TALK OF THE TOWN.

Spring, Spring, beautiful Spring!

Board of Trade meeting to-morrow at noon.

"Passion's Slave" at the Theatre to-night.

The High Council meets at 7 o'clock to-night.

"Rose-leaf" will be played on Saturday, the 24th prox.

R. C. Chambers, Esq., of this city, has gone east.

The verdict in the Stephens case, at Beaver, is manslaughter.

"A Celebrated Case" will take the boards on Wednesday next.

The Stevens combination give a matinee to-morrow afternoon.

Judge Twiss is giving much satisfaction in the Second District.

The great play of "Pique" on Monday evening, by the Home Club.

The Hamill-Dwyer readings at Milford, Beaver, etc., were a big success.

Messrs. A. O. Smoot, Jr., and John A. Graham returned to Provo to-day.

The trial of Jared Dalton, for murder, will resume at Beaver, on Monday next.

Arthur Brown will defend the Silver Reef strikers at their approaching trial.

John Ashworth has resigned the superintendency of the Beaver Woolen Factory.

The trial of Pollard, the accomplice of Stephens in the killing of Hill-burn, will be continued.

The telephone system booms. A regular web of wires is formed where they cross at right angles.

The Reef strikers will interview Associate Justice Twiss in the Second District Court next week.

"Unknown" drew out a good house last night. It will likely be repeated to-morrow evening.

The blockade on the Union Pacific is keeping back several hundred cars of freight bound for this city.

Potatoes are being shipped from Utah in various directions; 150 carloads have been sold in Denver alone.

There has been nothing doing in the District Court for two days, on account of Judge Emerson's absence.

"Mabel" is in preparation, with Mr. John S. Lindsay in the title role and Mr. David McKenzie as "Macduff."

The improvements on the Theatre building are rapidly progressing. Extra entrances are being made for the circles.

Judge Emerson is expected back from Birmingham to-night. A decision in the Accident-Tewaukie case is next in order.

Prof. Lockington, of the Academy of Sciences, San Francisco, is in town to-day, taking in all the points of interest. The professor, who is on his way to Pittsburg, is greatly pleased with what he has seen in Salt Lake City.

While the improvements in the Theatre are going ahead, wouldn't it be a good idea for the stage setters to beat their carpets once in a while. About all the dusting they get is when they are put down, at which time the audience get a rousing benefit.

It is whispered around that the Labor Dealers' Protective Union is on the point of a collapse. The cause of Messrs. Auer & Murphy, in defying the City authorities, meets with no approval from other members of the league. The reason is, probably, that if the city wins, the Union will have to foot the bill.

LOCAL AND OTHER MATTERS.

Fixing Up.—The machinery for producing the electric light is in position in the building lately erected at the rear of Walker Bros. Store. The engines were fired up yesterday and the power tested. The smoke stacks were erected to-day. On Monday next the generators will be tried.

Information Wanted.—The *Milford Sentinel* of March 7th says: Mr. Simon Haynes desires to know the whereabouts of his brother George Haynes. He left for Utah in the year 1854 or '55. Address Information to Simon Haynes, 2, Elbert Terrace, Havels Park, Southsea, Portsmouth.

The Dalton Murder Trial.—The trial of Jared Dalton, in the Second District Court, for the murder of Mrs. Parker, the particulars of which have repeatedly appeared in the News, commenced the early part of this week. Mr. Zera Snow, of this city, appearing for the prosecution, and Messrs. Hawley and Whedon, of Beaver, for the defense. The charge of murder in the first degree was read to Dalton, who pleaded not guilty. The empanelling of the jury then took place. The *Milford Sentinel* says:

The court room was crowded and much interest manifested in the trial.

Jared Dalton, the accused, is a young man about 22 years of age, short, heavy set, thick-necked and broad between the ears, lacking in the moral and intellectual regions. The physiognomy could safely say that here the animal propensity predominated. Conviction seems almost certain.

Returned from San Francisco.

Yesterday evening, Obed Taylor, Esq., architect, and James Watson, Esq., builder, arrived home from San Francisco, in which city both gentlemen have spent several weeks. Mr. Taylor, it will be remembered, left for the west in the early part of January, taking with him the plans furnished by Dr. John R. Park, for the new Deseret University. These plans he succeeded in perfecting, and they were approved, conditionally, by the Board of Regents some two weeks ago. Mr. Watson's visit to San Francisco had for its object both business and pleasure, and he has been eminently successful in accomplishing the former and securing the latter. With introductory letters to some of the leading business men of San Francisco—including the city architect—Mr. Watson had ample opportunities of inspecting work that cannot prove otherwise than valuable to one in the building trade, while he did not neglect to visit nearly every one of the marble dealers' establishments with a view to augmenting their stock in this line as well as introducing, by and by, machinery required in the marble trade. Both gentlemen return home greatly pleased with their visit to the west. In the course of their travels they met many old friends, formerly residents of Salt Lake, who received them very kindly and did all in their power to entertain them while in the Queen City of the West.

A Pleasant Affair.—The employees of Z. C. M. I. Shoe Factory and Tannery, and invited friends, enjoyed a social reunion and dance in the Jennings' Hall last night, the second anniversary of the establishment of these branches of industry by their present employers. An appropriate address was delivered by one of the workmen; Mr. William Bates, expressing an earnest determination on the part of the employees to heartily co-operate with their manager, Mr. Wm. H. Bates, and the officers of the Institution, in producing goods that may supersede imported articles in every respect. Mr. Bates spoke encouragingly of the good that is being done, and is further contemplated, by the Mutual Aid Society, connected with the factory and tannery. In the name of the employees he gratefully acknowledged the kind interest continually manifest by Mr. Rowe in their welfare, especially for having suggested the organization of the Society one year ago, and his material aid in its direction.

The proceeds of this and a former party will be devoted to provide music books, etc., and pay other necessary expenses attending the regular monthly meetings of the Society.

Hon. Wm. Jennings kindly granted the use of his fine hall, and adjoining rooms, gratuitously for the occasion, for which courtesy the participants desire us publicly to express their thanks.

"Pique."—The advertisement and cast of characters of the great play of "Pique," which won such success during the winter holidays, will be found in another column, it being the intention of the Home Dramatic Club to reproduce the drama on Monday evening next. The valuable services of Miss Nellie Colebrook have been secured for the leading character, likewise nearly all the ladies and gentlemen who assisted the Club in former presentations. The only change in the cast is the substitution of Mrs. H. L. A. Culmer for Mrs. Le Clair in the part of "Mary Standish." It will be Mrs. Culmer's first appearance. The complete Carlees Orchestra, which has always added much to the attractiveness of the Club performances, will appear as usual and render various new and beautiful selections during the evening. Tickets will begin selling to-morrow morning.

As will be seen from the posters around town, the fine play of "Rose-leaf," to be produced by the Club on Saturday, the 2nd prox., and "Pique" is to be repeated on Monday, the 4th.

"Unknown."—A larger audience than that which witnessed the performance on Wednesday night, assembled at the Theatre last evening to see the "Unknown," Mr. Stevens' most noted play and perhaps his best. At all events it far surpasses "Passion's Slave" in nearly every particular. It is, if possible, more sensational than the other, and its situations are thrilling in the extreme. As a drama of its class it ranks highly. Mr. Stevens did some very strong acting as the "Unknown" and won fresh popularity with his audience. Miss Lottie Church played very well indeed. Mr. Bailey as the old tar did exceedingly well. He put on his gruff voice and made the character consistent throughout. Mr. Sheldon as "Jimmy" proved himself a good comedian. Mr. Horley was golden Irishman by his impersonation of the Irishman. It is the best thing he has struck for a long time. Messrs. Miller, Brice and Debus did fairly. Misses Griffith and Vane also played well. The music rendered by Prof. Thomas' enlarged orchestra was very good, and came in for its share of public commendation.

"Passion's Slave," will be repeated to-night.

Ornamental Work in Plaster.—We saw yesterday, some very fine centre-pieces and other ceiling ornamentations made by James Coult, of the 11th Ward. His latest attempt at anything of the kind of work is a beautiful centre-piece suitable for school-houses and large dwelling houses. It is three feet in diameter, with a most raised centre. The outer parts represent alternately a spray of roses and a bunch of grapes, with leaves, tendrils, etc. The moulds were made in this city. There is no need to send east or west for this kind of work, when it can be done here as cheaply and nicely as elsewhere.

The Sauto Tunnel, connected with the Yellow Jacket shaft, is being driven. A fine current of air was blown through the Jacket shaft.

Saved Again.—The Obed Taylor has the following:

"Clara Allen was found last night in a paralyzed condition from the effects of some drug. Dr. Powers was called in and by administering remedies saved the woman from death. Whether it was an attempt at suicide or the result of an overdose of opium, or some other drug used from habit, is uncertain. This is the fourth or fifth time within the past year or two that she has been thus rescued from death."

SPECIAL BUSINESS NOTICES.

Sellsbury's Little Soap Works.

FURNITURE, ETC.—We invite you to examine our stock of Furniture, at 123 to 131 Main Street.

BARRATT BROS.

FEELS YOUNG AGAIN.

"My mother was afflicted a long time with Neuralgia and a dull, heavy, inactive condition of the whole system; headache, nervous prostration, and was almost helpless. Physicians or medicine did her any good. Three months ago she began to use Hop Bitters, with such good effect that she seems and feels young again, although over 70 years old. We think there is no other medicine fit to use in the family."

The salve is guaranteed to give perfect satisfaction in every case or money refunded. Be sure you get HENRY'S CARBOLIC SALVE, as all others are but imitations. Price 25 cents. For sale by all druggists.

By Universal Accord,

AYERS' CATHARTIC PILLS are the best of all purgatives for family use. They are the product of careful and successful chemical investigation, and their extensive use, by Physicians in their practice, and by all civilized nations, proves them to be the best and most effective purgative. Being purely vegetable, no harm can arise from their use. In intrinsic value and curative power no other pills can be compared with them, and every person, knowing their virtues, will employ them, when needed. They keep the system in perfect order, and maintain in healthy action the whole machinery of life. Mild, searching and effective, they are especially adapted to the needs of the digestive apparatus, derangements of which they prevent and cure, if timely taken. They are the best and safest physic to employ for children and weakened constitutions, where a mild, but effectual cathartic is required. d4w

"Buy Me and I'll Be Your Good."

Reader, in almost every well-regulated drug or patent medicine store in New York City or Country, you will see upon the show-case or occupying some other prominent position, that popular article known as HALL'S HONEY OF HONEY.

AND THIS is a certain cure for all Coughs, Colds, Influenza, Difficult Breathing, and all Affections of the Throat, Bronchitis, Whooping Cough, and Consumption, and seems almost to speak to you the above plain, but easy to be understood words: Buy me, and I'll do you good. They are and be convinced. Sold by all druggists, and at Crittenton's Central Medicine Warehouse, 76th Avenue, New York City, at 50 cents and \$1. Great saying by purchasing Hall's Honey of Honey.

"Toothache Drops cure in one minute." d4w

Those who are afflicted with poor may rejoice in the existence of Glenn's Balmy Soap.

Hill's Hair and Whisker Dye, Black or Brown, 50c. d4w

HEALER RESTAURANT and pie-baking shop in full blast, as will be seen from the advertisement in another place. Williams still holds his own as caterer at the public appetite, and is well worthy of the patronage he solicits.

HUNDREDS of People are daily going to the end of the 1st Ward street car track to see Vanishing, the Champion Tooth Puller of America.

Miss A. A. Howard, Magnetic Healer, invites all afflicted with diseases of long standing, to give her a call. Office and residence on the corner from the Cliff House. Consultation free. d98 1 w

JNO. W. SELL.

RESCUED FROM DEATH.

The following statement of Wm. J. Coughlin, of Somerville, Mass., is so remarkable that we beg to ask for it the attention of our readers.

He says: "In the fall of 1876 I was taken with a violent bleeding of the lungs followed by a severe cough. I soon began to lose my appetite and flesh. I was so weak at one time that I could not leave my bed. In the summer of 1877 I was admitted to the City Hospital. While there the doctors said I had a hole in my left lung as big as a half dollar. I expended over a hundred dollars in doctors and medicines, and was so far gone at one time a report went around that I was dead. I gave up hope, but a friend told me of Wm. H. HALL'S BALM FOR THE LUNGS. I laughed at my friends, thinking that my case was incurable, but I got a bottle to satisfy them, when to my surprise and gratification, I began to feel better. My hope, once dead, began to revive, and to-day I feel in better spirits than I have the past three years."

"I write this hoping you will publish it, so that every one afflicted with the Lung disease will be induced to take DR. Wm. HALL'S BALM FOR THE LUNGS, and be convinced that CONSUMPTION CAN BE CURED. I have taken two bottles and can positively say that it has done more good than all other medicines I have taken since my sickness. My cough has almost entirely disappeared, and I shall soon be able to go to work. Sold by all druggists."

FURNITURE, ETC.—We invite you to examine our stock of Furniture, at 123 to 131 Main Street.

BARRATT BROS.

POVERTY AND SUFFERING.

"I was dragged down with debt, poverty and suffering for years, caused by a sick family and large bills for doctoring, which did me no good. I was completely discouraged, until one year ago, by the advice of my pastor, I procured Hop Bitters and commenced their use, and in one month we were all well, and now I have seen a sick day since, and I want to say to all poor men, you can keep your family well a year with Hop Bitters for less than one doctor's visit will cost. I know it. A Workingman."
