

they would not be forced into such payment under the threat of stopping their wages, and so appropriated \$2,000 for court expenses, and afterwards \$15,000 to cover the deficiency, making the sum of \$17,000 for the two years named.

Reference to the Auditor and Treasurer's reports will show that a very large proportion of the revenue of the Territory has been paid out for the expenses of the District Courts in criminal cases, and the county financial reports will prove that considerable sums are paid annually for prosecutions in the District Courts. And as the District Courts' expenses for criminal prosecutions increase in such an alarming ratio instead of being paid for by the Legislature for supposed inaction, something will have to be done to increase the revenue or decrease those expenses, or there will be little left in the Treasury for any other public expenses.

Falseness is doing its work again in Congress and all over the country, and in consequence of it laws are proposed which are antagonistic to the fundamental principles of our government just to strike a blow at the rights and liberties of the people of Utah. Will it not be wise for our national legislators to investigate without prejudice before being led further into injustice by the untruthful assertions of cunning and unprincipled schemers with an eye to gain and plunder?

Blaine and Voorhees for 1884. CHICAGO, 20.—A Washington special says: A Western press reporter this morning interviewed several leading democrats in regard to the reported scheme to run Blaine and Voorhees as candidates for 1884. Blaine, Voorhees characterized the story as too absurd to be noticed. Senator Morgan pronounced the whole thing a fiction, saying: "I don't think Blaine would ever let his political friends do such a thing as to run him as a candidate for 1884. I like Mr. Blaine very much personally, but I believe the straight-headed, unadorned democracy would rather live with a single pure democratic candidate than with a coalition and mixture of principles." Among democrats generally the story is regarded as, but a few, however, are inclined to shake their heads and say things are drifting that way.

Councillor Cliff, from the committee on roads, bridges and ferries, reported favorably on the petition of H. McConkide and other citizens of Piute and Sevier counties, asking for an appropriation for a wagon road from near Maryvale to a point near Monroe.

The committee also reported a joint resolution that a territorial commissioner be appointed, to act with two other commissioners, one to be appointed from Piute County, and one from Sevier County, to locate a road, appropriating \$1,000 from the territorial treasury providing a like sum be jointly appropriated by these counties for the same purpose.

The resolution was read and referred to the committee on roads, bridges and ferries, suggesting that the better place is at the junction of the road to Elsinore and Monroe on the road to Maryvale. The resolution was amended by the insertion of the name of Jesse W. Fox as the Territorial Commissioner, and adopted.

A message was received from the House notifying the Council that H. F. 26, a bill relating to the affairs of probate judges, had been passed. Referred to the committee on judicial affairs.

C. F. 11, the liquor bill, was read as amended by the House and the 13 amendments adopted.

A message was received from the House stating that a concurrent resolution had been passed for the renting of four rooms on the second floor of the Hooper and Eldridge block for the use of the Auditor of Public Accounts, the Territorial Treasurer, Surveyor General, Recorder of Marks and Brands, Sealer of Weights and Measures and Territorial Librarian.

C. F. 19, the bill providing means for the collection of small debts, was taken up, read, discussed, and laid on the table until Monday.

Benediction by Councillor Teasdale. Council adjourned to 2 p. m. Monday.

HOUSE. Saturday, 18th, 10.30 a. m. The House was called to order at the time appointed, Speaker Lyman in the chair.

Mr. Peery presented a conjoint resolution to the Governor and the Assembly to authorize the Auditor and Eldridge block for the use of the Territorial Auditor, Treasurer and Librarian, etc., for a period of four years at an annual rent of \$720. The resolution was read and referred to the committee on judicial affairs.

The following bills were read the second time and placed on the general file: C. F. 12, in relation to mortgages on personal property.

C. F. 21, in relation to dogs.

H. F. 44, a bill to amend section 19, chapter 21 of the laws of 1880.

H. F. 49, to amend section 19, chapter 8 of the Compiled Laws relating to revenue.

H. F. 45, to appropriate moneys to the D. A. and M. Society to erect buildings on Washington Square.

H. F. 45, to provide for the purchase and distribution of 200 copies of the third volume of Utah reports.

H. F. 57 to change the name of Lauris Christensen and sons, H. F. 22 (substitute) to amend sections 508-15, and 519 of the compiled laws.

H. F. 56, for the preservation of game and fish.

The Council bill 14 to incorporate the City of Silver Reef was taken up and laid over in the absence of Mr. Johnson.

The rules were suspended and the concurrent resolution No. 1, to authorize the leasing of certain rooms for offices of auditor, etc., was read for the third time and passed.

A Council message stated that numerous amendments had been made to the bill incorporating village laws, which had been passed.

Third reading of bill. House bill 88 to amend section 5, title 9 of the 418 section compiled laws relating to the running at large of certain animals was read and discussed at length by the members. The tabling of the bill until called for.

H. F. 38, to amend the lien law in the interest of mechanics and laborers, was read. Mr. Booth inquired the difference between this and the original bill which it amends.

Mr. Farr stated that it permitted subcontractors to proceed as on the original contract, but gave the contractor the right to sue for the amount of the bill. Also that it gave the contractor the right to sue for the amount of the bill.

Mr. Booth moved to strike out all after the enacting clause, on the ground that the present bill granted the contractor the right to sue for the amount of the bill, and that the bill in question gave the contractor no additional power. The bill will not be passed.

Justice of the peace can have jurisdiction as the law must be in respect to real estate or improvement of land, and upon which subject the law is not now in force. The bill is not a law.

The bill should be extended to other branches of labor otherwise the object of the bill will be defeated.

Mr. Farr stated that the contractor should have the right to proceed in the case of an original contract. Such a measure would prevent a contractor from being prevented from suing for the amount of the bill.

Mr. Booth stated that the bill gave power to two persons to sue for the same money, which was unjust.

The motion to strike out all after the enacting clause was lost.

Mr. Peery moved an amendment, to amend the sub-com-

tractor, laborer, or person furnishing contracts to file a lien upon either the building or the material furnished therefor.

Mr. Atwood moved a recommendation with the addition of Mr. Thurman and Partridge added to the committee on judiciary. Lost.

Mr. Booth considered the amendment offered by Mr. Peery, made the bill more imperative than before. The amendment was rejected. The bill was rejected—ayes 8, nays 11.

A Council message announced concurrence in the House amendments to C. F. 11, to license and regulate the manufacture and sale of intoxicating liquors.

Also in the House resolution relating to the renting of offices in the Hooper and Eldridge block for the treasurer, librarian, auditor, etc. The House adjourned until Monday, 2 p. m. Benediction.
