

WHY YOU CAN'T BEAT JEFFRIES.

Jim Corbett Gives Some Good
And Well Recognized
Reasons

BIG FELLOW IS ALL ALONE.

Has Great Advantages in Weight,
Punch, Speed and Ability to
Absorb Punishment.

It is really astonishing how many there are in the world who profess to believe that Jim Corbett, the Butte miner, has a chance to beat Champion Jim Jeffries in their coming battle on the coast. The fact is that Jeffries is steadily growing among the members of the fraternity, that the Montanans will give him the big battle, and that the hardest fight he has had.

But a far different idea is entertained by experts of the game. Sporting writers, and prominent boxers are practically unanimous in the belief that Jeffries stands alone in the heavyweight division of the game of walloping and jabbing.

Jeffries is a man who has fought Jim Sharkey, the possible exception of Tom Sharkey, who declares that no man has a chance against him. James J. Corbett, who fought the champion, says that Jeffries is a big fellow, and he cannot beat him. Corbett is a big fellow, and he cannot beat him. Corbett is a big fellow, and he cannot beat him.

There are twenty different cinnamon barks, and they cost from 4 to 55c lb. This explains the market, all but one particular. Schilling's Best is the best with the coarser pieces picked-out; not thrown-away; oh no; they go to some less particular grinder.

Moneyback anything.

has been arranged by the promoters of the Ashley Athletic club, who will give their inaugural show Thursday night of this week at the West Side Turner Hall, corner Chicago and Hoyne avenues.

The interior of the hall has been entirely rearranged, and the seats, which surround the arena, have been placed with a view to the convenience and comfort of the club members and their guests.

HERRERA AND YANGER DRAW

Both Scored Clean Knockdown in the Third Round.

Chicago, March 14.—Benny Yanger of this city and Aurelio Herrera fought a six round draw before the American Athletic club tonight. The fight was fast and exciting. Both men scored knockdowns in the third round, when Herrera put Yanger to the floor with a hard left on the ear, and Yanger, who rose instantly, sent Herrera down with a left hook to the jaw. Herrera depended on a left hook for the greater part of his fighting, while Yanger used straight lefts to the head and a right to the body for his work.

BUTTE'S BALL TEAM.

Miners Sign "Dad" Clark for First Base

—Spokane Gossip.

From present indications, the Butte baseball team in the Pacific National league will line up about as follows:

Seinfeld, catcher; Rouch and Randle, pitchers; Clark, first base; Ward, second base; Runkle, shortstop; Kane, third base; McKovitz, Shaffer and Wilcox, fielders; Cameron and Burton, subs.

The signing of "Dad" Clark to play first base for Butte will probably cause some surprise among the fans. It was some time ago that Butte had strings on Clark, and that he wanted to come to this city for the coming season, but the club already had "Stu" Davis for the position and when Butte saw a chance to land Clark, no time was lost in doing it.

In getting "Dad" Butte has one of the swiftest basemen in the country, as he has demonstrated many times that he can beat his own in the fastest company.

After playing several successful seasons in Ogden, Clark went to the Chicago Nationals and then to the coast.

A Spokane paper says: Manager Reilly yesterday received an acceptance from Jack Hardy, who is to be signed at once to take the place of Ike Durrett in the Spokane team. Hardy is now at Santa Barbara and will start for Spokane as soon as he gets transportation.

In signing Hardy in place of Durrett, Reilly gives up all hopes of being able to beat to combination out in the fight for the big fellow. The southern league is represented on the coast by this man, who claims Durrett and Reilly show his shrewdness in sidestepping in time to avoid the jolt coming to him and securing another man for the coast league.

It does not look very much as if the Elders would be able to land Pearl as this season. Manager Gilman has been after Casey ever since he took charge of the team, but the crack Ogden second baseman, it is understood, is tied tight to the coast league.

Arrangements have about been completed in Spokane for the new ball park which will be near the center of the city. The grandstand, it is said, will be one of the prettiest in the league, and will accommodate 300 fans. In front, will be arranged a series of boxes for private parties, and above these will be a magnificent press box, provided with telephone and writing tables. Each base-ball writer will have a key to his private stall. The bleachers will accommodate 2,000 spectators and will be built on each side of the grandstand.

handicap—Salter Knot won, Celebrant second, Solanus third. Time—1:23 1/2.

New Job for McKnight.

San Francisco, March 14.—Arthur McKnight, assistant to Richard Dwyer at the Oakland track, has accepted the position of starter, tendered him by the Union Jockey club of St. Louis. McKnight has been connected with the turf for many years in the capacity of assistant starter, and also sent fields away at minor meetings.

Kentucky Union Dead.

New York, March 15.—Kentucky Union (2:07 1/2), owned by John J. Broun of this city, is dead, at the former fire commissioner's breeding farm, near Fishkill landing, in 1889 the mare, as a 3-year-old, gave promise of great things and lost the best trotters on the grand circuit. Only a few weeks ago Mr. Broun lost his champion trotter, The Abbott, in a similar way.

Inflammatory Rheumatism Cured.

William Shaffer, a brakeman of Denison, Ohio, was confined to his bed for several weeks with inflammatory rheumatism. "I used many remedies," he says. "Finally I sent to McGraw's drug store for a bottle of Chamberlain's Pain Balm, at which time I was unable to use hand or foot, and in one week's time was able to go to work as happy as a clam." For sale by all druggists.

SOCIAL AND PERSONAL.

Mr. and Mrs. D. S. Spencer and a party consisting of Mr. and Mrs. H. G. Whitt, Mr. and Mrs. D. S. Spencer and today from a trip to Boise, Ida., the party leaving on Saturday night.

Mr. and Mrs. Philip Schonert were pleasantly surprised last night by a number of the members of the Central Christian church and their friends who gathered at their home, and with their impromptu hosts spent a delightful evening.

The Reviewers' club met with Mrs. David Evans yesterday, and listened to a highly interesting lecture by Rev. William Fish, entitled "The Quest of the Holy Grail."

The Cleofan met today with Mrs. C. H. Wells, and continued the reading of Ruskin's "Morning in Venice."

Mrs. J. H. Sanborn leaves today for her home in Denver.

Col. and Mrs. Holmes gave a box party at the Salt Lake Theater last night.

Mrs. George K. Fischer will spend the next few weeks in California.

Death Rates in New York and Chicago.

During November and December, 1903, one fifth of the deaths in New York and Chicago were from pneumonia. Foley's Kidney and Bladder Pills are the only pills that heal and strengthen the lungs and prevent pneumonia, so do not take chances on a cold wearing away when Foley's Kidney and Bladder Pills will cure you quickly and prevent serious results. F. J. Hill Drug Co.

Ward Entertainments.

An Irish misfit party will be given in the Eighteenth ward amusement hall tomorrow evening under the auspices of the Teachers' quorum of that ward, to which all over 16 years of age are cordially invited. The neat and appropriate preparations that have been made suggest:

"When you go to Donnellbrook fair, The Irishman all in his glory is there, With scraps of shellfish and shamrock so green."

SALT LAKE TURF EXCHANGE.

Kentucky Hotel. California and Eastern Races.

File It—Record It—

We will do the rest—the record don't come off till he pays. MERCHANTS' PROTECTOR, Scientific Collectors of Bad Debts. The First Collection Agency in the West. Franks G. Luke, General Manager. "Some People Don't Like Us."

STILL OBEDIENT.

South Jordan Canal Company Can't See Into Government Office.

The stockholders of the South Jordan Canal company are opposed to taking advantage of the government's generous offer, and at a largely attended meeting held yesterday at West Jordan, a small majority managed to block any agreement, so that another meeting will have to be held. There were about 200 water owners present, and they seemed to think that it is going to be rainy weather anyhow, that Utah lake is going to overflow.

BREZZ LETTER FROM CALIFORNIA.

Salt Lake Physician Delighted
With the Climate and Country Generally.

SOME EXCELLENT FISH STORIES

How "Mexican Frank" Catches Halibut—A Visit to the Home for Disabled Soldiers.

Special Correspondence.

Ocean Park, Cal., March 10.—As you all know, California was discovered by Fortunio Zimenez, in the year 1524. Myself and family discovered it in January, 1904. We are now located at Ocean Park, Los Angeles Co., on the shore of the mighty Pacific ocean, about 18 miles north by west of the busy city of Los Angeles, soon to be your neighbor on the completion of the Clark road.

Our journey hither was a very brief and pleasant one over the Southern Pacific railway, while that by Fortunio Zimenez was slow and stormy over the Pacific. It is said that away off in the then uncharted waters to the right of India was an island called California, immensely rich in gold and precious stones. Hernando Cortez, one of the greatest conquerors and explorers the world has ever known, sent two ships from the west coast of Mexico in 1524, to find the island of California. Fortunio Zimenez was chief pilot on one of these ships. When this ship reached as far north as Jalisco, Mexico, this Zimenez started a mutiny, killed the captain and sailed on into the strange and mysterious waters to the north.

After a stormy voyage, he jelled into the harbor of Santa Cruz, Lower California. He and twenty of his brave comrades landed and were very promptly killed by the native Americans. Though his men were left, however, to take the ship back to Jalisco and report their discovery, California has been known to the modern world ever since then. But strange to relate, although the Spaniards, surveyed and accurately mapped out Lower California and much of this coast, California was called an island for 200 years after this time.

THE CLIMATE DELIGHTFUL.

The climate is most delightful all the year round near the coast in this part of the state. We have stormy, disagreeable days, to be sure, but most of the time during what is called winter in Utah, it is warm, sunny and pleasant. On Jan. 31 our children, even to the 3-year-old baby, went wading in the ocean and have done so nearly every day since. The temperature of the ocean is about 60 degrees that of the atmosphere varies from 30 to 85. Last Monday it was 85, today it is 65. The weather is getting warm now, and the rain is coming down just right to suit the farmers and fruit growers. When you can have the country so dry and barren for 16 months, but now the earth is smiling in her spring robes.

A SUDDEN CHANGE.

When we left Salt Lake City a month ago there was a foot of snow and in 48 hours we were down here where the flowers bloom all winter, where the strawberry and orange groves are in season and where the children, bare headed and bare footed, bask in the sun, dig in the sand, gather shells on the shore or wade and swim in the ocean.

SET LINE FISHING.

I like California, the land of fruits, flowers, folding beds and good fishing. We have had two days' fishing in the ocean two miles from shore in a small boat where the water is about 200 feet deep. "Mexican Frank" took us out to where he does what is called "set line fishing." A set line is a half mile long with a hook every six inches and baited with a piece of fish. Each end of this line is attached to a small keg or air tight can, held in place by a small iron anchor. These hooks are left baited over night and next morning the owner goes out, rows along the beach, and if he sees a hook and takes off whatever is on and baits it again. The fish caught are here halibut, rock cod, rock bass, skulpins, soles, yellow tail and sea bass. All sorts of curious things get on the hooks. We have seen sea spiders, devil fish, crabs, lobsters, abalones, star fish, sea urchins, sea eels, skates and different kinds of mollusks. They all like sardines.

HOW TO CATCH HALIBUT.

The principal fish caught here is the halibut. He weighs from four to forty pounds, and it is most exciting to us when the small boat begins to rock and Frank tells us there is a big one on the line. The fish is led gently up to the surface of the water when Frank takes a stick two feet long with a hook at one end (a gaff hook), he strikes this hook, preferably into the fish's spinal column towards the tail and with hook in mouth and gaff hook in back he lifts the struggling fish into the boat with one quick jerk. It sometimes happens with Frank as it did with the negro
