I found a dark, hadly fighted building, standing next to a police station. The floor was dirty. The bathroom was small and badly hoated by stoves. The bathing facilities were poor. I slippi that night on a hard cot in an ill-ventilated doroitory. At 6 we were called to breakfast. This consisted of a stew of carrots, turnips and a few pleness of turnal, a cup of very bad cef-fee and a plece of bread. Afterward we were put to work on the third floor. The speaker wished the members peaker, the speaker wished the members peaker, health and prospecify, and the foruse adjourned. During the sessions, Chairman Taw-my of the appropriations committee in the house deshared that the expendi-turies of the government had at no time, except in war, increased as rapidly as during the last capit years. This condition was caused, he declared, by popular and executive demands upon Congress for appropriations for the ex-ender of rights and functions belonging exclusively to the states and by the abnormal and ounceremency war axpen-ditures in time of poace.

abnormal and surreceivacy war appen-ditures in time of posce. Appropriations during the last eight years, including the facal year 1916, he wild, were equal to \$7,00 \$30 183, and he declared that at the and of the present fiscal year there would be a defail of \$150,000,000. He severely criticized the executive brazech for automitting esti-mates of expenditures far in excess of restinates of proceipts. He placed the appropriations of the Roosevelt administration at \$1,044,014,-285.

295. Mr. Livingston, Georgia, the ranking summitly member of the committye, de-clared Congress should be commended for the millions it had refused to ap-ptorriate. "notwithstanding the press sure brought to hear by the executive and the hadgering of innumerable in-terests on all sides clamoring to get their hands into the treasury."

INCREASE OF APPROPRIATIONS. Senator Cultureson submitted a state-ment covering the last seven years, staling that the increase of appropria-tions for 1910 shows an increase over those for 1910 shows an increase over those for 1900 of over \$228,000,000, or about 51 per cent, and that the irreas in out of per cent, and that the treas-ury's estimated expenditures for 1910, exceed 1902 by over \$575,006,000, an in-crease of 65 per cent in eight years.
