## DEATH SUMMONS NOBLE WOMAN

Mrs. Sarah T. Evans Closes Brilliant Career at 49, After Brief Illness.

FEDERAL BUILDING ADDITION.

Plans and Specifications Received for Improvements Costing \$100,000—Reduction in Price of Coal.

Ogden, Jan. 16.—Mrs. Sarah T. Evans, after a brave struggle of three weeks against the inevitable, has passed to her Maker to receive the reward of a well spent life, death having claimed her at 4:52 yesterday afternoon, at the home of Mrs. Greenwell, 548 Twenty-fourth street, where she had resided during the past four years.

## NOTICE TO OGDEN PATRONS.

Notice is hereby given that John J. McGregor has this day resigned his position as circulator of the Deseret News in Ogden and that that department will hereafter be conducted by E. A. Larkin. All payments for subscription should be made to him or to his authorized collectors. Complaints of non-delivery should be promptly made to Mr. Larkin, at 466 Twenty-fourth street; both phones 821. Jan. 7, 1908.

Her demise comes not only as a great sorrow to her relatives but to a host of friends, for to know her was to love and respect her because of her beautiful life of sunshine and good. At the Weber Stake academy, where she has been in charge of the domestic arts and science department, she was greatly beloved, and her passing from mortality comes as a heavy bereavement to the teachers and students, who today mourn as one large family.

It was just three weeks since she was stricken with pleurisy pneumonia, other complications set in and although

all that medical science and careful nursing by loving hands could do was done for her, from the first of the illness, it was of no avail.

Her life has been as an open book, self-sacrificing, loving and kind, her first thought was always to help others to live better and happier lives. Since a young girl she has been actively associated in all kinds of Church work, she was secretary of the first Young Ladies' association of Lehi, and for 17 years faithfully performed the duties as president. She also took an active part in the Home Dramatic club of Lehi. Shortly after her removal to Ogden four years ago she was chosen as one of the Weber Stake Sunday school board, performing excellent service.

Seven years ago her husband, Frank Evans, who was city attorney of Lehi, died and since that time the angel of death has been a frequent visitor among her relatives.

Mrs. Evans was born Jan. 11, 1858. She was the daughter of William and Charlotte Taylor. Her aged mother and two brothers survive her.

Friday morning at 10:30 memorial services will be held at the Weber Stake academy lecture hall, after which the body will be taken to the depot and shipped to Lehi, where funeral services will either be held Saturday or Sunday.

In state at the house of Mrs. Greenwell this evening and tomorrow morning.

FEDERAL BUILDING.

Plans and Specifications Received for Changes and Additions.

Ogden, Jan. 16.—The plans and specifications for the postoffice building have been received in Ogden. The cost of the addition and other changes will probably exceed \$100,000. It has been decided to have a driveway running to the rear of the building 25 feet wide and 98 feet long, leading down from Grant avenue, to the rear, to a malling platform to be 38 by 7 feet. At the north and west, just inside the property line, a large cement retaining wall is to be erected. The north wall of the present structure is to be torn down to the bottom of the foundation. The basement of the addition is to contain a carriage recreation room, 16 by 41 feet; toilet rooms, 16 by 16 feet; fuel room about 48 by 16, an increase of 25 by 16 feet in the basement floor room.

The first floor will contain a registry room 44 by 16 feet. It was the leaving out of this important department in the present building that necessitated the asking for an additional appropriation and the building of the proposed addition. One more work room 15 by 36, a mailing vestibule 8 by 42, women's toilet, and assistant postmaster's room, 23 by 16.

The second floor will be the federal courtroom, five additional rooms for clerk, marshal, bailiff, prisoners and witnesses. A room 25 by 9 for the postoffice inspector and an elegant marble corridor.

The third floor will contain the civil service rooms and three additional rooms not yet assigned. The new plans do away with the open court at the rear, and an interior court will be made instead. The exterior is to be built of the same design on the addition as the main building, and of the same material. It will cost probably \$5,000 to tear down the north wall to commence work on the new part.

All bids must be in by Feb. 17, 1908, and the work completed by July 1, 1909.

## THE EARTH REVOLVES.

Visual Proof of Fact to be Made at Columbia University.

New York, Jan. 15.—Visual proof that the earth revolves is to be made at Columbia university in February by Prof. Harold Jacoby and S. A. Mitchell. The plan, adopted by Ponceau in Paris in 1881, is to be used by means of a long pendulum suspended from the dome of the Pantheon. He proved that the plane of the oscillation of the pendulum would shift in the same direction as the motion of the sun, or opposite to the rotation of the earth. In the experiments a Columbia pendulum of piano wire 51 feet long, supporting a heavy weight will be swung in the dome of St. Paul's chapel, built at the university last year.

A TRIPLE TRAGEDY.

Mother Poisons Her Two Children and Commits Suicide.

St. Louis, Jan. 15.—Suffering from melancholia and despondent because of the absence of her husband, Mrs. Camille Jacobs, aged 30, wife of Leo Jacobs, a prominent cement manufacturer living on West Pine boulevard, today poisoned her two little sons, Edwin, aged 3 and Samuel, aged 4 months, and killed herself. The tragedy was discovered tonight after a servant returned and found all doors locked.

Judging from evidences in the room in which the bodies were found, the police say, the woman mixed the death draft of prussic acid, supposedly of her own manufacture, orange and water, and after she had persuaded the children to drink, drank of the fatal glass.

Mr. Jacobs is said to be in Laramie, Wyo., on a business trip.

COLD BLOODED MURDER.

Peter Pasdale Shot While Reading Book in His Own House.

Butte, Mont., Jan. 15.—A Miner special from Belt, Mont., says that Peter Pasdale, a well known rancher, was shot and killed as he sat reading a book in an upstairs room of his house, the unknown assassin firing through the window. Pasdale apparently never moved after being shot. He was found by neighboring ranchers who had gone to Pasdale's place on an errand, and to all appearances the murdered man had been dead for several days. Pasdale was a bachelor. It is the belief of the officers that he was killed as a result of trouble with his neighbors over land matters.

From all appearances the assassin shot from the top of a high bank, 250 feet distant from the Pasdale house, the elevated position bringing the murderer in line with the upper story window in which sat Pasdale.
