

OPPOSE DICTATION BY LABOR UNIONS

National Association of Manufacturers Will Raise \$1,500,000 For Carrying on Fight.

MUST COMBAT NEWER ISSUES

Caused by Determination of Labor Leaders to Terrorize President, Congress, Judges and Juries.

New York, May 21.—A fund of \$1,500,000, to be expended in fighting "industrial oppression" in the next three years, was called for by President Van Cleave of the National Association of Manufacturers at its annual convention today. President Van Cleave appointed a committee of 35 to find a way to raise the money.

Mr. Van Cleave announced his plan at the conclusion of his annual address, in the course of which he declared the principles of the association to be to maintain the open shop, to oppose the boycott, limitation of apprentices and limitation of output, and to oppose discrimination by labor unions. He also declared that the manufacturers must combat the newer issues caused by the determination of labor union leaders to terrorize the president, Congress, judges and juries.

Mr. Van Cleave added:

"We want to federate the manufacturers of this country to fight against the industrial oppression. We should provide ways and means to federate the employees of the country and to educate the manufacturers to a proper sense of their own duty, patriotism and self-interests."

The National Association of Manufacturers of the United States began the regular session of its annual convention here today. President James W. Van Cleave of St. Louis presided. Dr. Charles E. Knowles, president of Dr. Williams' Pink Pill Company, was the first speaker. Dr. Neil spoke on "Certain Aspects of the Child Labor Problem." He asked the assistance of the association in the investigation he was making into this subject.

The impression appears to prevail in certain quarters that this investigation is intended to be on certain preconceived lines," said Dr. Neil. "That impression is erroneous. Our sole aim is to learn the facts, and no effort will be made to present harrowing details for sentimental purposes. I shall seek simply to get the truth, and so far as our bureau is concerned, we do not care who gets hurt. I have been told that the members of this association are just as anxious to prevent abuses in the matter of child labor as anybody, and I appeal to you for hearty co-operation in this direction."

YAQUS ON RAMPAGE.

Said They Have Killed Two Americans And Ten Mexicans.

El Paso, Tex., May 21.—The Yaqui Indians of Sonora, Mexico, are reported to be again on the warpath, and James F. Simpson and Edward Elyson who arrived from the Yaqui country today, stated that on the present raid the Indians are said to have killed 10 Mexican and 10 Americans, two of whom were dead Mexicans having been seen by Simpson. Gen. Torres, with a large body of troops, is pursuing the Indians. The inhabitants of Sahuarin, a Mexican town of 5,000, are terror-stricken and most of them have fled.

The Yaquis are said to have been driven to the south from starvation and have crossed the river, raiding the settlements to the north for the first time in many years.

BARTENDERS ARE BARRED.

Norfolk, Va., May 21.—The sovereign canary of the world, today decided that bartenders, stonecutters and miners of all kinds are not eligible to membership in the order.

BLACK HUNDRED VICTIMS IN HOSPITAL.

Oklahoma, May 21.—Fifty-three people were taken to the hospital all suffering from broken heads or backs, or otherwise dangerously injured, as a result of the outbreak of the Black Hundred here yesterday, following the assassination of the three police officials.

DEMOCRATS EXPECT TO GET More Strength from Your Food.

Washington, May 21.—A statement was issued today by Rev. Charles A. Edwards of the Democratic congressional committee, presenting to Oklahoma Democrats the hearty support of the committee in the political fight in the new state. The statement follows.

"The Democratic situation in what will be the new state of Oklahoma is evidently as follows: The party is split, Mr. Thompson is admittedly one of the ablest, if not the ablest man in the senate today. He has done much work for his party, and he deserves well of it. He was defeated for governor by treachery in his own party, but he came out and worked as hard for the Republican party at the next election as he had ever done."

"Sen. Taft has never done anything for the Republican party of Ohio. He never has been even a political factor. As I understand it, he has never claimed to be or tried to be a political power. He has a delightful smile, but as a party leader he is not to be compared with Senator Foraker."

HEN THE BOWELS ARE FILLED WITH UNDIGESTED FOOD WE MAY BE A GREAT DEAL WORSE OFF THAN IF WE WERE HALF STARVED.

Because food that stays too long in the bowels decays there, just as if it stayed too long in the open air.

Well, when food decays in the bowels, through delayed and overdue action, what happens?

* * *

The millions of little suction pumps bathe the bowels and intestines then draw poison from the decayed food, instead of nourishment they were intended to draw.

That cause of constipation is weak, or lazy bowel muscles.

When your bowel-muscles grow flabby, they need exercise to strengthen them, not "physio" to pamper them.

* * *

There's only one kind of Artificial Excise for the bowel-muscles.

Its name is "CASCARETS," and its price is Ten Cents a box.

So, if you want the same natural action that a six-mile walk in the country would give you, (without the weariness) take one Cascaret at a time, with intervals between, till you reach the exact condition you desire.

One Cascaret at a time will properly cleanse a foul Breath, or Coated Tongue.

Don't fail to carry the Vest Pocket Cascaret Box with you constantly.

All druggists sell them—over ten million boxes a year.

Be very careful to get the genuine, made only by the Sterling Remedy Company and never sold in bulk. Every tablet stamped "CCC."

NEGRO SOLDIERS DID THE SHOOTING

Editor Preciado Swears He Saw Them Shoot and Kill Frank Natous.

TOLD STORY DRAMATICALLY.

A Bullet Gashed His Own Hand, Which Bleed Profusely—Very Positive In His Statement.

Washington, May 21.—Paulino D. Preciado, editor of a Mexican newspaper in Brownsville, Tex., and an eyewitness to the shooting of Frank Natous, the only man killed in the affray there, was on the stand today before the senate committee on military affairs. Dramatically telling his story in Spanish and having it interpreted for the committee, the testimony proved to be the most important offered during the present hearing.

When the shooting began, Preciado was sitting in the court in rear of Tillman's saloon. According to his story today, Mr. Crizell, who conducts a saloon across the street from Tillman's, rushed in excitedly and reported that several doctors had got no better results than in this condition until he read about Dr. Williams' Pink Pills and started to take them. I got so much relief from the first few boxes that I used them until I was entirely cured. I am perfectly well now, but I think I should have been a weak man for many years, if I had not taken the pills."

Dr. Williams' Pink Pills make rich blood, enabling it to carry the life and strength to the weak nerves and other tissues of the body. They are a specific for such blood diseases as anaemia, rheumatism, the after effects of the grippe, fevers, and for such nervous diseases as dizziness, kick headaches, neuralgia, and have accomplished miraculous results even in partial paralysis and locomotor atrophy.

A valuable booklet, "Diseases of the Blood," containing full information about blood diseases and their treatment, will be sent free upon request.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 56 cents per box, six boxes \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

at the central police bureau by the explosion of an internal machine. In addition, about a hundred persons were more or less seriously injured. The injured include women, children and students. It is alleged that out of 120 officers whom the Jews had nicknamed the "heroes of the anti-Jewish riots," the police turned the Black Hundreds loose, armed with clubs and rubber sticks. Jews were brutally beaten in the streets and many houses in the犹太区 quartered and their occupants terribly beaten. The disorder lasted for several hours, the police making no attempt to suppress it. Further outrages are expected.

FATALLY HURT IN SMASHUP NEAR CONEY ISLAND.

New York, May 22.—The 50 persons injured in the traction smashup near Coney Island last night, three are possibly fatal. They are Harry Donne, G. W. MacFadden and Frank Puttene.

The accident occurred at 10 o'clock last night. An "L" train bound for New York struck a trolley car, forcing it against a steel post on which trolley wires are suspended, and the post cut through the car like a knife.

The passengers were overwhelmed in the wreckage and firemen who were called, had to use axes in cutting away the shattered woodwork to release the injured.

A flagman is blamed for the collision both motorists claiming that he had signalled to them the right of way. Six months ago an accident similar in many respects happened at the same crossing and at that time 19 persons were seriously hurt.

J. H. BERRY DEAD.

Detroit, Mich., May 22.—Joseph H. Berry, one of the city's leading capitalists, and a well known varnish manufacturer, died early today at his residence at Grosse Pointe. He was 68 years of age and had been seven weeks suffering from a complication of diseases.

ATTACK ON SENATOR FORAKER NOT JUSTIFIED.

Saturday, May 21.—Sharp issue was raised over the recent utterances of Chairman Brown of the state central committee, who was taken to task by I. F. Mack, a well known publisher of this city.

Mr. Mack, while disclaiming authority to speak for any person except himself, said he was confident senior senator from this state would support him in his suit without difficulty when the time arrived for choosing his successor. He asserted also that much of the criticism that has recently been directed against Senator Foraker in certain parts of the state were unjust and unreasonable.

"In the first place," said Mr. Mack, "I wish to say that the country at large has an exaggerated idea of conditions here. There is no such turn-off as has been depicted.

The attacks on Senator Foraker that have been made by certain papers are not justified. Senator Foraker is admittedly one of the ablest, if not the ablest man in the senate today. He has done much work for his party, and he deserves well of it. He was defeated for governor by treachery in his own party, but he came out and worked as hard for the Republican party at the next election as he had ever done."

"Sen. Taft has never done anything for the Republican party of Ohio. He never has been even a political factor. As I understand it, he has never claimed to be or tried to be a political power. He has a delightful smile, but as a party leader he is not to be compared with Senator Foraker."

WHEN CHICAGO'S AIRSHIP FAIR OPENS.

Chicago, May 22.—When Chicago's airship fair is opened on May 25, pedestrians in the downtown district will be treated to the unique spectacle of seeing the crafts of the air floating over the city, the flying Masonic Lodge, the "L" train, dirigible balloons and with each other. Airship men from all over the country will enter various kinds of dirigible balloons and aeroplanes in the contest, and the management has arranged for a number of races from the South Side park to points in the downtown district.

The fair will be ushered in with a race on the opening day, the course to be from the Aero club grounds at Sixty-fourth street and Calumet avenue to Twenty-second street. It is stipulated that the airship must remain directly above the "L" train during the whole course. A number of races with dirigible balloons have already been arranged.

Each navigator who succeeds in getting his ship into the Masonic temple and encircling it, returning to the starting point, will receive a cash bonus of \$500, while each contestant who makes a successful flight will receive a prize of \$100. Each exhibitor who erects a tent and displays motor-driven dirigibles, or other apparatus of demonstrated sailing ability will receive \$300 to cover his expenses during the two weeks. Kite flying will also be made a feature of the airship fair.
