The music lovers of Ogden and Salt Lake will have an opportunity Tues-day evening of listening to one of the finest concerts ever given in the State. The Sherwood Grand Concert company is to present one of its choice pro-grams of plano and vocal solos. The company will not appear in Salt Lake City, hence an excursion will be run from that city and a large number of Salt Lake musicians will attend. Prof. Sherwood is one of the most noted pl-anists in America and the other mem-bers of his company are all star musi-cians and vocalists. President L. W. Shurtliff kindly tendered the use of the tabernacle for the evening. Ogden is fortunate in securing the appearance of this noted company. The music lovers of Ogden and Salt

HEUMATI NOT A SKIN DISEASE.

It is natural to rub the spot that hurts, and when rheumatic pains are shooting through the joints and muscles and they are inflamed and sore, the sufferer is apt to turn to liniments and plasters for relief; and while such treatment may quiet the pain temporarily, no amount of rubbing or blistering can cure Rheumatism, because it is not a skin disease, but is in the blood and all through the system, and every time you are exposed to the same conditions that caused the first attack, you are going to have another, and Rheumatism will last just as long as the poison is in the blood, no matter what you apply externally. Too much acid in the blood, is one cause of Rheumatism; stomach troubles, bad digestion, weak kidneys and

torpid liver are other causes which bring on this painful dis-ease, because the blood becomes tainted with the poisonous matter which these organs fail to carry out of the system. Certain secret diseases will produce Rheumatism, and of all forms this is the most stubborn and severe, for it seems to affect every bone and muscle in the body. The blood is the medium by which the poisons and acids

are carried through the system, and it doesn't matter what kind of Rheumatism you have, it must be treated through the blood, or you can never get permanently rid of it. As a cure for rheumatic trou-bles S. S. S. has never been equalled. It doesn't inflame the stomach and ruin the digestion like Potash, Alkalies and other strong drugs, but tones up the general health, gently stimulates the sluggish organs, and at the same time antidotes and filters out

joints and the sore and tender muscles are immediately relieved. Our special book on Rheumatism will be mailed free to those desiring it. Our physicians will cheerfully answer all letters asking for special information or advice, for which no charge is made.

UNABLE TO SLEEP AT NIGHT.

Sidney, Ohio, August 26, 1903.

Bidney, Ohio, Angust 26, 1903. A few months ago 1 was feeling weak and run down and unable to get sleep at night. I felt extremely bad, and also had rheumatic pains in my joints and mus-oles. The modifice I used gave me only temporary relief at best; so seeing 8. S. highly recommended for such tron-bles, I began its uso, and after taking it for some time was well pleased with the result. It did away with the rheumatic pains, gave me refreshing sleep and built up my general system, giving me strength and energy. It is a good medi-cine, without a doubt, and I take pleas-ure in endorsing it. R. F. D. No. 1. S. S. BOUGHTON.

At the Republican primary held here on the evening of the 16th, they adopted in their platform the abolishing of the liquor traffic. The Republicans claim to be just as much in favor of stop-pling the sale of liquor as are the people who got up the citizens' ticket. Their nominee for mayor, Mr. Wm. N. Leigh, when asked if he would accept the nomination, said positively that he would not run, unless they were strict-ly for prohibition. The writer above referred to did not niustice

ly for prohibition. The writer above referred to did not fully state the situation here with re-gard to the liquor question. He stated that there were "two saloons running." There are not only two licenced saloons running here, but also two or three "back door" propositions, that are of course doing an illegal as well as a dishonorable business, which the men on the Republican ticket, if elected, are determined to stamp out. determined to stamp out.

PLANTING TROUT FRY.

The United States fish commissioner The United States fish commissioner car No. 3 passed through here last Fri-day having 100,000 young trout for the south Idaho streams, to be distributed at Onyx, McCammon, Pebble and Soda Springs. There were three kinds of trouts: spotted, rainbow and brock trout. W. H. Bancroft's private or-der of 47,500 were ordered deposited at Onyx and Pebble. This is the second time that young trout has been planted in these waters within the past two years.
