and determination, would brace at the critical moment and hold their opponents from crossing over the line. Sometimes the play would be under way within 10 feet of Ogden's line. The Junctionites could get no closer than 20 yards. This position was obtained by a long punt. The Ogden boys were pushed back in quick order, however, When the second half came to an end with neither side having scored, it appeared that they could have fought all night without yielding an inch. For gameness and rug-ged determination, the game stands away above anything see in High School games played this season. All Hallows lost to the Salt Lake High School but the High School ind no wakaway. The score was 17 to 0. The college let its hopes rest on straight football, belleving the High's line could be rip! My husband and son, aged 15 were always subject to sick headache until we began using these Pills, and they have broken them up entirely. Don't think they have had to use them for six months. I recommend them to every one. A few weeks ago I heard an old lady friend was sick. I went to see her. She was down with LaGrippe, and nemity crazy with awdil backache. I gave her one of the Anti-Pain Pills and heft another for her to take in a short time. They helped her right away, and she says she will never be without them again. BOXING BOUTS FOR GAY OLD GOTHAMIJES

Boxing in Greater New York is enjoy-ing a boom just now, which bids far to provide many interesting battles aur-ing the coming whiter months. To the sporty New Yorker who wants to see a glove fight in the roped square the many athletic clubs here Aftord a lux-ury. There are 20 of these clubs within the city limits and the "membership fees" range from 50 cents to 35 per show, for, according to the provisions of the law governing boxing contests, every spectator must become a "mem-ber" before entering the buildiness where the battles take place. This, however, does not cause inconvenience, for each club has a staff of smart secre-taries, who collect the nightly dues and then write out "membership tickets" at lightning speed.

then write out "membership tickets" at lightning speed. Attending a glove fight in New York these days is like going to a theater, for some of the clubhouses are decid-eodly comfortable, while everything is carried on in a prompt and orderly man-ner. Around the rings may be seen prominent business men, dcctors, haw-yers, actors, politicians, turfmen, and in fact persons in salt walks of life. The crowds are enthusiastic and good-natur-ed, as well as sportsmanlike, everybody apparently drawing large enjoyment from the struggles between the gladia-tors.

Grant said: "My futher was in conference with Ad-miral Foot on the latter's flagship, and had just accepted a cigar from Je ad-miral when word come to him that the left flank of his forces was being re-pulsed.
