THE CITY ENGINEER.
Is Made the Object of Charges by
Contractor Wilkerson.
CITY WATER IS RUNNING SHORT.

action Against Job riding Wagon in
the Public Streets—Another
Newspaper.

At last night's meeting of the City Council, charges against City Engineer Kelley in which he alleges that his first job on the Fifth South street sewer was the lowest one submitted, but that the city engineer prevailed upon the sewer committee to reject all bids and selected him to reconstruct the sewer. When this was done, however, the city engineer, Mr. Wilkerson, was still the lowest bidder and secured the contract. From the beginning of the work Kelley is charged with having worked dishonestly upon the contractor, not showing his plans in numerous ways, compelling him to use substandard pipe in the sewer, and in the end, when the sewer was completed, Kelley was paid for the work by the city for the sum of \$1,840.

The city engineer was instructed to serve Mr. Kelley with a copy of the charges and the council will be a day for a hearing of the case in committee of the water.

City Auditor George H. H. is unable to attend to the duties of his office on account of illness and sent the following communication to the Council:

Members—On account of my severe illness I am unable to appear in person at the office of the city engineer, but I have directed my secretary, Mr. H. H. H., to attend to the duties of my office in my absence. I have directed Mr. H. H. H. to see that the city engineer is paid for the work done on the Fifth South street sewer for the sum of \$1,840.

In reference to the same matter the following communication came from Mayor H. H. H.:

Members—Mr. George H. H., the city engineer, is temporarily incapacitated for duty by reason of illness. I have appointed Mr. H. H. H., city auditor, to act as city engineer during Mr. H. H. H.'s temporary absence, and I have directed Mr. H. H. H. to see that the city engineer is paid for the work done on the Fifth South street sewer for the sum of \$1,840.

The announcement of these conflicting appointments, however, has not been made, and the services of City Engineer Kelley were not called upon to reconstruct the sewer.

The city's legal adviser gave it as his opinion that Mr. H. H. H.'s appointment was illegal from the fact that the office of city engineer had been abolished and the only way out of the difficulty without paying an ordinance retaining the office was for the Mayor to appoint an auditor pro tempore. The Mayor's selection, was therefore considered by a vote of 7 to 4, illegal.

Mr. H. H. H. has been appointed to act as city engineer during Mr. H. H. H.'s temporary absence, and I have directed Mr. H. H. H. to see that the city engineer is paid for the work done on the Fifth South street sewer for the sum of \$1,840.
