ADJACENT CITIES

OGDEN.

Ogden, Utah, - Aug. 15, 1893.

News Bureau at 201 N. Main St. Ogden, Utah, reports that the Ogden River bridge was ordered repaired to the extent of putting down a new floor.

City Council.

The city council met last night in regular session. President Howell in the chair. But little business of importance was transacted.

The residents of Ogden Avenue asked for the grading of that street. The matter was referred to the street committee.

The people residing on Adams, between Twenty-sixth and Twenty-seventh, petitioned for the sprinkling of said street. Referred to the water committee.

Residents of King's addition, in the southwestern part of the city, asked that a residence in the shape of a flag-staff pole be allowed. Referred to the appropriate committee.

Chief Hinder asked that the hydrant on Twenty-eighth street, near Washington avenue, be moved to Twenty-eighth and Twenty-ninth streets. Referred to water committee.

Gillie fire ordinance was read the second time.

The police pay roll was drawn on the old scale of prices, which elicited considerable discussion. A new pay roll was ordered conforming to the changes made in the salaries adopted in the reorganization.

The Ogden river bridge was ordered repaired to the extent of putting down a new floor.

Woman Accused of Forgery.

Deputy Marshal Ballantine yesterday arrested Mrs. Elizabeth Hughes on the charge of forgery, said to have been committed in 1891. Mrs. Hughes borrowed \$200 through a loan agency of this city and gave as security a mortgage on certain real estate, signing the name Catherine Jones to that instrument as also to the note.

It now turns up that the prisoner had no such real estate and that the name Jones was forged. Not being able to put up the requisite bond she was taken in the penitentiary last night where she will remain until the case is called by the district court, having been indicted by the grand jury at the last sitting.

School Examining Board.

Yesterday the examining board, consisting of superintendents Page and Professors Curry and Smith, was in session at the Central school building, and a large number of ladies and gentlemen desirous of teaching in the public schools were present. Only successful candidates will be allowed to teach. The board will be in session every day in all.

Man Arrested by the River.

Two men were arrested by the river yesterday. One was charged with being a vagrant, and the other with being a vagrant and a vagrant.

Man Imprisoned as a Farmer.

Mandrake Pills have a value as a household remedy far beyond the power of language to describe. The family can hardly be true to itself that does not keep them on hand for use in emergencies.

MANDRAKE

Is the only vegetable substance for that dangerous ailment, Malaria, and while its action is so powerful, it is so gentle, it possesses none of its poisonous effects.

In Consumption, Mandrake acts upon the lungs without irritating them to dangerous extremes.

No remedy acts so directly on the liver, setting up speedily, curing this dangerous ailment, Malaria, and while its action is so powerful, it is so gentle, it possesses none of its poisonous effects.
