

THE SEMI-WEEKLY NEWS

Issued Mondays and Thursdays
and Contains All the Cream of
the Daily and Saturday News.

LOCAL BRIEFS.

Will Meet Tuesday—An open meeting of the Juvenile Betterment League will be held next Tuesday evening in the Y. M. C. A. A supper will precede the meeting.

Now Ready to Pay—Referee Chas. Baldwin has signed checks for the 2 1/2 per cent dividend recently declared in favor of the Schettler creditors, and the same are now in the hands of Trustee G. B. Blakely.

Desertor Arrested—Private F. A. Haley of the Nineteenth light battery, alleged to be a deserter from that command while it was stationed at Fort Riley, Kas., was captured yesterday by Police Officer Corless, and handed over to the Fort Douglas authorities.

To Inspect Militia—Orders from division headquarters designate Maj. Robert L. Hirst of the Twenty-ninth Infantry as the officer to inspect the Utah state militia. The major was formerly adjutant of the Twelfth infantry, so that he is well acquainted in this state.

Artillery Recruits—Twenty-four Artillery recruits have arrived at Fort Douglas from Jefferson Barracks, Mo., accompanied by Capt. A. M. Fuller of the Ninth United States cavalry, and Sgt. Lewis of the hospital corps. The "recruits" have been divided up among the Twelfth and Nineteenth light batteries, and will join in the march to Fort Russell, April 1.

Meet Again Friday—The committee of superintendents appointed by the State Teachers' association to prepare questions for the eighth grade examination throughout the state, met yesterday afternoon in State Superintendent Nelson's office and after a brief conference adjourned until next Friday afternoon.

Will Reorganize—C. B. Hawley, formerly manager of the Utah Electric company in this city, has bought a controlling interest in the Interventura Electric company for \$25,000, and is now in charge. The company will be reorganized in consequence of the change. Mr. Hawley has been out that he may be free to travel with his wife whose health has been poor, and to attend more to other business interests.

Want Electric Lights—At the meeting of the county commissioners yesterday afternoon the petition of a number of residents of West Jordan asking that electric lights be placed along Redwood road was referred to the committee on roads and bridges. The appointment of Miss Grace Cottle as an extra clerk in the office of County Clerk Eldredge at salary of \$2.50 per day was confirmed by the commissioners.

Real Estate Sales—Three real estate transactions of note were recorded yesterday afternoon, in the office of the county recorder. Edward Popper of Chicago bought from Wilma Turner 132 feet at Market and West Temple streets, for \$25,000. Oscar Engdahl bought 79 feet on Second South street near Fourth East street, for \$7,875; and Joseph Barnett bought from Lydia A. Merrill 100 feet on the east side of Plum alley for \$11,500.

Why Children Were Disappointed—Quite a group of children assembled at the Seventeenth ward meeting-house yesterday afternoon at 4 o'clock to attend an "east side" singing class of the Salt Lake stake, but as Prof. Stephens was not aware that arrangements had been already made to carry out his suggestion that this be done, he was not present. However, the class will be organized next Monday, and all should go well in the future.

A Feast of Purim—The Congregation Montefiore held a Purim entertainment Sunday night, in the Odd Fellows' hall, which was attended by 150 guests. The program included a piano solo by Harry Joseph, an address by G. M. Lewis, violin solo by Morris Rosenblatt, Jewish song by Mrs. Miller, vocal duet by Miss Shapiro and Miss Lowenstein, recitation by Miss Jean Glosier, violin solo by Miss Mary Ragwood, an address by Harry Joseph, vocal solo by Miss Ella Lowenstein, recitation by Miss Shapiro, remarks by Max Aaron.

Trouble for Delverman—Another case was yesterday filed against Juan Costina by the Davis Shoe company, through its attorney W. J. Guter. It accuses Costina of obtaining goods under false pretenses, to wit, that he retains in his possession receipts belonging to the company, and which are of value to it, but not to the accused. This is the second charge of the same nature preferred against Costina, who has been running a package delivery. The hearing in this case will be held Wednesday afternoon, Costina furnished a cash bond of \$100 in each case.

Medical Society Meeting—The Salt Lake Medical society met last night in the parlors of the Commercial club, and adopted these resolutions relative to the pure food bill now before the senate: "Whereas, The final vote of the United States senate having been taken on the pure food bill and the senators from Utah, Reed Smoot and George Sutherland, having voted for it, now be it resolved, that the Salt Lake County Medical society, in regular session assembled, extend their congratulations to the above named senators and thank them for their support; and be it further resolved, that a copy of these resolutions be forwarded to them."

Break Into Jewelry Store—Doubtless taking advantage of the noise made by last night's violent wind, thieves broke into the jewelry store of J. F. Boes, 253 south East Temple street, some time before 3 o'clock this morning. A plate glass window was broken by throwing a brick through it, and such valuables as were within reach were carried away. These consisted of rings, diamond brooches and a tray of gold beads, the value of which has not yet been determined. Watchman A. E. White discovered the broken window while walking his beat, and the proprietor was at once summoned, to find that he had sustained considerable loss at the hands of the marauding fraternity.

Zion's Saving Bank and Trust Company was organized in 1873; has opened over 40,000 savings accounts, and now opens an average of more than 100 new accounts every day. We want YOUR business. Joseph F. Smith, President; George M. Cannon, Cashier.

THE C. S. MARTIN COAL CO. are filling orders promptly for all kinds of coal.

STATE LAND BOARD IS CRITICISED.

Raise in Minimum Price of Land
Works Hardship in Out-
lying Counties.

VIEWS OF JUAB COUNTY BOARD

Most Valuable Land Sold for \$1.50 an
Acre, \$2.50 Now Demanded for
Remainder.

Nephi, Juab Co., Utah,
March 10, 1906.

Editor Desert News:
Referring to the article which appeared in your issue of March 8 under the heading "The price of Land, Juab County Commissioners do not approve of the action taken," will you permit us to explain to the public through the columns of your valued paper just where we stand on this question. We appreciate the evident interest of the state board of land commissioners in raising the minimum on state lands from \$1.50 to \$2.50 per acre, and agree with them that from the side of the question from which they have undoubtedly viewed the matter, i. e., that of increasing through the sale of state lands the various funds into which the proceeds from same would go, their action would seem to be for the best interest of the state, but there is another side to the question which they seem to have overlooked, and that is to us who are located in the outlying counties puts the proposition in an entirely different light. It is simply this: There is in the outlying counties a vast acreage of land owned by the government, and because of this shortage of water no title can be made under the desert act. So that if this land is ever to come into the hands of the people, it must come through purchase from the state. Under the old minimum price of \$1.50 an acre, a part of this land was being taken, but the advance of price has practically stopped all applications. The land is valuable except for grazing and for that purpose is not worth the present minimum price. If the minimum is maintained as now fixed the result will be that only the most valuable land will be sold, such as is located in the most populous counties, and frequently such as could be entered under the government grants, and the less valuable land situated in the outlying counties will continue as now to be public domain, the growth of these counties will thus be curtailed, and neither the state nor county will ever receive any revenue from same, which might otherwise be done in the shape of taxes upon the land and improvements, which would be placed on them, if the lands were owned by the people.

Again, had the advance price been established in the beginning, there might have been wisdom therein, but to sell half of the grants (excepting regular school lands) made to the state by the government at \$1.50 per acre, and after the best lands have been selected, to raise the price to \$2.50 per acre on the lands of poorer quality we do not feel is a good policy. Under the old rule of the land board the most populous and wealthy counties have got most of their lands into the hands of the taxpayers, and under the new rule the outside counties, that are handicapped by lack of capital and population in proportion to their area must of necessity see their development retarded for the want of cheap lands to offer to investors and settlers by the government at \$1.50 per acre, and improve the waste places of this great state. It is not a question as to what other states sell their lands for, but as to what is the best policy to build up Utah. Many of the surrounding states have been handicapped by not having their lands in the hands of taxpayers. The history of Nevada's progress would have been very different if upon gaining statehood she had taken the wise course Utah did to get her land grants into the hands of the people. Very respectfully,
GEO. McCUNE,
Chairman Board of County Commissioners, Juab County.

All smart up-to-date women of today, know how to bake, wash, sing and to play.
Without these talents a wife is N. G. Unless she takes Rocky Mountain Tea, Z. C. M. I. Drug Dept., 112-114 Main street.

PROMOTION FOR CALIFF.
Former Lieutenant Colonel is Now a
Brigadier General.

The many Salt Lake friends of Lieut. Col. Joseph M. Califf of the artillery corps will feel like extending hearty congratulations to him on his promotion to brigadier-general, even though he is to go on the retired list. Gen. Califf made his first acquaintance in Salt Lake when he came here after the Spanish war as captain of the Third artillery regiment, to buy horses for that branch of the service. He was made a major in July, 1901, and stationed at Fort Douglas in command of the Twelfth and Twenty-second light batteries, being promoted to be lieutenant colonel in May, 1904. He was shortly thereafter transferred to Fort McKinley in Maine, and now at the age of 61 is retired with a star on his shoulder straps. Gen. Califf began service in 1861 as second lieutenant of the Seventh United States colored infantry, and was mustered out as captain in 1865. He is an honor graduate of the artillery school at Fortress Monroe.

DEATH RATE IN NEW YORK AND CHICAGO.

ALWAYS KEEPS CHAMBERLAIN'S COUGH REMEDY IN HIS HOUSE.
"We would not be without Chamberlain's Cough Remedy. It is kept on hand continually in our home," says W. W. Kearney, editor of the Independent, Lowry City, Mo. "That in just what every family should have. When kept at hand ready for instant use, a cold may be checked at the outset and cured in much less time than if it had to be fought in the system. This remedy is also without a peer for croup in children, and will prevent the attack when given as soon as the child becomes hoarse, or even after the croupy cough appears, which can only be done when the remedy is kept at hand. For sale by all druggists."

FOR SALE—REAL ESTATE.
\$3.50.
Just about one-half what the present owner has spent on the property. One acre of ground on a corner of 18th South and State, North of Granite Stake meeting-house. The improvements consist of a large hall containing one large room that has been used for saloon and well adapted for ice cream parlor, grocery store, etc. Also a small living room with porcelain bath, electric lights, and toilet, large sheds and barns. Ideal place for chicken raising company, quitclaim deed at once, hence the cut in price.
