

The people seem to be waking up to a sense of their duties and a good spirit prevails. The Bishop has the confidence and good feeling of the people.

Yours in the gospel.  
RICHARD GODFREY.

Meetings at Lehi, Cedar, Fairfield, St. Johns, Tooele, Pine Canyon, Bates Ranch and Grantsville.

GRANTSVILLE, Dec. 18, 1876.

Editor Deseret News:

Accompanied by Brother W. J. Smith, we left Salt Lake City, Dec. 8, 1876, and visited a Sabbath school anniversary at Lehi, Sunday, 10th inst., which was a decided success; 400 scholars are enrolled under the superintendence of Bro. Wm. Yates. Over \$100 was raised by subscription in aid of the school. At the close of the anniversary, in the evening, a full meeting was addressed by Elders David John, E. Stevenson and W. J. Smith.

Lehi has been in the front rank in the production of a good supply of sugar cane molasses, the result of the United Order.

Monday evening we held meeting at Cedar Fort, fifteen miles west of Lehi. A short supply of water is an impediment to this lovely settlement. Considerable charcoal is produced hereabouts, and is a source of revenue. On the following evening we held meeting at Fairfield (old Camp Floyd or Crittenden), five miles South of the latter place, where a new meeting-house has been erected. Not a single death has occurred there during the past three years and there was not a single case of sickness at this time.

Wednesday 13th, we passed over a barren ridge west and then went north-west up Rush Valley to St. Johns, twenty-five miles from Fairfield. This settlement is scattering and short of water, but abounds with cedar groves, and the ready sale for charcoal and wood at the Rush Lake smelters is a great benefit to this settlement. A co-operative store flourishes here, under the direction of Prest. Burridge.

Having held meeting, we proceeded to Tooele City, sixteen miles north, passing Rush Lake on the west side, which is three miles long and about three-fourths of a mile wide, abounding with fish and enlarged from a former bull-rush slough since the first settlement of this valley.

I am informed that one of the smelters on the east side of this lake has shipped east 1,000 car loads of bullion, which would make a train of cars over six miles long. Tooele is a beautiful city on a hill, with the Salt Lake in full view on the north. Of the improvements the most noticeable are a beautiful brick edifice, built by subscription, designed for a lecture hall, library, and relief society; a mark of modern civilization—four drinking saloons. Quite an improvement has been made in the court-house in offices, and a good vault for the county records, etc.

We held meetings at Tooele, and Pine Cañon, five miles east, and at Bates' Ranch, five miles west of the latter place, and then twelve miles north-west at Grantsville, where we held two meetings on Sabbath, in a fine meeting house similar to the one in Tooele, excepting there is a hall in the gallery in the one in Tooele.

We held meeting in E. T. City on Monday evening.

We found a good spirit and liberal feelings with the people.

EDWARD STEVENSON.

—Referring to the construction of theatres, with special reference to the statement of the architect of the Brooklyn Theatre, Jackson, that it "was as well provided with means of exit as any theatre he knew of," the *St. Louis Globe Democrat* says, "The witness, however, could not have been ignorant of the fact that at least two of the principal theatres of New York, Booth's and the Opera House, are so well provided with entrances that, in case of extreme panic, the wide doors opening on the streets afford the amplest means of egress to every man, woman and child who could find sitting or standing room in the auditorium and galleries. But, if we except these two, and, perhaps, a few others over the country, the statement of the architect in regard to the means of exit of theatres in general is, unfortunately, too true. Almost without know-

ing it, the people of this country have, for years, been attending theatres whose sole method of egress is by a narrow door leading to a flight of stairs often with two or three turns before the ground is gained."

—An Oakland (Cal.) lady ate 30 quails in 30 consecutive days for \$600. She was glad when she got through, and would quail before engaging to take so much quail again in so short a time.

\$5 to \$20 per day at home. Samples worth \$1 free. STINSON & Co., Portland, Maine

## CASH PAID FOR RABBIT SKINS!

We want 100,000. Persons wishing to obtain the highest price should see that they are taken off properly.

At Coal Scales, one block east of Coal Depot, Salt Lake City. w38

## Gentaur Liniments.

[Letter from a Minister.]

Wm. H. Hickox, Rector of St. John's P. E. Church, Wakefield, Clay Co., Kansas, writes: "Many years I have been suffering from a weak back, caused from a strain more than 40 years ago. I have not found anything to relieve me until I commenced the use of Centaur Liniment. I feel it my christian duty to inform you that by its wonderful effects I am entirely relieved of pain."  
"Jan. 22, 1876."

This is a sample of many thousand testimonials received, of wonderful cures effected by the Centaur Liniment. The ingredients of this article are published around each bottle. It contains, Witch Hazel, Mentha Arnica, Rock Oil, Carbolic, and ingredients hitherto little known. It is an indisputable fact that the Centaur Liniment is performing more cures of Swellings, Stiff Joints, Fractures, Rheumatism, Neuralgia, Sciatica, Caked Breasts, Lock-jaw, &c., than all all other Liniments, Embrocations Extracts, Salves, Ointments, and Plasters now in use.

For Toothache, Earache, Weak Back, Itch, and Cutaneous Eruptions, it is admirable. It cures burns and scalds without a scar. Extracts poison from bites and stings and heals frost-bites and chilblains in a short time. No family can afford to be without the Centaur Liniment, white wrapper.

The Centaur Liniment, Yellow Wrapper, is adapted to the tough skin, muscles and flesh of the animal creation. Its effects upon severe cases of Spavin, Sweeney, Wind-Gall, Big-Head and Poll-Evil, are little less than marvelous.

Messrs. J. McClure & Co., Druggists, cor. Elm and Front Sts., Cincinnati, O., say:

"In our neighborhood a number of teamsters are using the Centaur Liniment. They pronounce it superior to anything they have ever used. We sell as high as four to five dozen bottles per month to these teamsters."

We have thousands of similar testimonials.

For Wounds, Galls, Scratches, Ring-bone, &c., and for Screw Worm in Sheep it has no rival. Farmers, Livery-men, and Stock-raisers, have in this Liniment a remedy which is worth a hundred times its cost.

Laboratory of J. B. Rose & Co.,  
6 Day St., New York.

## Castoria.

Mothers may have rest and their babies may have health if they will use Castoria for Wind Colic, Worms, Feverishness, Sore Mouth, Croup, or Stomach Complaints. It is entirely a vegetable preparation, and contains neither mineral, morphia, nor alcohol. It is as pleasant to take as honey, and neither gags nor gripes.

Dr. E. Dimock, of Dupont, Ohio, says:

"I am using Castoria in my practice with the most signal benefits and happy results, and find it a perfect substitute for Castor Oil."

This is what everyone says. Most nurses in New York use the Castoria. It is prepared by Messrs. J. B. Rose & Co., New York, successors to Samuel Pitcher, M. D.

## EAGLE HOUSE, S.P. Teasdel.

### VISITORS TO CONFERENCE.

CASH for old Cast Iron, Brass, &c. w 18

## MCCORMICK REAPERS, MOWERS AND HARVESTERS.

Who was the Inventor of Reaping and Mowing Machines?

Who has been building Reapers and Mowers for over Thirty Years?

MCCORMICK!

MCCORMICK!

## FARMERS OF UTAH!

We have one question to ask you, viz: Ought not the Inventor of the Reaping and Mowing Machine, who has been building them constantly over THIRTY YEARS, and who has the largest capital and largest Manufactory of any firm building machines in the world, ought not he to be able to build as good and BETTER machines than any competitor?

Think of the above before you buy! Also, remember that there were more of the MCCORMICK machines sold in the United States last year, and every year, than any other make, and ask yourself the reason why. Is it not because they are the BEST and most DURABLE machines?

See for yourselves before buying. Remember that every machine is fully guaranteed.
