Signor Guy Cappuccia of the Italian Tyrol, was run in last night, by the Salt Lake gendarmie for allowing women in his ranch d'aguardiente for about 7 p. m. Cappuccia left 100 napoleons with the prefect of police to ensure his attendance on the police court this afternoon.

Elder J. John Nuttall has just returned from a trip south. The real estate association at yesterday afternoon's Commercial club lunch, decided to press the adoption by the Salt Lake city council of the St. Louis real estate dealers' license, which it is believed will shut out the curbstone dealers. WELCH AFTER CLIFFORD.

What the San Francisco Sporting Writers Think of Him.

Manager Kelley of the Shamrock Athletic club stated today that he had written and telegraphed for Jack O'Keefe to come here and meet Clifford about the first of April, in a 20-round contest. Kelley expects a reply from O'Keefe this evening or tomorrow. But in the event that O'Keefe is not able to come at that time, "Spider" Welch of San Francisco will be sent for to meet Utah's lightweight champion.

On the coast Welch is considered second only to Jimmy Britt. Here is what the California Clipper has to say of him:

"Spider" Welch is probably the best lightweight on the coast today, with the exception, of course, of Jimmy Britt. Wise sporting men freely admit that the Spider can lick all the Herreras, Ixtas, Otts and Sullivan that can be stuffed into a foot ring as fast as they are let out. Welch has done his share of good milling in and around San Francisco, and he has always put up a good, game fight and has seldom drawn down the loser's end of the purse. The Spider is a hard working youth, and when he gets a match he never lets it interfere with his work, and he does all of his training at night, after working hours. Welch is decidedly popular with the gallery gods, and whenever he enters the ring it is a signal for a hearty burst of applause. The Spider is busy just now trying to engage the attention of one Louie Long and Jack Cordell."

The kidneys and the skin.

In the spring the kidneys have much to do. If they are weak or torpid, they will not do their work, and the skin will be pimply or blotchy. That is telling the story in a few words.

Hood's Sarsaparilla strengthens and stimulates the kidneys, cures and prevents pimples, blotches and all cutaneous eruptions.

ACTIVE WORK OF "UTAH'S MIKADO."

How E. D. Hashimoto Has Become a Potent Factor in The Affairs of His Countrymen—Look to Him For Advice on All Subjects.

E. D. HASHIMOTO,

Salt Lake Jap Who Is Financial Agent in the Utah War Fund Movement.

E. D. Hashimoto, who has been appointed the local representative of the Pongkai society, as stated in last night's "News," is one of the best known Japs in this intermountain region. Among those who are acquainted with him locally he is spoken of as "The Utah Mikado." This complimentary nomenclature is not unwarranted for Hashimoto occupies the same position with the Japs here as does Charles Bonetti for the Italians or Mr. Skiliris for the Greeks. First and foremost Hashimoto is the Japanese labor agent and he supplies men at short notice for the railroads. Anybody who wants to hire a Jap, no matter in what capacity, seeks this gentleman. "You shall have a good boy," says Hashimoto, and that settles it. The "Mikado" is as good as his word. He is banker, legal adviser, settler of disputes and general King Solomon for the Japanese colony in Utah.

Down in his office opposite the Rio Grande freight house he employs two clerks and they always seem to be busy answering letters from their employer's dictation. While the letters to the American resemble a number of chicken tracks they are eagerly read by

the recipient on the desert or in the box car on the work train, as they not only contain advice and business suggestions but they also serve as newspapers and recite the latest news in Jap circles.

Mr. Hashimoto is a neat American dresser, as can be seen from the accompanying photo. He has a penchant for diamonds of the first water, always wears patent leather shoes and immaculate linen. He is reputed to be wealthy although still comparatively a young man. In addition he has a good education and can read and write English fluently. During the course of a year he travels extensively all over the country and has recently returned from a trip to Mexico, where he went for the purpose of closing a contract for supplying Jap labor on one of the big railroad systems. So well he is thought of among the various railroad companies that he carries annual passes on several of the big systems.

In Utah he has between 400 and 500 Japs who look to him to take care of their affairs, find them jobs and even advance them money if necessary.

Mr. Hashimoto is now busy at work sending out circulars to his fellow countrymen and urging them to join the patriotic society named above. He expects that his efforts will be rewarded by the extension of the \$10,000 assessment for the State of Utah in aid of the Japanese national war fund will be more than realized.

Infammatory Rheumatism Cured. William Shaffer, a brakeman of Denison, Ohio, was confined to his bed for several weeks with inflammatory rheumatism. "I used many remedies," he says. "Finally I sent to McCaw's drug store for a bottle of Chamberlain's Pain Balm, and lo! within a few days I was able to use hand or foot, and in one week's time was able to go to work as happy as a clam." For sale by all druggists.
