

STATE OF SIEGE
IS PROCLAIMED.Madrid is Now in the Hands of the
Military.

PUERTA DEL SOL CROWDED.

Gendarmes Charge With Drawn
Swords—Convents at San Ander At-
tacked—Riots in Barcelona.Madrid, Feb. 14.—A state of siege has
been proclaimed here.At nightfall every approach to the
Puerta del Sol was jammed with the
military. Insulting remarks were
made at the police and the civil guard.
A trumpet sounded a charge, which
was made with swords drawn.
Riots were not spared, many per-
sons were injured and there were
many arrests.The scattering crowds sought the
shelter of the convents. All the front doors
of the Hotel de Paris were smashed in.
A great crowd assembled there. The
police and guards charged into the
crowd, but the dispersed throngs
quickly reassembled.As was anticipated, the funeral of
Don Ramon de Campoamor, the poet
and philosopher, was attended with se-
rious disturbances. The weather was
beautiful and enormous crowds gath-
ered along the route taken by the fu-
neral cortege.Considerable disorder marked the
passage of the procession, but the
crowd stood at strategic points and
prevented any very formidable out-
break until the end of the city was
reached. At that point the demonstra-
tion, which included many students,
began. The cry of "Long live liberty,"
and having broken up into small part-
ies, proceeded to various parts of Ma-
drid to renew the demonstration.One band of students stoned a con-
vent.In the evening fresh riots took place
at several points. Gen d'armes charged
with drawn swords, and a number were
wounded or killed. The demonstrators
replied to the charges of the gen-
darmes with showers of stones.Disorderly some thirty arrests were
made during the day, including a mili-
tary officer whose arrest resulted in a
protest by his brother officers, the mat-
ter being referred to the captain gen-
eral.The authorities have warned the
newspapers to abstain from the pub-
lication of news or comment calculated
to fan the present agitation.Music on the public squares and a
general holiday had been arranged as
today's program of the Asturias.
Bourbon marriage festivities, but all
this has been abandoned on account of
the attitude of the populace.

RIOTERS ATTACK CONVENTS.

San Ander, Spain, Feb. 13.—Thous-
ands of rioters attacked several con-
vents, the bishop's palace and the Jesu-
ite establishment and forced an en-
try into the Carmelite convent, where
they looted everything and set fire to
the building. The gen d'armes arrived
in time to extinguish the flames before
much damage was done. A number of
persons were injured on both sides.A mob stormed the offices of the Catho-
lic Journal Alcala (Watch Tower),
shouting, "Down with the Jesuits!"
The gen d'armes had to fire a volley in
the air and charged the mob in order
to save the Carmelite monastery, from
which the monks had fled in terror. The
rioters fired several shots in reply and
then marched through the streets.When passing Carlist's houses the oc-
cupants poured water on the heads of
the rioters and the latter retorted by
throwing the houses.

RIOT AT BARCELONA.

Barcelona, Feb. 13.—A mob armed
with clubs made a demonstration in
front of the Jesuit college. The police
charged and dispersed the rioters.

DISORDERS IN VALENCIA.

Valencia, Feb. 14.—Serious disorders
occurred here yesterday. In a fight be-
tween rioters and the gendarmes a
number of shots were fired. On per-
sons was killed and one wounded.

UPROAR IN REICHSRATH.

All Sorts of Opprobrious Epithets
Freely Bandied About.Vienna, Feb. 13.—A great uproar
marked the session of the reichsrath
today. "Informers," "Muscovites,"
"Russians" were a few of the less ob-
jectable epithets shouted out by mem-
bers, some of whom also used the word
"Jew" as a term of opprobrium.The house was debating the reply
to the speech from the throne. A Czech
named Strausky violently attacked the
German members, who, he said, were try-
ing to break up Austria with a view
of annexing the fragments to the German
empire.After the uproar had ceased over this
matter, Strausky concluded with a
statement that the present tendency
of the reichsrath was to favor the supremacy
of German leaders, who were under the
slightest dangerous condition and one
that threatened the existence of the
empire.

ment is Passed.San Fernando, Province of Pampa-
nga, island of Luzon, Philippines,

provisional government act to the pro-
vince of Pampanga was passed in the
presence of a crowd, which included
representatives of all the twenty towns

officers of the province were made.
The officers of the province were: Sekrina,
mayor until a successor shall be elected,

cans."The commission will proceed next to
investigate the situation in which is
the province of Pangasinan, in which is

GOVERNOR NASH REFEREE.

Troops to be Rushed to Cincinnati to
Prevent a Brace of Pugilists
from Fighting.Cincinnati, Ohio, Feb. 13.—There is
every indication that the proposed box-
ing match will not be pulled off at
Saengerfest hall next Friday.There is as much doubt about the
decision of Judge Hollister that is to be
rendered tomorrow noon. Sporting
writers from all over the country ar-
rived today and besieged the quarters
of the fight managers, but nobody could
make any definite statement. As soon
as Judge Hollister renders his decision
these managers will have a conference
and will lay their plans for the future.
They promise to make a statement for
the public as soon as they can in the
afternoon. It is understood that if
Judge Hollister grants the application
for a permanent injunction, the post-
ponement will be for some weeks, so as
to allow time to carry the case through
the circuit court, and thence to the su-
preme court for final settlement. If
Judge Hollister shall refuse an injunc-
tion on the ground that a court of
equity has no jurisdiction in such cases
or any other grounds, the postponement
is not likely to be for more than
one week, and it may be only to the
first of next week.While there are reports about Govern-
or Nash having three or four regiments
under marching orders, it is not be-
lieved here that any troops will
reach the city this week at least.All concerned in bringing off the fight
insist that they will not attempt to
proceed if a permanent injunction is
issued against them, and the general
opinion is that such will be the render-
ing of the court.

PREPARATIONS FOR WAR.

Ohio National Guard Getting Ready
for the Campaign.Columbus, Ohio, Feb. 13.—In compli-
ance with the orders issued by Governor
Nash, Moulton Houk, quartermaster-
general on Governor Nash's staff, Gen.
W. V. McMakin, commanding the first
brigade, Ohio National Guard, and Col.
George B. Donavin, an aide on the gov-
ernor's personal staff, arrived here on
early trains, and soon were closeted
with the governor.After the conference the governor ad-
mitted that he had made plans to cover
emergencies, but intimated that he
would not anticipate the action of the
courts.The telegram sent by Governor Nash
to the Times-Star was shown to all who
inquired for developments in the prize
fight matter. The governor said in ad-
dition: "Of course I have in my mind
well defined plans of action, such as
any prudent man would have when fac-
ing an emergency. We still hope, how-
ever, that it will not be necessary to
move the troops. In any event, no troops
will be ordered out today. You may say
that much."So far as can be learned the govern-
or's intention to await the decision of
the courts at Cincinnati before he issues
any order in regard to the movement of
troops.

killed in his State of Michigan last

drafted providing for the prohibition of
the sale of game of all kinds at all
times," and there is, he said a prospect
that twelve States will pass such acts

RAIN AT TANFORAN.

Joe Frey Defeats Articulate in a
Close Contest.San Francisco, Feb. 13.—Owing to the
rain which fell at Tanforan today, Can-
more did not start in the special match
race, and Joe Frey, who was substi-
tuted, won in a drive by three-quarters
of a length from Articulate, after one
of the best contests seen here this sea-
son. Articulate, with Sloan up, was
the pronounced favorite, but Joe Frey
had considerable support. Burns took
Joe Frey to the front, but the pair were
soon on even terms. Joe Frey was the
best and responded gamely in the
stretch. Sloan said Articulate was
straight at the head of the stretch and
that Joe Frey had him beaten all the
way. Four favorites scored, and Burns
and O'Connor each rode two winners.
Vassal, at 15 to 1, beat Billy more a
head. Periwig fell in the steeplechase.
Wilson escaped injury.

ried off the honors at Oakland today by
riding four winners. All but two of
the favorites were successful. Long
shots were in evidence, three of them
getting second money. Frank Bell beat
Loring Cup, at 30-to-1 shot, a head.

"POCKIES" ARE IN IT.

Indians Expected to Have a Good
Ball Team This Season.Although the chances for Pocahontas
securing entrance into the league this
year are decidedly slim, never-
theless that town intends to
put a cracker-jack team into the field
of competition, and at an early date too.
It is understood that Ducky Pace, the
erstwhile catcher, of Great Falls, will
be with the team, and Manager "Sarah"
Rand expects to go east soon for the
purpose of securing players.Young Harmon, the contortionist
pitcher, who was with the Redskins last
year, will be in the box again this sea-

REFUSED TO MARRY THEM.

Half-Breed Mongolian Denied a License
by Deputy Clerk Seare.There was a happy couple, mat-
rimonially bent, who went out of the
county clerk's office yesterday after-
noon in a sadder mood than that in
which they entered. The parties are
Charles J. Wallace and Lillie Kelly, both
of Stockton, Utah, who applied for
a marriage permit, but Deputy Clerk
Seare refused to issue the license on
the ground that Mr. Wallace is a Mon-
golian. It was not till after the docu-
ment was made out that Mr. Seare de-
cided that the intending groom was of
Chinese descent, and upon questioning
him learned that his mother was a
Chinese woman, but his father was a
Scotchman. Mr. Wallace claimed to be
an American citizen, and says he has
given an exercise of the privilege
insured to citizens of this country, and
failed to see why he should be refused
a license to marry. Mr. Seare, however,
felt that the law was clear on this
point, and to be on the safe side, re-
fused to give the couple the much-de-
sired permit. Wallace and his intended
bride left with the evident intention
of going to Evanston, Wyoming, where
they will again make the attempt to
secure the necessary papers, there being
no law in that State prohibiting the
intermarriage of such people.Attorney-General Breeden was called
upon a short time ago, to give an op-
inion on the very point raised in the
foregoing case, and he held that while
the law prohibited the marrying of a
Mongolian and a white person, that a
half-blooded Chinaman was no more a
Mongolian than he was an American;
and if born in this country he thought
the doubt should be resolved in favor of
the individual.

AN INTERESTING ADDRESS.

Prof. Mutch Entertains the Teachers
of the Public Schools.The teachers of the city schools and
many of the University students were
given a most enjoyable treat yesterday
afternoon, in the form of a lecture by
Prof. Leslie B. Mutch, the celebrated
authority on degeneracy. His theme
was "The Child as an Objective," and
his words were of absorbing interest.He challenged the present grade sys-
tem, and questioned its practicability
in meeting the requirements of the
child, holding that language should be
given a more prominent place in its
training. A girl will acquire a vocabu-
lary at 8 years and a boy at 9. In visit-
ing a class in psychology in a high
school he noted that the weakest point
was concentration of attention and a
feeble power to express thought.A vital question in the schooling of
a child is that of nutrition. He had
known of a child that had been quite
weak in her lessons, and it was thought
that her food lacked phosphates. She
was therefore given a change of diet
and within a month there was a marked
increase of mental power.

The form of the head has much to do

with ability. A deficiency in the brain
convolutions is manifested in a corre-
sponding deficiency in the external ear.
A small ear does not denote stinging-
ness. But small ears will not learn by being
talked to, they must learn from books
and have time to think things out.
Large ears take in everything they hear.
Lincoln's ears were large, so was his
character.Long fingers denote activity, and long
crooked fingers are the most unselfish
ones in the world, they toil for the ben-
efit of others.He gave a most entertaining talk on
the characteristic heads of various na-
tionalities. The Germans had round
heads. They go to the bottom of things,
they will always be the world's greatest
scientists. The Scotch are the philoso-
phers, and Scotland will always be the
seat of philosophy. The outer rim of
their ears is small and unbroken, which
denotes elocutionary powers. Smooth
ears either makes an orator or a singer.
Adeline Patti's ears are as smooth and
almost as round as the rim of a tea-
cup. The Americans are congenitally
they will always have the best of every-
thing there is going. The English head
is square, denoting commercialism.Soft lustrous eyes, of whatever color
denote a nature which knows without
reasoning, easily made diffident, often
combined with unconquerable will
power. Prof. Mutch said that he did
not believe in conquering children. Gen-
eralship in management makes a good
governor itself. Cigarette-smokers, be-
ginning in childhood, rarely reach the
eighth grade, as mental ability almost
invariably breaks down before that
period is reached.The professor is now visiting among
the schools and studying the children.All druggists guarantee every bottle
