VENIRE FOR SPECIAL JURORS.

salts in District Court-Musical Given By State Deaf and Blind School A Creditable Affair.

Ogden, Utah, May 16 .- Another echo of the Azusa wreck which occurred November 11, 1905, on the Union Pacific, will be heard in the district court. A. I. Stone, the administrator of the estate of Walter M. Comstock, deceased, has had suit prepared to file asking damages from the Union Pacific company in the sum of \$20,000 alleged to be due for the death of Comstock. Comstock was fireman on the ill-fated freight train, which collided with another train resulting in the young man's death. It is charged that the wreck was caused through the carelessness of the railread company in permitting a locomotive to be used to mitting a locomotive to be used to pull the train which was out of repair, is claimed steam escaped so rapdly from the engine that it fully enveloped the same, preventing the en-gineer from seeing the approaching Wright. Plaintiff claims that she was bed the same, preventing the en-

train. The plaintiff also expects to prove that the operator who gave the orders to the trainmen made a mistake and was not a regularly employed operator, but was taking the place of the regular operator, and it is claimed that it was through his mistake the accident was caused. Several damage suits

dent was caused. Several damage suits resulting from the same wreck have already been tried in the district court and judgment given plaintiffs.

SUITS IN COURT. The Merchants Protective association and C. M. Carstensen have com-mensed suit in the district court to recover \$1,090 from Alma B. Carsten-sen. The complaint alleges that de-fendant loaned from Karen Carstensen \$1,000 in May, 1902 giving his promisary note due in two years for the amount. That Mrs. Carstensen has since died and the note was sold to the Protective association, who ask judgment for

association, who ask judgment for \$1.090 and costs of suit.

Fred Foulger is plaintiff in a suit brought to recover \$552.73 from John McGrath and wife. Plaintiff alleges that he built several rooms on a house belonging to the McGrath's for which they contracted to pay \$877, which they have failed to do, excepting as they paid for the building material.

Mrs. Anna M. Wahlberg has commenced action in the district court to recover \$150 damages from Frank

Twenty-third street from which the defendant ejected plaintiff to her damage in the sum of \$150.

SPECIAL JURY VENIRE.

The following special jury venire has been drawn to hear the suit of Michael O'Laughlin against the Union Pacific, to recover \$20,000 damages: Wilson G. Wright, William Becraft, W. P. Foster, John Jenkins, Walter L. Hol-Foster, John Jenkins, Walter L. Hol-brook, Edwin Williams, Ezra H. G. Williams, W. W. Elmer, William A. Hunt, Oscar M. Browning, Andrew G. Erickson, Myrtillo Shaw, Walter W. Graine, Thomas F. Emmett, John Brawning, Frank Garr, John L. Wil-son, D. W. Stone, William Moyes, George M. Wheelwright, Moroni H. Thomas Benjamin Diverdale G. I. Thomas, Benjamin Dinsdale, C. J. A Lindquist, James H. Deuglass, John W Wotherspoon, Ogden: Peter M. Folk-man, Plain City; John F. L. Allred, Slaterville; Edwin Hill, North Ogden; John Ward, Liberty.

BRIEFS AND PERSONALS.

Burdette Smith is visiting in Ogden for a few days from Garland, where he and David Foulger are going to open up a mercantile business. Undertaker Kaiser of Elko, Nevada, was in Ogden yesterday on business. Rev. Charles Richardson, who at one time was pastor of the Presbyterian

church in this city, is visiting with friends here for a few days, from his home in Great Falls, Montana. Chas, Taylor and Edward Nelson were each found guilty of selling liquor to minors and fined \$50 each.

J. J. Carmichael of Ridgeway, Colo. is spending a few days in Ogden with friends.

WOOLBUYERS COMBINE

Falls to Pieces and Scramble for Wool At High Prices Ensues.

Special Correspondence.

Cheyenne. Wyo., May 12.—The wool combine has been broken in Carbon county, and buyers are now in a wifa scramble to secure the clips. Recently the eastern wool agents got together and as a result 18 and 19 cents were ofand as a result 18 and 19 cents were of-fered for wool that had been selling for from 20 to 23 cents. The flockmasters refused to accept the offerings and pre-pared to consign their clips. The Wy-oming Wool Growers' association, and the district associations of Carbon and Natrona counties and Johnson county threatened to establish independent wool commission houses, or sell direct to the manufacturers, and the wool buyers took a tumble. Thursday and yesterday more than

half a million pounds of wool was sold in Sweetwater and Carbon counties at prices ranging from 22 to 2314 cents.

BLOODLESS GIRL

CURED OF ANAEMIA BY DR.

WILLIAMS' PINK PILLS.

Miss Hathaway says These Pills Saved Her Life and She Recommends Them to Others.

Doctors have given the Greek name Anaemia, meaning "bloodlessness," to

a disease which is much more prevalent among young women than is generally believed. An unusual feeling of fatigue

after slight exercise, breathlessness and pallor are the first noticeable signs. The disease literally causes the blood to turn

to water and, unless a proper remedy is used is inevitably fatal.

Miss Frankie Hathaway of 214 West Main Street. Kalmazoo, Mich., says "When I was sixteen years old I was taken quite ill, so ill that the family doctor was called to attend me. I was

pale and weak and did not gain under his care. Other treatment brought no better result and by the time I was

nineteen years old I was so weak that I could not walk across the floor. I was terribly emaciated and my skin had lost all color. The doctor said I

had anaemia.
"One of my friends advised me to try

Dr. Williams' Pink Pills as she had been cured of a somewhat similar trouble by their use. I bought a pack-

age and soon found that they were doing me good. My appetite increased and the healthy color began to show in my cheeks and lips. I continued to use the pills until I was permanently

Since then I have never had any re-

turn of my old trouble and cannot re-member a time when I was so strong and healthy as now. Dr. Williams' Pink

Pills saved my life and I believe that no other medicine could have done so."

Dr. Williams' Pink Pills cure anaemia just as food cures hunger. They do not act on the bowels but they actually

make new blood. Most common dis-eases are caused by bad blood and Dr.

Williams' Pink Pills by supplying the

elements necessary to give new life and richness to the blood have cured

even such diseases as locomotor atax-la, partial paralysis, St. Vitus' dance,

sciatica, neuralgia rheumatism, nervous

headaches, the after-effects of the grip palpitation of the heart, pale and sallow

complexions and many forms of weak-ness in male and female. Dr. Williams Pink Pills are sold by all druggists or

in the dread valley.

The young fellows, whose names are unknown, but whose trousers are marked, "Walsh, The Tailor," lost their lives somewhere close to the range mentioned and nearly 30 miles from

ater.
Their animals have not been found, except one pack horse which was partly covered by sand and nothing but skin and bones. The older of the men had evidently gone crazy before dying, his fingers being worn away to the bone on both hands. Near where he was found by Constantine and party he had dug a three or four-foot hole in the sand, and with his naked hands

vainly tried to reach water.

The bodies of both were nearly nude, and the younger, a man not over 25 years of age, with gold-filled front teeth, had on him a handsome gold watch of Elgin movement, marked with a monogram ", G. H.," and a seal ring with the letter "H" on the seal.

The bodies were brought out of the vailey of death by Constantine and his partners and buried near Carroll Springs. ainly tried to reach water.

## No Man Stronger Than His Stomach.

THE first lesson that the young girl has of womanhood is usually a painful one. She learns to know what headache means, and backache, and sometimes is sadly borne down by this new experience of life.

All the pain and misery which young girls commonly experience at such a time may, in almost every instance, be entirely prevented or cured by the use of Dr. Pierce's Favorite Prescription. It establishes regularity. It tones up the general health, and cures headache, backache, nervousness, chorea, or St. Vitus's dance, and other consequences of womanly weakness or disease.

#### MOTHER OF THE FAMILY.

The anxious mother of the family oftentimes carries the whole burden of responsibility so far as the home medication of common ailments of the girls or boys is concerned. The cost of the doctor's visits are very often much too great. At such times the mother is invited to write to Dr. R. V. Pierce, of Buffalo, N. Y., for medical advice, which is given free. Correspondence is held sacredly con-

#### IT STANDS ALONE.

"Favorite Prescription" is the only medicine for women the makers of which are not afraid to print just what it is made of on every bottle-wrapper. It is the only medicine for women every ingredient of which has the unanimous endorsement of all the leading medical writers of this country, recommending it for the cure of the very same diseases for which this "Prescription" is advised.

#### A MOTHER'S LOVE.

A mother's love is so divine that the roughest man cannot help but appreciate it as the crown of womanhood. However, motherhood is often looked forward to with feelings of great dread by most women. At such times a woman is nervous, dyspeptic, irritable, and she is in need of a uterine tonic and nervine, a strength-builder to fit her for the ordeal. No matter how healthy or strong a woman may be she cannot but be benefited by taking Dr. Pierce's Favorite Prescription to prepare for the event. It makes childbirth easy and often almost painless.

#### DR. PIERCE'S FAVORITE PRESCRIPTION

is a powerful, invigorating tonic. It imparts strength to the whole system and to the womb and its appendages in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

#### A STRENGTHENING NERVINE.

"Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, prostration, neuralgia, hysteria, spasms, chorea, or St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic

disease of the womb. It induces refreshing sleep and relieves mental anxiety and despondency.

#### A SCIENTIFIC MEDICINE.

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate organism. It is purely vegetable in its composition and perfectly harmless in its effects in any condition of the system. For morning sickness or nausea, weak stomach, indigestion, dyspepsia and kindred symptoms, its use will prove very beneficial.

#### CURES OBSTINATE CASES

"Favorite Prescription" is a positive cure for the most complicated and obstinate cases of leucorrhea, excessive flowing, painful menstruation, unnatural suppressions and irregularities, prolapsus or falling of the womb, weak back, "female weakness," ante-version, retro-version, bearing-down sensations, chronic congestion, inflammation and ulceration of the womb, inflammation, pain and tenderness of the ovaries, accompanied with "internal heat."

#### . HOW TO LOOK BEAUTIFUL.

Young women or matrons should not allow themselves to look sallow and wrinkled because of those pains and weaknesses which become chronic and are the result of colds, tight lacing, and the imprudent care of the womanly system. Many a woman would look beautiful, have healthy color and bright eyes if it were not for those drains on her strength and those weaknesses which come all too frequently and make her life miserable. There is a ready-touse Prescription, used a great many years by Dr. R. V. Pierce in his large practice as a Specialist in woman's diseases, which is not like the many "patent medicines" on the market, as it contains neither alcohol nor any narcotic, or other harmful drug. It is purely vegetable. It is known as Dr. Pierce's Favorite Prescription and is sold by druggists.

#### DR. PIERCE'S PLEASANT PELLETS

cure biliousness, sick and bilious headache, dizziness, costiveness, or constipation of the bowels, loss of appetite, coated tongue, sour stomach, windy belchings, "heart-burn," pain and distress after eating, and kindred derangements of the liver, stomach and bowels.

Persons subjected to any of these troubles should never be without a vial of the "Pleasant Pellets" at hand. In proof of their superior excellence it can truthfully be said that they are always adopted as a household remedy after the first trial. One little "Pellet" is a laxative, two are cathartic.

They regulate, invigorate and cleanse the liver, stomach and bowels. As a "dinner pill," to promote digestion, take one each day. To relieve the distress arising from overeating, nothing equals one of these little "Pellets." They're tiny, sugar-coated, anti-bilious granules, scarcely larger than mustard seeds

#### HEALTH AND HAPPINESS.

How to live in health and happiness, is the general theme of Dr. Pierce's Common Sense Medical Adviser. This great work on medicine and hygiene, containing over 1000 pages and more than 700 illustrations, is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers,

" - Anderforbelte

THE celebrated Dr. Abernethy of London was firmly of I the opinion that disorders of the stomach were the most prolific source of human ailments in general. A recent medical writer says, "every feeling, emotion and affection reports at the stomach (through the system of

nerves) and the stomach is affected accordingly. It is the vital center of the body \* \* \* \* ." He continues, "so we may be said to live by (and he might well have said through) the stomach." He goes on to show that the stomach is the vital center of the body. He says, "the function of digestion in its several stages is to prepare the food in forms which are suitable to be added to the structure," meaning the structure of our bodies. He continues, "every physical action from simple breathing, thinking and circulating of the blood to the most active bodily exertion wears out portions of the structure (of our bodies) and they become dead and so require to be taken away speedily. Much of the food which we take, and especially when unwholesome or in excess, adds to the waste material, and when it has undergone chemical changes it is still more mischievous." Then he goes on to the effect that the nervous system prompts every part of the circulating system. He says, "it gives its message every moment to the infinate number of glands and follicles to unload themselves of waste material so that the current of blood may carry it

"When these two processes of nutrition and excretion are thus carried on with equal assiduity we are in health, but when this equilibrium does not exist there comes disorder and disease. The common form of such derangement is indigestion or dyspepsia. The function of nutrition is interrupted and all the operations which depend upon it go wrong. Under these conditions it has a way of appearing in other types of disorder. Many of the often mislead physicians. Other parts of the organism are likely to be involved, and we may find consumption, kidney complaint, hepatic (liver) disorders, hysteria and even mental alienation (derangement)." He says, "it may be observed that deranged persons have a woe-be-gone expression, offensive breath, irregular action of the bowels, hallucinations and other like conditions of dyspepsia,"

The foregoing is no doubt a rational view of the sad havoc worked in the human system by indigestion and dyspepsia, torpid liver and kindred derangements, which are generally associated with or followed by many other diseases of diverse appearance, but all depending upon the weak and disordered stomach. Cure the stomach weakness and you cure all these diseases and derangements.

For weak stomachs and the consequent indigestion or dyspepsia, and the multitude of various diseases which result therefrom, no medicine can be better suited as a curative agent than Dr. Pierce's Golden Medical Discovery. The Golden Seal root, Stone root, Mandrake root and Black Cherrybark are all recommended by such eminent authorities as Dr. Bartholow, of Jefferson Medical College; Prof.

John King, author of the "American Dispensatory": Prof. John M. Scudder, late of Cincinnati; Dr. William Paine, author of Paine's Epitomy of Medicine, Dr. Hobart A. Hare, of the University of Pa.; Prof. Laurence Johnson, M. D., Medical Department, University of New York: Prof. Edwin M. Hale, M. D., Professor of Materia Medica in the Hahnemann Medical College, Chicago, and many others, as remedies for indigestion and dyspepsia, torpid liver as well as for bronchial, throat and lung affections, as will be seen from reading a little booklet recently compiled by Dr. R. V. Pierce, of Buffalo, N. Y., who will send the same on request, by postal card or letter, to any address, free. This little booklet tells of what Dr. Pierce's celebrated medicines are made, and gives the properties and uses of each and every ingredient entering into their composition. Write Dr. Pierce, as above and receive it by return post.

Queen's root, or Stillingia, is an ingredient entering into the "Golden Medical Discovery" highly recommended by several of the above mentioned authorities for the cure of chronic or lingering bronchial, throat and lung affections, public speaker's sore throat attended with hoarseness, dry, rasping cough and kindred affections. Not only is Queen's root specific in its curative action in all these affections, but in "Golden Medical Discovery" it is greatly assisted by the combination with it of Golden Seal root, Stone root, Black Cherrybark and Bloodroot, with which it is blended in just the right proportion. Pure, triple-refined glycerine also greatly enhances the effectiveness of all these agents in the cure of chronic and lingering coughs, being a valuable demulcent, also antiseptic, and a nutritive of great value, especially useful in all wasting diseases, as in incipient consumption and other scrofulous affections. "Golden Medical Discovery" is a sovereign remedy in all catarrhal affections, whether affecting the nasal passages, the stomach, bowels or pelvic organs and the reason why will be learned by reading the little booklet noted above. Send for it now

In chronic catarrh of the nasal passages, it is important that while taking the "Golden Medical Discovery" as the most effective constitutional treatment for this terribly distressing and most obstinate affection that the nasal passages should be cleansed two or three times a day by the free use of Dr. Sage's Catarrh Remedy, used according to the directions which accompany the same.

The enormous popularity of "Golden Medical Discovery" is due both to its scientific compounding and to the actual medicinal value of the ingredients. The publication of the names of the ingredients on the wrapper of every bottle hereafter to be sold, gives full assurance of its nonalcoholic character and removes all objection to the use of an "unknown remedy."

Every bottle of Dr. Pierce's Golden Medical Discovery bears the stamp of public approval. For the dealer to offer you something he claims is "just as good" is to insult your intelligence.
