IMPORTANT TO THE TRAVELING PUBLIC.

It is the duty of all persons before starting on a journey to ascertain by what route they can reach their destination with the least trouble, and if there are two or more roads leading to the same point, to decide which is the safest and most pleasant to travel.

We take pleasure in stating, that the CHICAGO & NORTH-WESTERN RAILWAY is the oldest, and several miles the shortest, route between Omaha and Chicago. Within the past two years the road has been put in admirable condition, and almost the entire line has been re-laid with steel rails.

The Depot in Chicago is centrally located, and as their trains arrive there thirty minutes in advance of all other lines, passengers can always be sure of making Eastern connections.

Close connections are made at Chicago with the Lake Shore & Michigan Southern, Michigan Cen-

tral, Baltimore & Ohio, Pittsburgh, Fort Wayne & Chicago, Kanabek, Lake and Pan Handle Routes, for all points EAST and SOUTH EAST.

If you are going to Chicago, or East, you should, by all means, purchase your tickets by the Old Pioneer Route.

The Chicago and North-Western.

You will find on all through trains Pullman Sleepers, new and magnificent Day Coaches, and the best Smoking and Second Class Cars now on any road in the United States.

Particular information with maps, time tables, etc., may be had at any of the Through Ticket Offices in the West, or upon personal or written application to J. W. Irons, Ticket Agent, Salt Lake City, A. H. Earl, Ticket Agent at Ogden, or to J. H. Mountain, Ticket Agent at Omaha, Neb., or to W. H. Stenquist, General Passenger Agent, Chicago.

SELF-EVIDENT.—If two cans are of the same size and both are full, it is self-evident that one contains as much by measure as the other, although one being filled with heavy substances may weigh many ounces more than the other. Now, as Dr. Price's Cream Baking Powder is put in cans as large and hold as much by measure, as other kinds, and as baking powder is used by measure (teaspoonfuls), and not by weight, it all were of the same strength, one would go as far as the other; but as Dr. Price's is as effective, by using two teaspoonfuls as most kinds are with three, then it is self-evident that there is one-third saved in using his powder. Housewives will find that, aside from its excellence and healthfulness, two cans of Dr. Price's are equal to three cans the same size of the weighty kinds. A trial will prove this, and also that Dr. Price's True Flavoring Extracts are the most natural and delicate flavors made.

CONSUMPTION.

The scourge of the human family, may in its early stages be promptly arrested and permanently cured.

RAYNSWOOD, W. Va.

Dr. R. V. Pierce, Buffalo, N. Y.

"Sir:—For the last year I have been using your Golden Medical Discovery. I owe my life to it, having been afflicted for years. Did not use it but a short time before I was benefited, at that time I was very bad, not able to sit up much, was suffering greatly with my throat, was getting blind, had a dry cough, and much pain in my lungs. I have used twelve bottles of the Discovery and am almost well."

KATE T. WARDNER.

A son of Mr. J. H. Mesick, of Chatham, Four Corners, N. Y., has been cured of Consumption by Dr. Pierce's Golden Medical Discovery.

—so says Mr. C. B. Canfield, editor of the Chatham Courier.

S. R. Egler, druggist, of West Union, O., writes to state that Dr. Pierce's Golden Medical Discovery has effected a wonderful cure of Consumption in his neighborhood.

PRICE OF GOLD.

EVENING NEWS.

Thursday, April 29, 1875.

Local and Other Matters.

Thermometer 66 degrees F in the shade at 1 p. m. today. Fine.

Regular Meeting.—The Horticultural Society will meet to-morrow (Friday) evening at half-past 7 o'clock.

Called.—Mr. H. W. Beal, agent for the celebrated Duryea's Starch and Maizeine, and Mr. D. U. O'Connell, agent for Robt. P. Percy, importer of teas, both of New York City, were here in the interest of their several houses.

Valuable.—We understand that Dr. Williamson paid \$7,500 for the horse that was stolen from him night before last, and not \$1,000, as heretofore stated. It was one of the best blooded horses in this part of the country.

Claiming Them.—Yesterday the claimants of eighteen of the horses which Deputy Sheriff Florida brought from the north on Tuesday night came forward, proved property and recovered their animals.

Stealing Blankets.—This morning F. P. McElroy and James Brown were each fined \$30, for stealing blankets, the property of the City, from a stable on the City Hall lot. They will work it out.

A Standing Excuse.—Customer to storekeeper—"Have you got any so and so?"

Answer—"No, I am sorry to say we are just out of that, but have got any amount of it in the block; we have got plenty of 'such and such, though."

The Promenade Concert.—This evening Laura H. Stevenson's Grand Testimonial Promenade Concert comes off at the Institute. It is to be an entertainment of vocal and instrumental music and terpsichorean exercises, the orchestral portion of the band of the 11th Infantry being in attendance.

The Canine Question.—This morning no less than five persons were fined \$5 each, by Justice Pyper, for keeping unlicensed dogs. Some of the parties appeared as if they wished the canines that had led them to the necessity of paying \$5 in these dull times had long since been subjects of the dissecting room of the sausage maker.

Lemaitre Enquiring.—Last Sunday three Indian Chiefs, from the Bannock and Snake tribes, arrived in this city, having travelled from the part of the country where they are located, for the purpose of learning from the "Mormons" something concerning baptism and other principles and ordinances of the gospel. The desired explanations were given them by Indian Interpreter D. B. Huntington, and they departed apparently perfectly satisfied with what they had learned.

Snapshots Marrow Grange.—We learn from a gentleman from Salt

Creek, that about two miles, including the largest falls, of the proposed narrow gauge railroad, between that place and Sappeto, have been graded. A force of about twenty men are at work on it now, in Salt Creek Canyon.

Go For Them.—In fixing up the grape vines in his orchard, Mr. C. R. Savage found the coddling grub abounding in the rough wood trellis work, and other nooks or corners where they could find a suitable lodging place. There should be a universal attack on the pests.

Stockton.—Messrs. Morris and Evans have been awarded a contract to construct, at Stockton, for a company composed of gentlemen from Michigan six charcoal furnaces, each to be 26 feet in diameter at the base and 26 feet high.

The Chicago and Waterman smelting furnaces are running. The stages to and from Stockton are crowded daily, and considerable business is being shipped from that District.

Humorous and Benevolent Lecture.—Mr. Petroleum V. Nasby, Postmaster at the City of Salt Lake, on a visit to this Territory, has generously volunteered to deliver one of his humorous lectures in the Theatre next Tuesday evening, May 4, for the benefit of St. Mark's Hospital. As Mr. Nasby's fame as an American humorist is world wide, and the occasion is a charitable one, a highly amusing lecture, a full house, and a good time generally may be expected.

Killing Lucern.—J. J. McClellan writes from Payson, under date of April 28th—

"I see in your daily of the 10th inst. in regard to killing lucern, I think that stocking on one-third of the ground the whole crop, for two or three weeks, in hot weather, will kill it. Last year I left two or three good bunches of one patch for only five or six days, in August, and those patches did no more good last year, and are still lighter than the rest of the patch."

Lost Three Hundred.—Last night a Chinaman was running around upon the streets in a state of excitement, in search of policemen and lawyers. He had lost three hundred dollars in gambling, and he wanted the party who had mulcted him arrested. When he returned to the house where he had lost his money, with the policemen, the other Chinaman, who got away with the spoils, had gone to other parts, and could not be found, and it is presumed that the despondent "Celestial" is still mourning over his departed three hundred. The gambling occurred in a house on Commercial Street.

A Curious Phenomenon.—About ten o'clock this morning the attention of people in the vicinity of the Z. C. M. I. building, First South Street, was attracted by a whirlwind, which started on the opposite side of the street and kept revolving with great velocity, carrying scraps of paper and other light articles upwards hundreds of feet into the air, and from the ground the course of the whirlwind, which was serpentine in form, could be seen distinctly, as it formed a thick core of dust which it carried up from the dry street. After playing some peculiar freaks on the north side of the street, it slowly moved across to the south side, where it suddenly expired.

Opened.—The retail department of Z. C. M. I. opened this morning, with a splendid display of goods. The alterations necessary to prepare the premises for this kind of business have been rushed up in double quick time, by Mr. Peter Reid and a number of assistants.

The saleroom is 83 feet long by 44 feet wide, with the exception of a square piece at the south-east corner, still retained for wholesale purposes. The groceries, cutlery, linens, etc., are neatly arranged on the west side; on tables in the middle of the room are queensware and clothing, while the dry goods are on the east side. Considering the brief time in which the change has been made the arrangements and display are exceedingly creditable.

Theatre.—A fine comedy bill is in preparation for Saturday, May day evening, on the occasion of the benefit to Mr. J. C. Graham, the popular local comedian.

In the beautiful three act comedy of "Sweethearts and Wives" Mr. Graham will appear as "Billy Laidlaw," with song, Mr. Madden as "Admiral Franklin," Mr. Wilton as "Charles Franklin," Mr. Foster as "Sanford," with song, Mr. J. T. Cobb (first appearance) as "Curly," Miss Laura Honey Stevenson as "Eugenia," Miss D. Clawson as "Laura," Mrs. B. Douglas as "Mrs. Belle," Miss Napper as "Susan."

Mr. Wm. Conolly gives the recitation of "Shamus O'Brien."

The performance concludes with the comedy of a "Fish Out of Water," with Mr. Graham as "Sam Savory," Mr. Forster as "George Courtney," Mr. Wilton as "Alderman Gayford," Mr. Madden as "Charles Gayford," "Miss Clawson as "Ellen Courtney," Miss Napper as "Lucy."

The British Mission.—The following are from the M. Herald Star—

"Nottingham, March 31.—We held a district meeting at Mansfield last Sunday, which was participated in by the Saints from Nottingham, Arnold, Hucknall, Sutton, Eastwood and Chesterfield. The three meetings were addressed by Elders Alfred Wright, John Squires, George L. Farrell, and myself. The large hall was nearly filled with Saints and strangers. The spirit of the Lord was poured out upon speakers and hearers, and faithful testimonies were borne. On Monday, the 29th inst., the Saints and friends met in a social Tea Party, which reflected credit upon brother Joseph Bell and the good folks who lent their willing hands to make it a complete success. After tea, and while the people were getting ready for the songs and recitations that were to follow, a few of our faithful brethren, who had been waiting five adults, and we confirmed

them as soon as they came out of the water. The Spirit of the Lord rested upon us in a very marked manner, which we found filled the hall when we returned. We had a very excellent evening's entertainment, which I much enjoyed."

Elder Edward Critch, of Chesterfield, gave a concise history of the introduction of the gospel to Mansfield, by Gaud Rogers and himself, about 24 years ago. While he was speaking the Holy Spirit came upon him, and he bore a farewell testimony (as he intends to emigrate the present season), to the gospel as revealed through Joseph Smith, and to the kingdom of God as it is now established upon the earth. F. M. LYMAN."

A Primitive Sewing Machine.

DESERET MUSEUM, April 29th, 1875.

Ed for Deseret News:

I have received from the Sixth Ward Co-operative Association, for our Home-made Department, a most primitive-looking sewing machine, which is said to be the first made in Utah. I shall be glad to know its history, which I may do by your kindly asking for the information, when convenient to you, through your columns.

Elder Evans, of the firm of Morris & Evans, gave me the information, such as he possesses. The President of the Co-operative Society of the Sixth Ward (Bishop Hickenlooper) says the machine is the first one made here.

Yours very truly,
JOSEPH L. BARFOOT,
Manager.
