# WALKER'S STORE.

Inauguration of the spring season in all departments.

## Spring Millinery Opening.

Monday, Tuesday and Wednesday, March the 19th, 20th and 21st, the curtain rises on the spring showing of beautiful millinery creations. Many weeks have we been preparing for this most important event of the season.

Madame Morris has searched out the most distant markets as well as our own great New York salesrooms, that not one of the beautiful creations and designs for this season will be overlooked. The result is obvious in the entrancing display. No such style treasures and dainty creations in millinery have ever been brought to this city before.

Come and see the exhibit, you can spend a whole day looking around, and a happy day, too. A cordial invitation is extended to every one.

## Showing of snappy, spring furnishings in the "men's corner."

If it's correct you'll find it at Walker's. If you find it at Walker's, it's correct.

No store in the city is showing prettier, neater effects in shirts than we are. Some of white linen with fine check stripe. Another line of plain colors with cuffs attached. Pinks, blues, tans, green, blue and white. The cuff attached and coat shirts will be the things sought this season.

A NEW GLOVE is of Italian kid, with two clasps. Fine fitting and very dressy.

FANCY SPRING HOSIERY in many neat effects. Some in lace, others in plain color with neat clock. We have them in silk, lisle or cotton. From 25c pair as high as you want to go.

NECKWEAR IN QUANTITIES and qualities. Very choice patterns. Newest shades and colorings. Prices from 50c up.

## Spring creations manifested in silks and dress goods.

Choicest of all is the new shade—"Argent Court"

Designed especially for Alice Roosevelt's wedding gown.

This fact alone would destine the fabric to great popularity, but aside from the fact that it was designed for our President's Daughter, the shade is in itself very beautiful. We have it in Punjab and Louisine. Very elegant and exclusive for waists and gowns.

FANCY TAFFETAS and messaline are very popular this season. We are showing some very pretty effects in the "shower proof" foulards.

SOME OF THE CHOICE IDEAS IN PLAIN SILKS are the messaline with the radium finish, chiffon taffeta, radia and radium, also crepe de chine and pleated crepe.

### In dress goods for this season.

The mixed gray suitings will undoubtedly be the leaders. A scarcity of this fabric in the market should stimulate early purchases, before the assortments are broken.

IN NOVELTY SUITINGS the newest ideas are in voiles, illusion, poplins and batistes with invisible stripes. Also small embroidered floral designs scattered over the surface of checks and stripes.

THE PLAIN FABRICS comprise silk voiles, silk and wool batiste, silk and wool poplins, silkdome, all wool batiste voilings, poplins, taffeta, toile, floril and shadow checks. Prevailing colors are light and dark shades of blue, reseda green, queens, London and pearl grays, old rose tones and brown.

Among the many elegant creations from Paris, we mention just a few as illustrations:

### Correct corset models for spring.

We show a complete line of the new models in the Alexandra, La Vida, La Spirite, and Thomson's Glove Fitting. The models this season are designed to give a small round effect to the waist. All grades and prices. Expert corsetieres always in attendance.

Our beautiful assortment comprises all the new shades, including pearl gray, and the new shade of blue, also black and white. Made with the new shirred and circular flounce effect. Every skirt a beautiful creation.

## Elegant ideas in curtains, rugs and draperies for the coming season.

Noteworthy among the new curtains are the pretty effects in Cluny, Battenberg, Irish Point in white and Arabian, Brussels and Cable Nets, Ruffled Nets and Muslins in white.

The new silk stripe grenadine curtain bids fair to become a great favorite for the coming season.
