

A SAD WAIL FROM HAWAII.

Gov. G. C. Carter Declares that
Annexation of Islands Has
Been a Failure.

THEY HAVE LOST MONEY.

Laws of United States Are Unsited
To Their Condition—Has Paid
Uncle Sam.

Sacramento, Cal., Aug. 4.—In an interview today Gov. G. C. Carter of the Hawaiian Islands said to a representative of the Bee:

"The annexation of the islands to the United States has not been a commercial success, so far as the islands are concerned. Since we have been United States territory we have not made great progress. One reason for this is because the laws by which we are governed are not suited to the country. For instance, we have to obey the United States land laws and cannot rent government land for a period of more than five years at a time. As it takes from two to four years to raise a crop in our climate we cannot find anybody that will rent land for such a short period as five years. Thus we are deprived of a big income from government land.

"Since we have been annexed Congress has never dredged our harbor. It is filling up and this prevents the landing of the largest vessels. As a result of this our traffic is falling off. We have dredged the harbor at our own expense since we have been annexed, but unless it is dredged we will lose much of our trade.

"Annexation has cut off all of our internal revenue. On the other hand, from Uncle Sam's point of view, annexation has been a decided success. Over \$4,250,000 has been paid into the United States treasury from the islands. The whole cost of annexation was only \$4,000,000.

TOURISTS DROWNED.

Eight That Were Out Sailing
Near Digby, N. S.

Halifax, N. S., Aug. 4.—A special train from Digby, N. S., says that a sailboat containing eight or ten American tourists capsized and sank off Smith's cove, near Digby, this evening and that all on board were drowned. Tugs and boats with grappling hooks and divers have left Digby for the scene of the accident.

IDAHO DELEGATES.

Gov. Morrison Names Those to
The Mining Congress.

Boise, Idaho, Aug. 4.—Gov. Morrison named the following delegates to attend the meeting of the American Mining Congress which is to be held at Portland, Ore., Aug. 12-14: Henry M. Lancaster of Rathdrum, John Seligson of Mineral, Milton A. Brown of Challis, Robert N. Bell of Boise, T. D. Habbitt of Nampa, E. P. Cowen of Mountain Home, H. W. Dorman of Pocatello, Thomas L. Greenough of Mullan, John Kinkaid of Boise, Frank C. Mandell of Hailey, Professor Alfred S. Miller of Moscow, George W. H. Boise, Lawrence Green of Clayton, F. V. Tinker of Idaho City and W. C. Miller of Wallace.

HELENA ASSAY OFFICE.

Receipts This Year Larger Than
Last.

Butte, Mont., Aug. 4.—The report of Assayer B. H. Tatum at Helena, shows that the receipts of the United States assay office in Montana for the month of July, 1904, were \$184,433.24 from Montana as compared with \$180,546.66 for July last year. The grand total of receipts from all sources is \$224,452.96, against \$216,152.08 for a year ago. The highest increase in receipts was reported from Butte county, the receipts from that quarter being \$92,546, showing an increase of \$23,883.

Gov. Davis Sails for Home.

Washington, Aug. 4.—Gen. Davis, governor of the Panama canal zone, has left Panama for the United States, having been called home on account of the illness of his wife, who has been spending the summer in the Adirondacks.

Poisoned Her Children.

Denver, Aug. 4.—Mrs. May Smith, wife of Claude Smith, a Santa Fe freight brakeman, gave poison to her three small children and then drank some of the same mixture herself with suicidal intent today because she was despondent over separation from her husband, against whom she had instituted divorce proceedings, and her inability to provide for her children. Lois, the 6-year-old daughter, died tonight from the effects of the poison, and Mrs. Smith herself, it is feared, will not recover. The two other children were saved by the timely arrival of the police surgeon.

Bullet Hole Through His Brain.

Newark, N. J., Aug. 5.—Almost recovered from a bullet hole through the brain, Frederick Beck, who tried to kill himself on July 11, will be discharged from the hospital in a few days. The bullet entered the right temple.

HOME BEAUTY IS HOME
COMFORT.
THAT'S TREE TEA.

Honest TEA DEALER.

FIBROID TUMORS CURED.

Mrs. Hayes' First Letter Appealing
to Mrs. Pinkham for Help:

"DEAR MRS. PINKHAM:—I have been under Boston doctors' treatment for a long time without any relief. They tell me I have a fibroid tumor. I cannot sit down without great pain, and the soreness extends up my spine. I have bearing-down pains both back and front. My abdomen is swollen, and I have all day long spells for three years. My appetite is not good. I cannot walk or be on my feet for any length of time.

"The symptoms of Fibroid Tumor given in your little book accurately describe my case, so I write to you for advice." (Signed) Mrs. E. E. Hayes, 232 Dudley St. (Roxbury), Boston, Mass.

Mrs. Hayes' Second Letter:

"DEAR MRS. PINKHAM:—Sometime ago I wrote to you describing my symptoms and asking your advice. You replied, and I followed all your directions carefully, and to-day I am a well woman.

"The use of Lydia E. Pinkham's Vegetable Compound entirely expelled the tumor and strengthened my whole system. I can walk miles now.

"Lydia E. Pinkham's Vegetable Compound is worth five dollars a drop. I advise all women who are afflicted with tumors or female trouble of any kind to give it a faithful trial." (Signed) Mrs. E. E. Hayes, 232 Dudley St. (Roxbury), Boston, Mass. — \$25.00 Profit if ordered above letters proving genuineness of product by enclosed

ple and, passing through the brain, was found just under the skin, an inch and a half below the left temple. When the bullet was taken out part of the brain followed it.

Almost as remarkable as Beck's recovery is the fact that his intellectual capacity has not been affected. In the eight days he is as well as ever except for a little weakness. Such a wound as Beck's usually causes instant death and when in rare instances a patient does recover, his sight or hearing or some other sense is almost invariably affected.

A HORRIBLE CRIME.

Mrs. W. R. Krauss Arrested for
Poisoning Her Stepdaughter.

Hartford, Conn., Aug. 4.—The arrest of Mrs. W. R. Krauss, the young wife of a leading druggist and business man, on a charge of poisoning her stepdaughter, one of the most popular young women, has caused great excitement. The stomach of the dead girl will be analyzed chemically. Mrs. Krauss is still in jail. She is 27 years of age and the daughter of Dr. W. A. Anderson, a prominent member of the State Veterinary association. Mrs. Krauss was one of the beneficiaries of the will of All persons owned by Mrs. Krauss in his name. At the time of his marriage to Rae Anderson, three months ago, he bequeathed his property to her, really all his property to his daughter, Crystal Krauss, the dead girl.

Gen. Orlando Brown Dead.

Washington, Aug. 4.—Dr. Orlando Brown, formerly a brigadier-general in the United States army, is dead here, aged 77 years. With Gen. Thomas Howard and Bryan, he organized the first group of freedmen. In 1866 he was brevetted a brigadier-general for gallant conduct in the service, but resigned his commission in 1869 and resumed the practice of medicine in this place.

Senator Clark's Son Married.

San Francisco, Cal., Aug. 4.—Charles W. Clark, son of United States Senator William M. Clark, was married today to Miss Cecelia Tobin. The ceremony, which was private, was performed at the Tobin residence.

AMERICAN MINING CONGRESS.

Many Distinguished Delegates
Expected to Attend.

Portland, Ore., Aug. 5.—Among the expected delegates to the American Mining Congress which will hold its annual meeting in Portland Aug. 22-27 are representatives from Germany, France, Canada, Japan, Italy, Mexico, Hungary, Switzerland, Denmark, Peru, Portugal, Chili, Nicaragua and Spain. Although it is not yet settled it is more than likely that Director Roberts of the United States mint will be here. Secy. Irvin Mahon is using great efforts to induce Secy. of State John Hay to attend the congress, but Mr. Hay has no money demands upon him that it may be impossible for him to devote the time necessary to making the long trip across the continent and back. Nevertheless, it is already decided that the president's cabinet will have one representative anyway in addition to Mr. Hay, though the member has not as yet been selected. The United States senate and house of representatives will have ample representation, the following already having signified their intention of being present: Senator W. B. Allison of Iowa; Levi Ankeny of Washington; Reed Smoot of Utah; Fred T. Dubois and William B. Heyburn of Idaho; William M. Stewart of Nevada; Thomas B. Bard of California; John H. Mitchell and C. W. Fulton of Oregon; R. J. Gamble of South Dakota; W. J. Stinson of Missouri; and A. G. Foster of Washington; Congressmen H. M. Hoag of Colorado; Wm. Sulzer of New York; Thomas Spight of Mississippi; J. Adam Bede of Minnesota; F. E. Shober of New York; R. A. Bell of California; F. E. Brooks of Colorado; Wm. R. Hearst of New York; Burton L. French of Idaho; H. K. Porter of Pennsylvania; M. E. Driggs of New York; Charles B. Landis of Indiana; S. W. Smith of Michigan; Edward Dev. Morrell of Pennsylvania; W. L. Wagner of Pennsylvania; Joseph Howell of Utah; John Lamb of Virginia; Binger Hermann of Oregon and J. L. Burnett, Alabama.

New Thing in Naval Propulsion.

New York, Aug. 5.—A new thing in naval propulsion has been in construction for more than a year on the roof of an architectural iron works building in this city. The new boat has been lowered to the street and taken to the North river, where it will be tested soon. The inventor believes that he will be able to produce a speed hitherto unheard of on the water. The scheme involves the principle used by the squid. Beneath the boat, running two-thirds of its length, between the keel and the bottom is a tube 15 inches in diameter. The tube is open at both ends. Within it are four propellers on a shaft, running the length of the tube and attached by gears to an engine in the center. The revolution of these screws drives the water violently from the tube. This concentrates the energy of the propellers in

one direction instead of dissipating in every direction as the ordinary screw. A 15-horse power engine will be used. The inventor is a graduate in naval architecture of some university, and worked for two years at the Union Iron works in San Francisco. He has experimented on this idea for several years and had many successful experiments with several models.

Effect of Strike on Banks.

Chicago, Aug. 5.—Chicago bankers complain that the packing house strike is having a most serious effect on the local money market. Millions of dollars that under normal business conditions would be used by the packers are now piling up in Chicago banks and threaten to depress interest rates. The packers are heavy borrowers, and under normal conditions not alone in Chicago, but all over the world. They carry loans and notes amounting in the aggregate to nearly \$100,000,000, of this sum about \$40,000,000 is carried by Chicago banks, and since the beginning of the strike business has contracted so much that the amount of borrowing the packers are paying off loans and taking up notes.

A prominent local banker estimates that the packing companies had paid off \$10,000,000 of their loans in Chicago since the beginning of the strike, and that they were beginning to retire their obligations at the rate of \$4,000,000 a week. Today Celestine Chera, aged 23 years, a French Canadian, employed at the Armour plant, was badly beaten by three men at Fifty-fourth and Halsted streets.

FOUR SOCIETY GIRLS.

Picked up at Sea After Being in
A Fog Twelve Hours.

Boston, Aug. 5.—Four society girls of Marblehead have been picked up in their sailing dory off South Breakers, Marblehead coast, after being adrift for twelve hours. They had anchored off the breakers in despair, after trying vainly to set a course for home.

All the girls are expert yachtwomen and had entered their boat in the day class for the Corinthian Yacht club's mid-summer races. A dense fog set in soon after the races started, and the finish the girls' boat was not to be found. When the dory did not come by nightfall an alarm was given and boats were put out in search. At 2 o'clock in the morning one of these boats skirting the South Breakers found the girls, who were not at all frightened by their experience.

Gen. Keller's Body.

Lima, Peru, Aug. 5.—Lieut. Gen. Count Keller's body arrived here Aug. 2, accompanied by his son. Funeral services will be held here and the body will then be sent north by railway. Lieut. Gen. Keller was mortally wounded July 29, while repelling the preliminary attack of Gen. Kuroki's army on Yang Se pass, 30 miles east of Lalo Yang. He was struck by a fragment of a shell, which exploded close to where he was standing, and he died 20 minutes later.

Will Pass the Dardanelles.

Constantinople, Aug. 5.—It is announced here that Russia has notified the Porte of the impending passage through the Dardanelles of some volunteer fleet steamers laden with coal. Russia, it is said, has given assurances that the vessels will preserve the character of merchantmen throughout the voyage.

Left Dead on the Field.

Tokio, Aug. 5.—(U. A. M.)—The Russians left 79 dead on the battlefield at Simons-Chang and the Japanese casualties during the same battle aggregated 80. The Japanese captured six guns at Simons-Chang and two guns at the Yang Se and Yashulint passes.

Holy Roller Out on Bail.

Portland, Ore., Aug. 4.—Edmund Cretfield, erstwhile leader of the now disbanded Holy Rollers was today held to answer to a charge of adultery under \$2,000 bail.

A Hundred Cases of Typhoid.

Cumberland, Md., Aug. 5.—One hundred cases of typhoid fever in the town of Mount Savage with 2,000 inhabitants have caused great alarm. Nurses are being imported from several points. The epidemic is traceable to a spring where workmen and children drank.

The doctors say other springs are contaminated, and signs ordering water boiling are posted everywhere. The town has no waterworks or sewage system. Doctors say that unless a pure water supply is provided and a satisfactory system established the greater part of the population will be laid low.

A VALUABLE FIND.

Rich American Girl Hid Diamond
Rings in the Ash Pan.

New York, Aug. 5.—While engaged in cleaning the fire grate of a bedroom of one of an old hotel, a maid discovered a wealthy American, his wife and daughter, a chambermaid of the Savoy hotel, according to a Herald dispatch from London, discovered in the

My Life
Hung On a Single
Thread With Heart
Disease.

You should never wait until your life hangs in the balance before you give the necessary aid to your sick heart.

A weak heart is always serious, for it affects every organ of your body through its inability to purify and keep the system supplied with pure, rich, life-giving blood.

Any indication of heart trouble, such as shortness of breath after exercise, redness of face, hot flushes, oppressed feeling in chest, weak, hungry spells, palpitation, dizziness, sudden startings in sleep, irregular pulse, is serious, and should be cured at once.

The safest and surest treatment is Dr. Moore's Heart Cure, a nerve and muscle builder, a hot flush tonic, it acts directly on the heart nerves and muscles, giving them strength and vigor, and relieves every symptom of a sick heart. Your life depends upon your heart, and a weak, diseased heart, like a single thread, can endure but little.

I suffered for years with my heart. At times my life hung by a single thread. A number of physicians and an eminent specialist treated me. Without the knowledge of my doctor I took Dr. Moore's Heart Cure. It lifted the pains from my heart, and caused a free circulation of blood. I am now able to do my own affairs, something I had never hoped to do again. —JOHN KOELGES, 118 Clinton St., Cleveland, Ohio.

If first bottle does not benefit, your money back.

FREE Write to us for Free Trial Package of Dr. Moore's Anti-Pain Pills, the New Scientific Remedy for the Heart Problem. Our Specialist will diagnose your case, tell you what is wrong, and how to right it. Free of charge. —DR. MOORE'S LABORATORIES, ELKHART, IND.

ash pan a silk handkerchief tied up in the form of a bag which contained five valuable diamond rings, one turquoise ring, one diamond and pearl necklace, a diamond tiara, a gold pencil case and a gold watch, a purse containing \$250 in bank of England notes, and \$120 in bills. The manager of the hotel when informed of the find, did not advise to whom the valuables belonged, but he later received the following telegram: "Left something in fireplace of room, please bring to the hotel, we return. Advice if found. In mid-Atlantic."

The American daughter who secreted the jewels in so strange a hiding place recovered her loss, and a wireless message was dispatched. Within an hour or so after its receipt, a reply was dispatched.

NO SALOON FOR THEM.

Kansas City A. Y. P. C. T. Union
Disapproves Bp. Potter's Idea.

Kansas City, Mo., Aug. 5.—The Kansas City branch of the American Young People's Christian Temperance union strongly disapproves of the idea of Bishop Potter of New York, with regard to uplifting the moral tone of the saloon. At a meeting of the union the matter was discussed and a letter was addressed to the bishop, which will be sent to him today.

A copy of the letter follows: "May God have mercy upon your benighted idea of striking the key note of attack upon the liquor situation. You are, rather, indorsing the key that opens wide the doors to hell for the army of 100,000 souls who annually leave the king's highway, and stumble into drunkards' graves. The present situation across the water of 55 bishops in the church of England as stockholders in breweries and distilleries, with this shameful farce of a bishop in the great Episcopal church in our own land taking a leading part in the opening exercise of a saloon, closing the same by singing the Doxology, should make every professed Christ follower in this great Episcopal church hang his head in very shame."

Trolley Dining Car.

Chicago, Aug. 5.—A trolley dining car is an innovation about to be established by the Aurora, Elgin and Chicago Railroad company. Within 15 days the new car, which will rival a Pullman in equipment will be placed in commission. Although at first only available to special parties, the dining car eventually will be placed in general service, making four runs daily between the Aurora & Elgin terminals and Chicago. No attempt will be made to equal the elaborate menu of a Pullman, the intention being to make the service more of the light buffet order.

Chamberlain Opens Campaign.

London, Aug. 4.—Joseph Chamberlain reopened the fiscal campaign today addressing a meeting of 10,000 persons from the surrounding agricultural counties in the Riding school of Welbeck Abbey, the seat of the Duke of Portland, near Worksop, Nottinghamshire, and explaining in detail his food taxation plan.

Zeigler Party at Vardo.

Copenhagen, Aug. 4.—The Zeigler relief expedition arrived at Vardo, Norway, on board the Frithjof, July 3, on its return from the north. Owing to ice and fog the Frithjof did not succeed in reaching the American, having on board the Zeigler Arctic expedition. The Frithjof will sail north again as soon as possible with coal for the America. The American sailed from Tromsø for Framjosephland, June 23, 1904.

Russell Sage's Birthday.

New York, Aug. 4.—Russell Sage, the financier, 88 years of age today, observed the anniversary by attending to business as usual.

Gov. Pattison's Funeral.

Philadelphia, Aug. 4.—The funeral of former Gov. Robert E. Pattison took place today.

Gov. Pennypacker, former Gov. William A. Stone and nearly every Democratic politician in Pennsylvania attended the funeral.

Among the numerous floral offerings were beautiful tributes from William J. Bryan, former National Chairman Harity and James M. Guffey.

Convention Ends in Riot.

Lexington, Ky., Aug. 4.—Rioting ended the Democratic convention of the Fifth appellate district today before it had been in session two hours. Police-

men had to be called in to quell the rioting, and 30 delegates received blows on the head from the maces of the policemen before order was restored. The trouble was precipitated when Temporary Chairman Lee seated a contesting delegation from Owens county. The men opposing the nomination of Judge James E. Catrill made a rush for the stage, and with fists and clubs made an attack on the chairman and Willard Mitchell, who was on the stage. Catrill's friends joined in the defense. Chief of Police Reagan, who had just been made a sergeant-at-arms, called in 50 patrolmen and ordered them to charge the crowd and to use their clubs freely. So well were his orders carried out that half a hundred delegates were led from the hall with blood streaming from their faces and heads. Many had to be attended by physicians.

Delegates opposed to Catrill bolted, and the Catrill delegates held another session tonight and nominated the judge unanimously.

TAMMANY RATIFIES.

The Nomination of Judge Parker
For President.

New York, Aug. 4.—Tammany Hall ratified the nomination of Parker and Davis tonight. The first mention of Parker's name brought forth boisterous cheers from the audience, which about half filled the hall. The name of Davis was also applauded.

Resolutions were presented by former State Senator Thomas C. O'Sullivan and were adopted. They endorse the national platform, pledge support to the national ticket, declare that present representation in the press is an absolute disregard of constitutional limitations, call the president "the man on horseback," denounce protection, oppose monopoly, declare for the inde-

pendence of the Philippines and denounce sectionalism.

Mr. O'Sullivan, who delivered the principal speech of the evening, made an answer to criticisms of Tammany and said that "Tammany should meet such criticisms by an overwhelming majority for the Democratic nominee. He declared that Elihu Root did not dare accept the nomination for governor of New York, because he was sagacious enough to see defeat for his party."

**A BEAUTIFUL MONUMENT
TO A WOMAN MUSICIAN.**

The friends of Mme. Augusta Holmes, the musician, have made arrangements to erect a beautiful monument to her memory. When completed this work of art, which has been entrusted to Auguste Mallard, will be placed over the

remains of Mme. Holmes at Versailles. The design for the statue was exhibited by the sculptor at the last salon and attracted much favorable comment. On the base of the monument is a simple medallion bearing an exquisite profile of Mme. Holmes' face. The full size figure is a draped muse leaning with the right arm on a lyre, the left hand resting on the heart.

SAILING UP TO THE MOON.

The latest record broken is in the ballooning line, and a message from Bernese states that a balloon has reached the enormous altitude of eleven and one-quarter miles. This is an improvement on the first notable ascent 129 years ago, when 1,500 feet was the height attained. This Swiss balloon, of course, carried no human cargo, but only self-registering instruments. These showed that the greatest cold experienced was 58 degrees below zero. Men have managed to ascend to an altitude of seven miles, but their condition was fraught with great danger.

National Encampment, C. A. R.

The Nickel Plate Road will sell tickets August 12th, 13th and 14th, at \$17.50 for the round trip from Chicago, via direct lines, with stopover at Niagara Falls and Chautauque Lake if desired, without final limit. Also, if preferred, rate of \$20.70 between same points for the round trip via New York City and Boat, with liberal stopover returning at that point. Tickets good on any train on above dates and also on special train from Chicago at 8 a. m., August 13th. Final return limit September 30th. Chicago depot, La Salle St. Station. Write Chas. E. Johnson, District Passenger Agent, Room 205 Century Building, Denver, Colo., for reservation of berths in through standard or tourist sleeping cars, and other detailed information.

PROVO CANYON AND RETURN, \$2.00.

Leave Salt Lake 5:00 p. m. Saturday. Return Sunday or Monday. Via D. & R. G. R. R.

VERY LOW RATE.

Chicago to Boston via Pennsylvania Lines. Tickets sold August 12-14, and can be purchased via Washington at same rate as direct line through New York. Stop over allowed at Baltimore, Washington, and Philadelphia both going and returning and at New York for return trip. Ask your home agent for through tickets over Pennsylvania Lines or address Geo. T. HULL, D. A., 319 Seventeenth St., Denver, Colo., for full particulars.

Biggest free attraction of the season, Saltair, this week.

EXTENSIVE TRAVELERS.
