FOR THE WEEK END TELEGRAPH LINE  
**AMERICAN.**  
WIRED FROM WASHINGTON.

**WASHINGTON, 22.**—A circular let-  
ter was sent to Treasurer Gilliam,  
and all assistant treasurers,  
authorizing them to commence pay-  
ment of interest due April 1st on the  
26th of March. The interest amounts  
to \$7,775,783. About \$50,000 checks  
for registered interest will be mail-  
ed in season for presentation on the  
26th inst.

Representative Thomas Ochiltree  
has filed a supplemental argument  
with the First Comptroller of the  
Treasury in regard to the authority  
of the Treasury to withhold pay-  
ment of his salary as a member of  
Congress until his accounts as mem-  
ber of Texas shall be settled. This  
argument questions the legality of  
such action under the Constitution  
on the ground that its operation  
deprives a portion of the citizens of  
the United States of their representa-  
tion in Congress.

The wife of the Mexican Minis-  
ter, Romero, is so ill from nervous  
prostration that the street on which  
the Mexican embassy is located has  
been roped off against vehicles. Her  
illness may interfere with the festi-  
vities contemplated for Dis-

Don Cameron is gradually con-  
valescing. He will go to Harris-  
burg as soon as possible to see his  
father.

W. W. Corcoran has sent fifty  
dollars to Nicholas Crouch, of  
Baltimore, composer of "Rath-  
keem Macavournen," and who is old  
and poor.

The Secretary of the Navy has re-  
ceived a private letter stating that  
the commander of the *Albatross*,  
wrecked on the Japanese coast, was  
drunk at the time of the disaster;  
hence the court martial.

Secretary Folger is still unable to  
attend to his official duties.

The Governor of Montana sent  
the following dispatch to the Post-  
office Department to-day:  
"The vigilantes at Greenhorn, M. T., have  
removed the democratic postmaster  
by hanging him. Government mail  
must be sent, as he was caught  
burning. The office is now vacant."  
His sureties have been notified to  
the charge of the case.

A statement has been prepared by  
the Commissioner of Internal Re-  
venue, which shows the receipts of  
that office for the fiscal year to be  
\$14,500,000. The receipts for the  
fiscal year, if there had been no  
reduction in taxation, would have  
amounted to \$14,625,000. Deduct  
on account of changes in the  
revenue laws, \$50,000.

Second Assistant Postmaster Gen-  
eral Elmer to-day ordered the es-  
tablishment of a postal route in the  
Territory of Alaska, to extend from  
Haines to Juneau, a distance of 105  
miles. Service will be monthly.

The mail will probably be carried  
by canoe. The contract is awarded  
to Shelden Jackson of the New  
York Presbyterian Society. This is  
the first mail route established be-  
tween points within the Territory  
of Alaska.

Gen. Elmer contemplates estab-  
lishing a postal route to extend from  
Manly, New Mexico, to Keen's  
Canyon, Arizona, via Ganado and  
Fort Defiance, most of which points  
are in the territory occupied by the  
Zuni Indians.

The following telegram is received  
at the Indian Office:

Muskogee, Indian Territory.  
A man just from Inupiat's (Creek)  
camp says Inupiat's will  
surrender to the troops as soon as  
they appear.

(Signed)  
William McE. Dye was to-day  
appointed chief of police of this city.  
He is a graduate of West Point, and  
served with distinction during the  
late civil war. After the war he

mendation of Gen. Sherman, and was  
one of the foreign officers who assisted  
in the reorganization of the Egyptian  
army.

across the river. The ice on the  
Kennebec is broken up above

and run out into the bay, jamming  
up against Bloomfield bridge. The  
water is now falling, however, and  
no danger to the bridge is antici-

by using \$30,000 of its reserve and  
accumulations, and reducing the  
stock \$60,000. These amounts will  
prevent any demand on the stock-

"The storm commenced on the 8th  
at noon, and continued with terrible  
force till 11 a.m. of the 9th, when it  
reached its greatest height; wind 75  
miles an hour, and the sea was  
close by. If you were 10 feet from  
your door you could not find it  
again, and you could neither stand  
nor breathe in it without shelter.  
This is the greatest storm in the  
century, and the only one of the kind  
a person was lost in the center of  
town. None, however, would ven-  
ture to the rescue, as they were  
afraid of getting lost themselves.  
After two hours' hard fighting with  
the storm the party got safely in. A  
large store 50x100 feet and two sto-  
ry high, was blown in several small  
shanties and houses collapsed."

other farmer this morning. Hunter

sheriff and posse are after them. If  
caught they will undoubtedly be  
strung up.

from St. Louis to San Francisco,  
New York to Col. W. R. Cole: "I  
am informed there is legislation pro-  
posed in Tennessee, which, if made  
law, would take the control of  
owners of railroad property. I should  
not invest another dollar in the  
State in that kind of property if it  
was trusted differently from other  
kinds of property, and I cannot be-  
lieve it will be made law. I think  
all parties in this State, and in the  
country, and I really hope such legi-  
slation will not be enacted." Hun-  
tington has built a road in West  
Virginia, and has proposed to con-  
struct the Cincinnati & Green River  
line to Nashville, but with the pas-  
sage of the railroad commission bill,  
we may expect nothing.

New York, 22.—The Sun's edi-  
torial, published last evening, was  
several of the little signs of Central  
America are considering the terms  
of a projected federation of their  
governments. The chairman of  
a Central American Union is an old  
one; in fact, should the present  
movement succeed, it may probably  
be described as the revival of a  
former confederation. There ought  
to be no great difficulty in bringing  
about the necessary agreement on  
all questions at issue. It ought to  
be easy for the States to establish a  
union on terms that are honest, fair  
and directed to the common in-  
terest. Let Central America be  
united.

positively in the event of failing to  
arrive at a settlement, to procure  
horses, arms, etc., and make war  
forward, and place it in the hands  
of small dealers and consumers at a  
reduced price from that of the New  
York exchanges; and to make war  
be shipped till the matter is settled.  
The New England milk producers  
of the Homanville valley are taking  
steps to unite with Orange County  
in the struggle.

Newburgh, N. Y., 22.—The

where the boat look about 150 cows

injured in the attack upon the wa-  
gon. The "Orange County" was  
forced to suspend operations till the  
trouble is over, and farmers from  
this side the river are said to be try-  
ing to induce producers in Dutchess

representatives, and members of the  
press. The poet's remains were  
brought to this city and placed in  
the Governor's room in the City  
Hall. The body of the poet was
