**UNWHOLESOME FOOD.**—By the unnatural combination of different articles by ignorant persons for baking powders, (even if articles are pure) they render the food very indigestible, as the chemical action, when they enter the stomach, prevents their being digested. Of these mixtures it requires but a small quantity to make food very unwholesome. Dr. Price's Cream Baking Powder is the only powder prepared by the application of scientific principles, combining all the elements of a perfect powder, thus making it safe, economical, and nutritious, and only to be equalled in purity and strength by his True Flavoring Extracts, with which every housekeeper should be supplied.

**Dr. Pierce's Favorite Prescription** is very strongly recommended by the medical faculty and is largely prescribed among their female patients. It is worthy of all confidence, as may be seen from the following testimonials:

**Dr. G. B. Chapman**, Plattsmouth, Neb., writes: "I have under treatment a lady, who, for the past seven years has been afflicted, and, after trying several physicians without receiving benefit, is gaining rapidly on your favorite prescription."

**ATLANTA, ILL.**

**Dr. R. V. Pierce**, Buffalo, N. Y.: "Dear Sir—I have not words to express my gratitude to you for your advice and assistance in my case. There is not one who has used your medicines since they have been brought here, but that can say with me they have been greatly benefited. Since I have been so helped by its use, six or seven around me left off all doctors and other medicines, and now use it in their families, after being cured of the same disease as mine. You do not know what a wonder it created in our city, by its restoring my sister I wrote you about, for she had been under the care of our best doctors, but could not sit up but for a few minutes at a time. I begged of her to try your medicines, and before she could get to the bottles she could go all around the yard, and has now just come home from a visit five miles away."

**MRS. THOMAS McFARLAND.**

**Dr. Pierce's Favorite Prescription** is sold by dealers in medicines generally.

**IMPORTANT TO THE TRAVELING PUBLIC.**

It is the duty of all persons before starting on a journey to ascertain by what route they can reach their destination with the least trouble, and if there are two or more routes leading to the same point, to decide which is the safest and pleasantest to travel.

We take pleasure in stating, that the CHICAGO & NORTH-WESTERN RAILWAY is the shortest, and several miles shorter, route between Omaha and Chicago. Within the past two years the road bed has been put in admirable condition, and almost the entire line has been re-laid with steel rails.

The Depot in Chicago is centrally located, and as their trains arrive there thirty minutes in advance of all other lines, passengers can always be sure of making Eastern connections.

Close connections are made at Chicago with the Lake Shore & Michigan Southern, Michigan Central, Baltimore & Ohio, Pittsburgh, Fort Wayne & Chicago, Kankakee, Line and Pan Handle Routes, at all points EAST and SOUTH-EAST.

If you are going to Chicago, or East, you should, by all means, purchase your tickets by the Old Pioneer Route.

**The Chicago and North-Western.**

You will find on all through trains Pullman Sleepers, new and magnificent Day Coaches, and the best smoking and Second Class Cars now on any road in the United States.

Particular information with maps, time tables, etc., may be had at any of the Through Ticket Offices in the West, or upon personal or written application to J. W. Irons, Ticket Agent, Salt Lake City, A. H. Tietze, Agent at Ogden, or to J. H. Mountain, Western Traveling Agent, Omaha, Neb., or to W. H. Stennett, General Passenger Agent, Chicago. d54

**Stirred Them Up.**—The dispatch published in the NEWS a day or two since, from the city marshal of Corvallis, stating that a band of fifty horses, supposed to have been stolen from various parts, was at that place, has brought to light the fact that the number of people who have had horses stolen from them is very great, as descriptions of animals are floating in from every direction. It also proves the fact that there are numerous horse and cattle thieves around, who make a big business of this kind of robbery.

**Distinguished Visitors.**—Yesterday General George Crook, on his way to Omaha, to take charge of the Department of the Platte, arrived in this city, accompanied by his two aides-de-camp, Capt. Nickerson and Lieut. Bourke, also by Mr. Forester, of Los Angeles, and Messdames Nickerson and Keeney, of San Francisco. The party were met at the Depot by General John E. Smith and staff, who accompanied them to the Walker House. General Crook paid a visit to Camp Douglas during the day.

**A Washout.**—The Ogden Junction of April 15 says:—

"No Eastern mail arrived last night, there will be none to-night, and it is doubtful whether there will be any to-morrow night. There is a big snow drift in the neighborhood of Bitter Creek, the other side of Green River, which is said to be a mile in length, and until this is repaid no travel will pass. The trains must possess their souls in patience, and get ready for

lots of reading, when the track is repaired and the mails come in."

**Visiting the Museum.**—Gov. Axell called in at the Museum this morning. He expressed pleasure at the arrangement of specimens and curiosities by Prof. Barfoot, and some surprise that the ore, minerals, fossils, and the general industrial interests of the Territory were not more fully represented.

**Stevens' Utah Monthly Record.**

—We have received the April number of this excellent periodical. It is laden with information on mining matters and other subjects connected with the material development of the interests of the Territory. The articles are *multum in parvo*, being concise and clearly written. The present number has two pages more of reading matter than its predecessors, and is embellished with neat tinted paper covers.

**Remitted.**—Something over three months since, Robert McKinney was sentenced to pay a fine of \$100, and to imprisonment for two months, for robbing and kidnapping a man, in a Commercial Street saloon, and for drawing a knife on Mr. John Y. Smith, when that officer arrested him. McKinney has just worked out his fine, having been in custody 100 days, and has petitioned the Mayor to remit the imprisonment sentence. In his petition he acknowledged his guilt, and the justice of sentence, stating that it had taught him a lesson which will cause him to lead a better life in future. He also stated his determination to leave the Territory immediately on being released. In accordance with the petition Mayor Wells has remitted the imprisonment and McKinney will depart for other parts to-morrow, if he keeps his agreement.

**Married.**—On Wednesday last Mr. W. Fletcher and Miss Mary Woolley, daughter of Bishop S. A. Woolley, were united in the bonds of matrimony, President D. H. Wells officiating at the ceremony. In the evening a number of relatives and friends of the family spent a few pleasant social hours together, at the residence of the bride's father, in honor of the occasion, and many and hearty were the congratulations with which the happy couple were greeted. The bridal presents were chiefly articles of domestic utility, thus manifesting not only the regard but the good sense of the givers. In common with their other numerous well-wishers, we wish them a happy and peaceful life's journey. "May they live long and prosper."

**Z. C. M. I. Building.**—Last evening at a meeting of the committee on building appointed recently by the stockholders of Z. C. M. I., it was decided to purchase 100 ft. front and 330 feet back, of the Grant lot, opposite Old Constitution Buildings, that being the only available suitable location, and thereon to erect a building with a frontage of 50 feet, running back about 300 feet. There will be a basement under the entire size of the building, and the structure will be two stories high above the basement, probably built of brick above ground, with an iron front. It is designed that the building will be plain and substantial, without costly ornamentation or embellishment.

**We understand** that parties desirous of taking stock for labor and building material will have the opportunity to do so.

**The north side** of the building will be parallel with the south side of Mayor Wells' lot. It is designed to prosecute the work with dispatch.

**That Suicide.**—The Emma Mine case.

The suicide reported yesterday, as being J. W. Sueothe, of San Francisco, proves to have been a travelling agent for Kate, O'Leary & Co., of San Francisco, for whom he had been to Cuba on business. A boarder at the house where the man had been staying temporarily said that he had seen him in San Francisco, where he was known by the name of J. W. Schoenmacher.

**The line of defense** in the Emma Mine litigation is shown by the answer of Trevor W. Park, to the complaint of the Emma Mining Company of Utah and England, which is published to-day. It is an answer stating in effect that the plaintiffs made their investment with wide-open eyes, having previously taken pains to study themselves as to the truth of the statements of the defendants, and that the defendants are not properly chargeable with the failure of the investment to be as remunerative as expected.

**Travel Stopped** on the U. P.—Indian War Party.

**OMAHA, 16.**—The high water, which for several days past has delayed the trains on the Union Pacific, has finally become so high that travel is entirely suspended between Laramie and Ogden. The water is six feet deep in many places, and is still rising. It is impossible to predict when travel will be resumed. The canyons are reported to be full of snow, and it is known that the depth of the snow will be a full foot in the deepest places. The location of the present trouble, Bitter Creek Val-

ley, is three hundred miles west of Cheyenne. Passenger trains which left here on the 13th, 14th, and 15th are lying at Laramie City and Rawlins, those which left Ogden since the 13th are lying at points west of Green River. All are in good quarters and well cared for. The Union Pacific officials advise travelers for Utah and California not to start till notice of the blockade being broken is given.

A dispatch from Ft. Laramie, today, says that Captain Mize's company were sent after the mining party at Harney's Peak, has secured the whole of them, consisting of 18 men, one woman and a boy; they were at Ft. Laramie on the 13th. There are heavy snows in the Black Hills, and high waters everywhere.

A war party of Sioux and Arapahoes are reported to have left for the Shoshones country.

**\$15,000 Fire.**

COLUMBUS, O., 16.—The loss on Anderson's paper mill, partially destroyed by fire last night will not exceed \$15,000, the most valuable machinery being saved. The loss is fully covered by insurance.

**Cold Weather.**

CHICAGO, 16.—The weather turned suddenly cold last night, and early to-day the mercury was in the neighborhood of zero; the water pipes froze, and to-day is like a day in December.

**Murder and Suicide.**

ST. LOUIS, 16.—Mrs. E. L. Irwin, a highly respectable young widow lady, of Hannibal, Mo., tied a clothes line around herself and a little six year old child, and fastened the other end to a stake in the ground, and then took the child in her arms and deliberately walked into Bear Creek, and both were drowned. Financial embarrassment and disappointment in love are understood to be the causes of the act.

**FOREIGN.**

**SPAIN.**

**Captured by Carlists.**

MADRID, 16.—It is reported that the Carlists have seized a number of women and children in the province of Soria, and threaten to shoot them unless they are ransomed.
