BREVITIES.

Deer and bears are frequently killed within a few miles of Plymouth Rock.

Bismarck's Confederation has 1,440,000 troops at its disposal in case of war.

There are now three distinct and antagonistic Woman's Rights Associations in New York City.

The difference in clock time betweeen Sacramento and Promontory Point is about thirty-five minutes.

A French chemist has discovered that the essence of turpentine is an antidote for poisoning by phosphorus.

The grasshoppers are injuring the crops in some parts of Yolo County, and are also doing damage to the grape vines in San Bernardino, Cal.

The San Francisco debating Club discussed, a few nights ago the question, "Is George Francis Train a humbug?" and decided it in the affirmative by ayes 49, noes 5!

The largest drum in the world is one just completed in a Granville (Mass.) manufactory, for the Peace Jubilee. It is eight and one-half feet in diameter, and bears the inscription, "Let us have peace."

An auctioneer exclaimed: "Why, really, ladies and gentlemen, I am giving these things away!" "Are you?" said an old lady; "well, I will thank you for the silver pitcher you have in your hand."

A traveler in Pennsylvania asked the landlord if they had any cases of sunstroke in that town. "No, sir," said the landlord, "if a man gets drunk here, we say he is drunk, and never call it by any other name."

A San Francisco paper says that the fare from that city (775 miles) to the end of the Central route is greater than from the end of the Central, *via* Omaha and Chicago, to New York, 2,326 miles. The Central charges ten cents per mile in gold, or $77. 50 to Salt Lake.

A New York physician reports a curious case of a dog, which had just died, having fresh blood passed into the carotid. The dead animal was revived, stood on his feet, wagged his tail and lived over twelve hours, when he died again.

Father Taylor, the seaman's chaplain, of Boston, says: "Ralph Waldo Emerson is as sweet a soul as God ever made, but he knows no more of theology than Balaam's ass did of Hebrew grammar."

Good for Waldo!

Two Hawaiians attempted to desert in a tub from the bark *Oriole*, of New Bedford, one evening, when twenty-five miles off the Marquesas Islands. They returned swimming, in about eleven hours, having lost their tub.

A German boy named Hoopers, of Pella, Iowa, has invented a machine which will cut from fifteen to twenty acres of corn a day, a knife cutting off the hills and gathering them into arms that hold from four to six hills; then by a lever, they are dropped into piles which are ready to be stood up in shocks.

Near Todmorden, Lancashire, England, recently, a man was observed descending a declivity at a terrific pace on a velocipede, which had become utterly uncontrollable. He was uttering the most heartrending shrieks of "Police," "Fire," "Stop me," until fortunately, both he and the vehicle rolled in the mud, whence he was picked up in a damp and miry condition, but unbroken as to his bones.

The late Mr John Gray Bell, of Manchester, an untiring print-collector and book hunter, devoted many years to the illustration of the Bible by inserting in Macklin's folio edition above a thousand original drawings and photographs, and nearly ten thousand engravings, with three hundred specimen-leaves of old and rare editions of the Bible. The result was sixty-three handsomely bound folio volumes with double the number of illustrations contained in the famous Bowyer Bible of forty-five volumns. This big bible is now on sale."

The Portland (Oregon) *Courier* says that during a brisk shower at Sheridan, in Yanhill county, on the 18th of March, there fell what seemed to be a kind of hail, but on examination was found to be composed of peculiar whitish worms—millions of them. Each werm had the power of doubling up and skipping a foot or more. They were from an eighth to a quarter of an inch long, with a small darkish spot about the head. They appeared to die very soon.

"Tim Bear," who is the oldest chief among the Comanches, says "he has lived sixty winters on buffalo meat, and he cannot see why they will not let him continue so to live, and not force him to eat corn meal which makes him sick. He wants no farmer about him! He has always lived happy in his lodge, and believes he can do so still. He wishes the white men would give him sugar and coffee instead of garden seeds and hoes, although the hoes make splendid arrow-heads;" to which purpose his tribe have appropriated a large number.

In court, once upon a time, a very pretty young lady appeared as a witness. Her testimony was likely to result unfavorably for the client of a pert young lawyer, who addressed her very superciliously with the inquiry:

"You are married, I believe?"

"No, sir."

"Only wish to?"

"Really, I don't know. Would you advise such a step?"

"Oh, certainly! I am a married man myself."

"Is it possible? I never should have thought it. Is your wife blind or deaf?"

It is scarcely necessary to add that the discomfited attorney did not vouchsafe a reply.
