franchise for twenty-five years to right-of-way for their line, on condition that the said company furnish one free phone for the use of the county for that time, was duly passed.

The tax levy for the current year was fixed as follows: For general county purposes \$3 mills; for county schools, 2 mills; for interest on bonds \$16 of a mill; for sinking fund 2-10 of a mill, making a total county levy of 7.8 mills. This is the same rate as last year but the revenue derived therefrom will be somewhat larger on account of the increased valuation.

As the school districts of Elsinore and Joseph had failed to levy for a sinking fund in accordance with the requirements of the law, the county commissioners by resolution levied a 2 mill tax for Joseph and a 1 mill for Elsinore as sinking funds for the respective districts.

C. C. Nielsen was appointed road supervisor of Redmond precinct to fill the vacancy caused by the former supervisor, Anton Jensen, removing from the state.

Appropriations for general purposes were made to the amount of \$112,344.

SAGE HEN NUISANCE.

The county fish and game warden reported that the sage hens in Grass Valley have become a public nuisance to the farmers as the hungry birds devour large quantities of grain. It was then discussed as to the propriety of permitting sportsmen to kill the birds out of season in violation of law under the circumstances, but the commissioners suggested to the game warden that the law should be observed by the sportsmen, but the farmers whose fields were being invaded by the hens might kill them as a matter of self-protection.

Floods Sweep the Town—Narrow Escape of Stapley Family.

Special Correspondence.

Loa, Wayne Co., Aug. 5.—Yesterday afternoon one of the severest thunderstorms that has occurred in Rabbit Valley for over twenty years, swept through the little town of Loa. The rain did a great deal of good to crops, and also some damage. Spring creek overflowed its banks and before it had got to the meadow of Mr. James Stapley it was a great roaring flood. Women and children were alone at the meadow and saw it coming just in time to save themselves. They ran from the house across a creek and up on to higher ground, where there was a wagon with a hay rack, which afforded them a little protection. Men from town saw the flood going and hurried down to the meadow, but could not rescue the family as the water was so deep the horses had to swim. The rescuers had to go back and go several miles around to get the women and children, whom they found very badly frightened, but not hurt.

OUR NEIGHBORS.

RICH, IDAHO.

Reunion in Honor of 70th Birthday of Mrs. Emeline Grover Rich.

Special Correspondence.

Rich, Bingham Co., Idaho, Aug. 4.—A very enjoyable reunion was held in our little village July 30, 1901, the event taking place upon the seventieth birthday of Mrs. Emeline Grover Rich, at the home of her son, Heber C. C. Rich.

Sister Rich was born at Freedom, Catteraugus Co., New York, in the year 1831.

She was personally acquainted, as a child, with the Prophet Joseph Smith, and received blessings under the hands of both "Father" Joseph Smith and Patriarch Hyrum Smith. In the year 1845 she was married to Apostle Chas. C. Rich, who was a close personal friend of the prophet and entered Salt Lake City in 1847, as a pioneer, driving an ox team most of the way.

In 1851 she moved with her husband to California, returning again to Utah in the year 1854. In 1854 she became a pioneer of Bear Lake, where she has since made her home. Sister Rich is the mother of eight children, seven of whom are living and were present upon this occasion. There was also twenty-two of her thirty-six living grandchildren present, and four of her five daughters-in-law, making a total of thirty-four seated at the dinner table. Her oldest living son, London J. Rich, presided.

Appropriate and pleasing addresses were made by members of the family, after which Sister Rich gave her family some wise and motherly advice—advice that will remain faithful to the Gospel, and to live lives whose example shall be worthy of emulation. Several valuable presents were made, among which was an elaborate easy chair presented by her children.

A very pleasing program consisting of songs, recitations, piano and guitar selections, was then rendered by members of the family, and a touching epilogue. To Mother composed for the occasion, was read by the author, one of her daughters.

Eruptions, cuts, burns, scalds and sores of all kinds quickly healed by DeWitt's Witch Hazel Salve. Certain cures for piles. Beware of Counterfeits. Be sure you get the original—DeWitt's.

CHILD LOST IN A FLOOD.

Narrow Escape of Mother and Infant from Drowning.

Special Correspondence.

Coyoto, Garfield Co., Aug. 5.—A heavy thunderstorm broke upon the hills on the west of our valley, this evening about 6 o'clock, drenching the country. Mr. A. M. Hunter, and drowning little 3-year-old Jennie Langford.

When the family at Mr. Hunter's saw the maddening flood making for the house, bringing with it barns, stables and corrals, they thought the house would go too, and made for better quarters. Mrs. Lizzie Talbot holding fast to little Jennie. When the rushing stream struck the house it bore them down, and John Talbot came to their rescue, but the child was stricken from their grasp in their struggle for life. The mother, Mrs. Annie Langford, with her arms, seeing of child going down, both tried to save the daughter, but the child was borne down by the flood, and she and her babe to their death.

Part of the time she was down and rolling and on her knees, but she clung to the child, held it above the water till rescued. Word was sent to town—a mile and a quarter away—for help, and a quick response was given, but it was an hour before the remains of little Jennie were recovered. Mr. A. M. Hunter, and drowning little 3-year-old Jennie Langford.

SCHOOL BOARD RECEIVES REPORTS

Annual Statements Submitted Last Night by Moreton and Others.

THE DEFICIT WAS LARGE.

The Condition of the Schools Financial and Otherwise—President's Report Not Completed Yet.

The board of education met last evening for the purpose of receiving the annual reports of the officers and committees, but the reports of the president and the committees on buildings and grounds and teachers and school work were not ready, and further time was granted for completing them.

On motion of Mr. Bamberger the clerk was instructed to solicit bids from the "News," Tribune and Herald for the publication of all the reports.

The treasurer's report for the month of July showed receipts amounting to \$133.15, and disbursements \$39,626.79, having an overdraft of \$39,493.64.

The board was reminded by the president that it had given its note for the overdraft, and it was not necessary to report the amount. The report was therefore corrected in the part relating to the overdraft.

On recommendation of the committee on teachers and school work, George C. Young was re-employed as supervisor of music, and Mrs. Franc R. Elliott as supervisor of drawing. Their salaries were fixed at \$135 a month, with a bonus of two weeks' salary additional.

Free normal scholarships were given to the following on the recommendation of the committee: Jennie Groesbeck, Carrie Dunyon, Binda Hamilton, Emily Green, Sylvia P. McAllister, Frances E. McAllister, Emma A. Christensen and Jesse M. Tibbs.
