binance of the particular house building the provide the means whereby and the RE-LIEF.
To provide the means whereby any honest and earnest person can acquire their own home on very cass terms of payment, is the purpose and aim of "The REAVIS SYSTEM."
This great home-building concern decided at the start that the foundation of a home-providing concern should be: list: Simplicity of plan.
Ind: To do business like a bank on business principles.
3rd: Absolute financial responsibility.
4th: Expeditious methods whereby all delays are eliminated of loans and buildings are reduced to the minimum.
6th: Consolidation of the entire business into one office, thereby saving commusions on the purchase of building.
THE REAVIS SYSTEM" is the only nome building concern, which has sembodied all of these stallent features in its business enganization, and which has so completely entralized the bastract, draws the decas, examines the abstract, draws the plans for the house, building its super-intendence, the buys the land, records the decas, examines the abstract, draws the plans for the house, building its super-intendence that it buys the land, records the decas, examines the abstract, draws the plans for the house, building its super-intendence the saving to the house building its super-intendence.
