

## WOOL GROWERS TO CONVEVE AT OGDEN

Calls Issued for Convention of National Association in the Junction City.

### ANOTHER ONE IN CHEYENNE

Wyoming Association to Meet in Capital City Just Prior to the Larger Gathering.

(Special to The News.)

Cheyenne, Wyo., Dec. 2.—Calls for the conventions of the National Wool Growers' association and of the Wyoming Wool Growers' association have just been issued. The call of the National association, issued from the secretary, George S. Walker of this city, reads:

Under the constitution and by-laws of this organization, it becomes my duty to officially notify you that, in accordance with the action of the association in convention assembled, the forty-sixth annual convention of the National Wool Growers' association, and the fourth annual mid-winter sheep show, will be held in Ogden City, Utah, on Thursday, Friday and Saturday, Jan. 6, 7 and 8, 1910.

The past year has been a busy season for this association, and much important work which makes for better conditions has been accomplished. Confronted at our last convention by a bill in Congress that proposed to greatly reduce the duties on wool, and attacked on all sides by interests hostile to the protective policy, the association, which had anticipated the contest in time to prepare for the work in hand, conducted a campaign that finally resulted in a complete victory for the wool growers—the incorporation in the Payne-Aldrich bill of the Dingley schedules on wool. It was a long, hard struggle, and the association was ably assisted by western senators and congressmen who led the fight in both houses against any reduction of wool duties. But for the fact of the wool growers being well organized, and with the National association constantly on the job, the splendid results would probably not have been achieved.

And, while demonstrating the advantages of organization, the recent tariff contest showed the necessity of not only maintaining for the association the prestige gained, but to strengthen the organization where possible and at once, for the public utterances of leading members of Congress indicate that an attempt may be made soon to re-open the tariff question, and this association should be prepared to lend all possible aid to those senators and representatives who realize the necessity of protecting one of America's leading industries.

A year ago, through the efforts of this association, a successful wool warehouse and storage movement was inaugurated at Chicago, and our officers who have been in charge of the enterprise will render a report to stock-

holders and explain to the convention the details of the business, and discuss with the growers plans for its future growth and development.

The forty-sixth annual convention of this association's most important to the sheep and wool and mohair interests, for not only will the tariff and wool warehouse movement be discussed, but the range question, administration of the forest reserves, the 28-hour stock shipping law, predatory wild animal pest, and other important problems, will also be considered and plans formed for the future.

It is proposed to ask Congress to at once enact a speed minimum law to reduce the duties on wool, and to insure the more humane handling of live stock en route to the markets and feed lots. It is also proposed, if possible, to secure a lower and more equitable freight rates on wool.

It has been announced that a determined effort is to be made to secure the enactment by Congress of a law providing for the leasing of the occupied portions of the public domain, and as this association has, for years, strongly opposed the scheme, this question will undoubtedly be discussed at great length at the Ogden meeting and a policy for the future agreed upon.

A splendid program is being arranged, which will include speakers of national reputation, while the most prominent men engaged in sheep and wool growing, breeding and mohair raising, will also participate.

The Mid-Winter Sheep show will justify a journey of hundreds of miles, for it is predicted that it will eclipse any previous exhibition of its kind ever held in the west.

All sheep and Angora goat raisers and breeders, wool and mohair growers, feeders and commission men, are invited to come and participate in this meeting. It matters not whether you are a member of the association. Come and be a part of this great gathering, and bring your family and friends.

The good people of Ogden have provided amply in the way of accommodations and entertainment, and the railroads have granted reduced rates for the session. There will be something doing every moment, and, aside from assisting in shaping the future policies of this growing organization, you are assured of a good time.

This call is signed by President Fred W. Gooding.

#### WYOMING CONVENTION.

The call for the Wyoming convention, signed by J. A. Delfelder and Secy. Walker, reads:

In accordance with the authority vested in me by the constitution and by-laws of this association, I have the honor to advise that the sixth annual convention of the Wyoming Wool Growers' association will be held in the city of Cheyenne on Monday and

Tuesday, Jan. 3 and 4, 1910. The sessions will begin at 10 o'clock a. m. on the 3rd and continue until the business of the meeting is finished on Tuesday night, when the flockmasters will board a special train and go to Ogden, Utah, to attend the forty-sixth annual convention of the National Wool Growers' association, which convenes on Jan. 6.

Probably at no time in the history of the sheep and wool industry in Wyoming has there been greater need of organization and co-operation among the flockmasters of this state, for, while the association has been successful in the past in preventing the enactment of laws, both federal and state, inimical to the growth and prosperity of the industry, we are, at this time, confronted on all sides by perplexing problems requiring united effort to solve. During the past season satisfactory prices for mutton and wool were obtained, but the expense of conducting the business increased, valuations of sheep, bucks and lambs for assessment purposes have been doubled, and land values have advanced. A movement is on foot to secure the passage by Congress of a lease law, the administration of the forest reserves is becoming more oppressive, and the method of state land disposal in handling shipments in which the ordinary sore-mouth lambs are found has cost the flockmasters of this state thousands of dollars. Then there is the predatory wild animal pest, excessive freight rates on wool, and unsatisfactory shipping conditions to contend with.

During the past year the wool growers conducted a successful fight for the retention of the duties on wool, but leading senators threaten to reopen the tariff question, and especially the wool schedules. During the past year the central wool warehouse and storage movement was successfully launched, and this enterprise and many other subjects of great importance to the woolgrowers will be discussed and plans formed for the future.

A program which will include speakers of national reputation, and many of the leading flockmasters of Wyoming, is being arranged, and all important subjects will be discussed by well known authorities, including state and federal officials.

Every flockmaster in the state is interested in this meeting, and all should attend. The citizens of Cheyenne are preparing to entertain the woolgrowers in a lavish manner, and every indication points to this convention being the largest, most interesting and helpful of any ever held in the state.

The railroads have granted low rates for the occasion, and ample hotel accommodations will be provided. Don't remain at home, but come to the meeting and assist in the work which will make for better conditions. All sheep and woolgrowers, whether members of the association or not, are earnestly requested to be present. Don't wait to be delegated, but come anyway. Just advise the secretary that you are coming, and he will secure accommodations for you.

#### LOCAL OPTION LAW.

In Illinois 90 Per Cent of Prosecutions For Violation Successful.

Chicago, Dec. 1.—Ninety per cent of the prosecutions in Illinois for alleged violation of the local option law result in convictions, as shown by statistics presented yesterday to the anti-saloon forces in conference by H. L. Sheldon, attorney for the Illinois Anti-Saloon league.

The information was given as the result of inquiries sent to state attorneys in every county.

Replies were received from 75 which showed 629 prosecutions and 470 convictions. There are pending 250 cases.

Mrs. S. Joyce, Claremont, N. H., writes: "About a year ago I bought two bottles of Foley's Kidney Remedy. It cured me of a severe case of kidney trouble of several years standing. It certainly is a grand, good medicine, and I heartily recommend it." Schramm-Johnson Drug Co., Salt Lake City.

#### CUT THIS OUT.

Recipe That Breaks a Cold in a Day and Cures Any Curable Cough.

Mix half ounce of Concentrated pine compound with two ounces of glycerine and half a pint of good whiskey; shake well each time and use in doses of a teaspoonful to a tablespoonful every four hours. These ingredients can be obtained from any good druggist or he will get them from his wholesale house, any one can mix them.

The Concentrated pine is a special pine product and comes only in half ounce bottles, each enclosed in an air-tight case, but be sure it is labeled "Concentrated." A prominent local druggist says that he has filled and has seen it work wonders.

Concentrated pine compound. Shake

#### SOUTHERN NEGRO PREACHER BURNED AT STAKE

Cochran, Ga., Dec. 1.—John Harvard, a negro preacher, who shot and fatally wounded W. B. Booth this afternoon, tonight was captured five miles from here and burned at a stake.

Booth is a well known business man of Hawkinsville, Ga., and was en route to Cochran in an automobile when the shooting occurred. He drove up behind Harvard, who was in front of him in a wagon.

Harvard charged that Booth's ma-

chine frightened his mules. After a few words, he drew a pistol and fired at Booth, three shots taking effect. Booth returned the fire, and it was learned after the negro was captured that he was slightly wounded in two places. He was found in a barn three miles from the place where the shooting occurred.

Booth was brought here immediately. Physicians tonight said there was little hope for his recovery. He has a wife and several children.

Officers from Hawkinsville in automobiles went immediately to the scene of the shooting, but a party of citizens was quickly formed and tracked the negro to his hiding place. He showed fight, but was suffering so severely from his wounds that he could offer little resistance. He freely admitted the shooting, and it is said justified himself by the fact that Booth's automobile frightened his mules.

Harvard was given an opportunity to pray, after which he was bound with chains to a stake. The fuel was piled high above his head and the torch applied.

#### J. G. CARLISLE'S PROPERTY

ATTACHED FOR DEBT

Washington, Dec. 1.—Property here owned by John G. Carlisle, former secretary of the treasury, was attached today to satisfy a claim of \$2,385 made against Mr. Carlisle by a New York jewelry firm.

### A FEW DOSES END KIDNEY MISERY AND MAKE LAME BACKS FEEL FINE.

Out-of-order Kidneys are regulated and Bladder Trouble Goes.

A real surprise awaits every sufferer from kidney or bladder trouble who takes several doses of Pape's Diuretic. Misery in the back, sides or loins, sick headache, nervousness, rheumatism, pains, heart palpitations, dizziness, sleeplessness, inflamed or swollen eyelids, lack of energy and all symptoms of out-of-order kidneys simply vanish.

Uncontrollable urination (especially at night), smarting, offensive and discolored water and other bladder misery ends.

The moment you suspect kidney or urinary disorder, or feel any rheumatism, begin taking this harmless medicine, with the knowledge that there is no other remedy, at any price,

made anywhere else in the world, which will effect so thorough and prompt a cure as a fifty-cent treatment of Pape's Diuretic, which any druggist can supply.

It is needless to feel miserable and worried, because this unusual preparation goes at once to the out-of-order kidneys and urinary system, distributing its cleansing, healing and strengthening influence directly upon the organs and glands affected, and completes the cure before you realize it.

Your physician, pharmacist, banker or any mercantile agency will tell you that Pape, Thompson & Pape, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.

Only curative results can come from taking Pape's Diuretic, and a few days' treatment will make any one feel fine. Accept only Pape's Diuretic—fifty-cent treatment—any drug store anywhere in the world.

## S.S.S. THE REMEDY FOR SORES AND ULCERS

There is but one way to cure an old sore or chronic ulcer, and that is to remove the cause that produces and keeps it open. No matter where located, any sore that remains until it becomes chronic does so because of impure blood; the circulation constantly discharges its polluted matter into the place and it is impossible for nature to heal the sore. S.S.S. heals sores and ulcers by purifying the blood. It removes every trace of taint or impurity from the circulation, and thus completely does away with the cause. No local application reaches below the infected flesh at the spot, and for this reason can have no curative effect on a sore or ulcer; while such treatment is being used alone, the germs and impurities are constantly increasing in the blood and the sore is bound to grow worse. When S.S.S. has cleansed the blood and enriched and purified the circulation the place begins to take on a more healthy appearance, the different symptoms show improvement, the flesh around the ulcer gets firm, new skin and tissues are formed, and aided by pure, rich blood, nature provides a perfect and lasting cure. Under the tonic and blood-purifying effects of S.S.S. the system is built up, and those whose health has been impaired by the drain and worry of an old sore will be greatly benefited by its use. Book on Sores and Ulcers and any medical advice free to all who write.

## Leyson's

A young lady called one day this week to ask at what price we could sell a fob like one she had purchased at "wholesale" through a falsifying catalogue.

We showed her a beautiful stock and she acknowledged that our one price plain figure \$12 fobs were equal to the one she had bought for \$12.

Our price included a monogram worth \$1, and no express charges, both for which she had to pay extra and besides, her fob was in a nameless common flabby white paper box while the purchase from us would have been in a fine Leyson box which in itself adds value and satisfaction to a Christmas gift.

The same old story. The goat fancied the grass was better just over the fence and put his head through the pickets to prove it and chocked to death for his pains.

The local merchant does not ask you to pay more but does ask that as he helps to educate your children and pave your streets and beautify your city that you pay him the compliment of at least ascertaining if his wares and prices are right before sending Utah money earned in Utah to enrich another commonwealth.
