leather may be sewn with great strength and uniformity of stitch, and, in a moment this willing and never-wearying instrument may be adjusted for fine work on gauze or gossamer tissue, or the tucking of lawn, or ruffling, or almost any other work, even by a child—which delicate fingers have been known to perform. Even the careless and thoughtless have little or no trouble on this machine.

Send for Descriptive and Price Circulars.

We manufacture our own needles, silk and twist; furnish linen and cotton thread and oil—all of superior quality—but which can be relied on only when obtained through our Principal or Branch Offices, or Agencies.

A GREAT MEDICAL DISCOVERY!

MILLIONS BEAR TESTIMONY TO THE WONDERFUL CURATIVE EFFECTS OF

J. WALKER'S VINEGAR BITTERS

Which are a true Medicine, made from the Native Roots and Herbs of California, **free from all Alcoholic Stimulants.** They are **the GREAT BLOOD PURIFIER and A LIFE-GIVING PRINCIPLE,** a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

They are a Gentle Purgative as well as a Tonic, possessing also the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. **Such Diseases** are caused by **Vitiated Blood,** which is generally produced by derangement of the **Digestive Organs.**

DYSPEPSIA OR INDIGESTION, Headache, Pain in the shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.
