Thomas made a deposition, claiming he was in the right. Bystanders say that the dispute was over half a dollar or a dollar's worth of drinks.

Galvin is under arrest and maintains he had no murderous intent. He is naturally very hot tempered and determined. Thomas was alive at 11 a.m. to-day (Friday) but will probably die.

A CASE OF SUICIDE.

JOSEPH BAGLEY ENDS HIS EARTHLY LIFE BY HANGING.

A sensation was created to-day by a report that Joseph Bagley, of the 11th Ward, had committed suicide by hanging himself. It appears that the unfortunate man's wife died about eight months since, and a young woman named Maria Shaw has been keeping house for him.

For the last ten days Bagley had manifested unmistakable signs of insanity. At one time he got hold of a large knife and declared he would kill somebody who had done him an injury.

In consequence of these indications, Miss Shaw did not stop at Bagley's house at night, merely going there in the daytime to do the work about the premises.

At 8 o'clock this morning, she went to the house as usual and found the doors locked. She felt a foreboding that something was wrong, and proceeded to the residence of Mrs. Henderson for help.

The cause of the gloomy and demented condition of the mind of the deceased appears to have arisen from some dispute or disagreement between himself and a relative of his deceased wife in relation to property matters.

Mr. Clarey Speaker of the House of Representatives of the Idaho Legislature, and Judge Willard Crawford, also from Idaho, both being under the influence of liquor, entered the dress circle of the Theatre, carrying with them a quantity of refreshments, which they handed about and kept up loud talking during the performance, much to the annoyance of people near them who had come to be entertained.
