

GOV. LA FOLLETTE BADLY BEATEN.

Unanimous Vote Republican
National Committee Seated
The Stalwarts.

DISPUTE BY NO MEANS ENDED.

Wisconsin Courts to be Asked to
Decide Which Convention Was
The Legal One.

Chicago, June 17.—By unanimous vote the Republican national committee decided to seat the delegates-at-large from Wisconsin who are members of the "stalwart" faction, headed by United States Senators John C. Spooner and Joseph V. Quarles, and opposed to the Republicans led by Gov. Robert La Follette.

tied so far as the national convention is concerned, the dispute among the two factions of Wisconsin Republicans is not ended. Wisconsin courts are to be asked to determine which of the two state conventions recently held in Wisconsin was entitled to have the names of its nominees for state officers placed on the official ballot under the regular party name.

The "stalwart" delegates-at-large who were seated are Senator John C. Spooner, Senator Joseph V. Quarles, Congressman Joseph W. Babcock and Emil Baensch.

After the national committee had decided against the supporters of the governor from Wisconsin, the leaders of the La Follette side announced their determination to carry the fight to the end, and it is probable, in spite of the decision of the committee, that the dispute will again be fought out before the committee on credentials in the national convention.

Missouri and Texas contests were decided in the latter state the Lyon faction winning the delegates-at-large. The committee affirmed the report of the sub-committee in the selection of temporary officers for the convention. These will be Charles W. Johnson of Minneapolis, secretary; John R. Malloy, of Ohio, first assistant secretary; Elihu Root, temporary chairman; William E. Stone, sergeant-at-arms; David C. Owens, of Milwaukee, first assistant sergeant-at-arms.

A long list of minor employees, such as doorkeepers, reading clerks and pages, was adopted as reported by the sub-committee.

A resolution was passed to the effect that the members of the Republican national committee from all states and territories and the District of Colum-

bia are instructed to call a meeting of their respective delegations for a time not later than the evening of Monday, June 20, for the selection of members of the various convention committees.

The committee then adjourned until 10 o'clock Monday morning, all the contests before it having been settled.

Senator Scott of West Virginia tonight issued the following, which may have significance in view of the fact that Senator Scott has been quoted as being a candidate for the chairmanship of the national committee:

"I think that the precedent of the party should be and will be followed in the selection of a chairman, and that the wishes of the candidate for president will be followed. I am not informed as to what the president's wishes are, but we must go into the campaign behind the chairman, who ever he is."

HUNDRED PEOPLE DEAD.
Victims of Hurricane That Swept Over Cuba.
Santiago de Cuba, June 17.—The recent fall of fourteen inches of rain in five hours, accompanying a hurricane has resulted in the death of more than 100 persons. The most severe loss was at the village of El Cobre, where some sixty persons were drowned. The river rose rapidly, destroying the lower part of the village. Bodies were carried eight miles to the bay. Thirty bodies were recovered.

Six persons were drowned at Daiquiri, fourteen at El Cobre and many in the surrounding country. The list is still incomplete. All the bridges at Cobre, several at Daiquiri and four of

the Central railroad's bridges and miles of track have been destroyed.

In the wreck of the relief train at Moron two employees were killed, but the passengers are safe.

No trains arrived from Saturday to Thursday, and all the telegraph lines and cables are interrupted. One hundred and fifty houses were destroyed or damaged in Santiago, and five persons lost their lives. In and about Santiago the property loss is enormous at the mines, on the railroads and in cattle and merchandise.

Berlin, June 17.—In the first and second sessions of the Women's Congress today university study for women was discussed by representatives of Ger-

many, the United States, Great Britain, France and Denmark.

In the first session Miss Kearney Thomas, president of the Bryn Mawr college, spoke on "The University Education of Women in the United States." She defended university work for women from the assertion that it overtaxes their physical strength and renders them unfit for matrimony. Miss Thomas asserted that more men break down from overwork in American universities than women.

The second session discussed "Women Work, Art, Literature and Journalism." Mrs. Alice Horne of the Utah legislature, described the "Art Work of Women in Utah Schools."

THE THOUSAND ISLANDS.

There may be somewhere on earth a more delightful region than that of the Thousand Islands, but if there is, it has not been discovered. It is the Venice of America, but also has good hotels that can be kept warm if there shall happen to be a cold rainy evening. It is as fine as the Bay of Naples, with 2,000 picturesque islands scattered along the twenty-five miles of one of the most beautiful rivers in the world. You can find out a great deal regarding it in No. 10 of the "Four-Track Series," "The Thousand Islands." Copy will be mailed free on receipt of a 2-cent stamp by George H. Daniels, General Passenger Agent, Grand Central Station, New York.
