

LOCAL AND OTHER MATTERS.

CORRESPONDENTS writing for publication are requested to write on one side of the paper only. No notice can be taken of anonymous communications. Correspondents' names must in every instance accompany their communications, but not necessarily for publication, but as a guarantee of reliability.

THEATRICAL.—Last night "Eudora" was well performed, Miss Ince sustaining the title role in a most artistic manner. Her scene with Vincent when accused with unchastity; that with him when she urges him to avoid Colonna; and the final one with the King, were played with all the artist's power and the justest conception of the character portrayed. Mr. McKenzie's Colonna, and Mr. Lindsey's Ludovic were well rendered. Mr. Hardie played very well as Vincent, but made up rather heavy. He should have studied Ludovic's description of his face and appearance.

To-morrow night Miss Ince will appear in two characters—in high comedy and blood-curdling tragedy; in "A Morning Call" and "Medea." This bill will suit varied tastes, and ought to draw a crowded house. The lovers of the strictly legitimate may expect some highly classic impersonations during this engagement. We see the great tragedy of "Mary Stuart," Queen of Scots, is underlined, and in preparation.

PRESIDENT R. YOUNG went to Provo yesterday, and will start on the return at 5 p.m. today, coming as far as American Fork, where he will remain for the night. He will start at 5 o'clock to-morrow morning for the city.

EXPECTED.—S. B. Reed, Esq., Superintendent of construction on the U. P. R. R., is expected in the city on Sunday.

ANCIENT INDIAN MILLS.—A short time ago, as Major D. B. Huntington, Indian interpreter, was returning from his farm out west, when passing "the mounds," a few miles from the city, his attention was attracted by seeing a stone projecting from one of the mounds, where it seemed strange that a stone should be. Upon searching into the sand he discovered a couple of ancient Indian mills, which he brought into the city. We saw one of them today. It is an oblong block of conglomerate, about two feet in length, beveled on the top from one end about two-thirds along it, which has evidently been done by the stone crusher—a piece of conglomerate stone, about eight inches long, rounded on the top and sides, and smooth on the lower side, which fitted the bowl on the larger block. Some Indians who stood by said it was "Indian mill, used long time ago," and intimated that the people who used it were dead long ago. We understand the Major will renew his explorations, and that he may be successful in obtaining further relics of the ancient inhabitants of the valleys.

CHANGE OF TIME.—The time of departure of mails from this city for Echo City and the East, is changed from 7 p.m. to 6:30 p.m.

GOT HOME.—We were favored with a call to-day from our esteemed friend and fellow-citizen W. S. Godbe, Esq., who returned from the East on Tuesday, after an absence of a little over two months. He is in good health, and as full of enterprise and energy as ever.

LOST.—Last night, between the Theatre and President Young's residence, a plain gold bracelet. The finder will oblige by leaving it at this office.

CALLED.—We had the pleasure of a visit to-day from Dr. Bishop, Physician to the Metropolitan Infirmary, London, and Mr. H. Gething, Solicitor, London, who left the English shores on the 11th ult., remained two days in New York and stopped two days at Niagara Falls. Both gentlemen are on business to Idaho, but will remain a short time in Utah.

TRAIN IN.—Shirley's train of twelve wagons got in this morning from the east, freighted with goods for Ranshoff & Co.

NOT SO BAD.—Bro. G. L. Farrell, just in from Logan, Cache Valley, informs us that the locusts have gone from there, and if they do not return the damage to crops in that county will not be so serious as it was thought it would be. Franklin and Richmond have suffered scarcely anything. At Logan, Hyde Park and Smithfield, and nearly all the settlements south of Richmond, about nine-tenths of the oats and barley are gone. At Wellsville, Hyrum and Paradise, perhaps a fourth of the crops is gone; but throughout the county, the loss will not reach a fourth of the grain crops, which were much heavier than usual. The Fall wheat is mostly cut; and they have commenced cutting Spring wheat.

RAILROAD IRON VIA THE ISTHMS.—The North-American Steamship Co.'s steamer Nevada brought 1,000 bars of railroad iron for the Pacific railroad. This iron was sent through from New York as "slow freight," leaving there June 20th, and is, we believe, one of a number of lots of railroad iron sent across the Panama railroad for California. —*Alta California.*

PROFESSIONAL.—Madame Scheller, accompanied by her husband, Mr. Methua, will leave in the morning for Montana, to fill an engagement with Manager Langrishe in Helena. Our best wishes go with them, for the lady has not merely won the admiration of all classes by her chaste, natural and artistic performances, but both have made many warm friends, who will welcome them back again with genuine pleasure. A safe journey, prosperous times and pleasant days while north! Our Montana neighbors will have a treat in Madame Scheller's singing and acting.

BOY FOUND.—We have received two communications from Green River, relative to the finding of a body, on the 25th ult., supposed to be one of the brethren who were unfortunately drowned on crossing Robinson's Ferry, as "Lewey" and Molen's trains were crossing on their way to the terminus. The body found could not be identified, decomposition had so long commenced, but the person appeared to have been about five feet ten inches high, and was dressed in an undershirt of denim, over which was a small striped red and white cotton shirt, with an overshirt of home-made linen; grey jeans pants, coarse blue frock coat, dark brown home-made comforter, with the boots half soled and toe-capped. The patch on each boot ran square across the toe, about an inch and a half wide, and that on the right boot, on the inside, ran back about four inches. Deceased's hair was dark, but not black.

If it was the body of any of the brethren drowned, it may be that some of his friends will recognize the description given. The body was found on the west side of the river, after a long search and interred by John Joseph McCarron and John Davies. John Watkins, of Midway, Wasatch county, and R. A. Allred have written statements respecting the finding of the body, from which we take the above.

FRESH TROUT FISH!

Every Thursday
Between 6 & 7 o'clock A.M.,
25 Cts. per POUND,
