EDITOR AND PUBLISHER.

## Local and Other Matters.

FROM WEDNESDAY'S DAILY, JUNE 20.

**Nauvoo Independent.**—The week-  
ly paper now published at Nauvoo,  
Illinois, is named the *Independent*.

**Deceased.**—Judge David Cooper,  
an attorney of the Salt Lake bar,  
died on Monday and was buried  
yesterday.

**School Tax.**—A few days since a  
school tax of one-fourth of one per  
cent. was assessed on property hold-  
ers in the Seventeenth School Dis-  
trict.

**Out for Pleasure.**—The children  
of the 17th Ward Sabbath school,  
accompanied by Superintendent  
Dwyer and assistants, passed up on  
the street cars to Lindsey's this  
morning, to spend the day roll-  
ing in the sunshine and shade.

**Spurious Quarters.**—Storekeepers  
and people generally will do well  
to look out for counterfeit coin,  
mostly "quarters," to circulate  
which attempts are being made.

They are generally distinguish-  
able from the genuine article by a  
greasy feel, which is not character-  
istic of silver.

**Hillsdale.**—M. H. M. writes from  
Hillsdale, June 12:—  
I send you the account of our  
annual election of Y. M. M. I. A.  
officers, which took place last Sun-  
day. President, H. A. Martineau;  
Counselors, Jas. F. Johnson and G.  
H. Wilson; Secretary, M. H. Mar-  
tineau.

"Our grain crop looks well, as well  
as the other crops. Everybody is  
busy fencing, ditching, and other  
improvements."

**Pleasant Visit.**—We had a pleas-  
ant call this morning from Elder  
Albert Carrington, who appears in  
excellent health and spirits.

We learn from him that the emi-  
gration from Europe will be some-  
what lighter than usual this season.  
Times are dull in Britain, and  
there is a pretty general indiffer-  
ence among the people of that na-  
tion regarding religion of every  
kind. In Scandinavia the Elders  
have considerably more general  
success in their labors.

When Elder Carrington left Brit-  
ain the Elders throughout the mis-  
sion were generally well.

**Returned Missionaries.**—This  
morning we received a call from  
Elder John Druce, of the 12th  
Ward, who returned last evening  
from a mission to the eastern  
States. He left this city on the 15th  
of November, and proceeded to  
New York, having been appointed  
to reside over the district compris-  
ing New York, Connecticut and  
New Jersey.

Elder John Midgley and Elder  
Druce labored most of the time in  
company, holding many meetings,  
and visiting a large number of  
people, conversing with them upon  
the principles of the Gospel.

Elder Druce held some meetings  
at Troy, which were attended by  
Brothers Don Carlos and Feramorz  
Young, sons of President Young,  
who are studying at the college  
there. Don Carlos spoke at one of  
the meetings, bearing a faithful  
testimony.

Elder Druce baptized seven per-  
sons into the Church, besides leav-  
ing a great many others favorably  
disposed to the truth, and likely to  
embrace it.

Elder John Midgley also returned  
last evening, in company with El-  
der Druce. The latter speaks high-  
ly of his labors. Elder Midgley is  
quite a young man. Both return  
in good health.

**Bad for Business.**—Last evening a  
number of citizens representing the  
mining interests of the Territory,  
waited upon Messrs. Gould and  
Dillon and other railroad notables.  
They made representations with a  
view to inducing the Union Pacific  
Company to make a reduction of  
their present high freight tariff.  
They sought to impress the repre-  
sentatives of the great railroad  
company with the fact that unless  
such action be taken, many mines  
and reduction works would have to  
close and business be consequently  
still further depressed.

The appeal did not appear to  
cause the railroad men to lean to a  
favorable action in the matter, they  
rather manifesting a disposition to  
make no present change in freight  
rates.

**City Council.**—The Council met  
last evening, Mayor Little presid-  
ing.

Petition of C. G. Kimball and  
others, asking for the closing a spe-  
cified street in plat E, of the City  
survey, and the apportionment of  
the land to lots adjacent thereto;  
referred to the committee on streets  
and alleys.

The Council decided adversely to  
the prayer of the Deseret Base Ball  
Club, who desired that Washing-  
ton Square be rented to them for a  
consideration, on the 4th and 5th of  
July, and that the Club be allowed  
to charge an admission fee to the  
grounds upon that day. The pur-  
pose of the Deserets desiring to  
make this arrangement was to en-  
able them to play a couple of match  
games with the noted Centennial  
Club, of San Francisco, the object  
of the admission fee being to de-  
fray the expenses of the visiting  
club.

The committee to whom was re-  
ferred the petition of Owen J. Mor-  
gan, for remittance of his mer-  
chant's license, reported adversely  
thereon; adopted.

The report of the auditor for the  
quarter ending May 31st, 1877, was  
presented and referred to the com-  
mittee on finance.

The quarterly report of the super-  
visor of streets was referred to the  
committee on claims.

The sum of \$1,000 was appropri-  
ated, subject to the order of the su-  
pervisor of streets.

Council adjourned till next Tues-  
day evening, at seven o'clock.

FROM THURSDAY'S DAILY, JUNE 21.

**Back Again.**—Messrs. Gould,  
Dillon and Clark, the U. P. Rail-  
road magnates, left this city this  
morning by regular Utah Central  
train, with the intention of return-  
ing to the east.

**The Alderman's Court.**—Two  
foolish fellows who had been  
unlawfully dancing to the mu-  
sic of "tangle-leg" were waltzed  
before the "Judge" this morning  
and paid the Piper, one to the tune  
of \$10 and the other \$7.50.

**For the North.**—This morning  
President Brigham Young left this  
city by the U. C. express for Ogden  
where a special was in readiness to  
convey him to Logan, at which  
beautiful city he intends to spend a  
few days.

**The Item of the Day.**—A terri-  
ble uprising of dust. The tradi-  
tional "peck o' dirt" allotted to  
every man, could be taken to-day  
at one dose. It could be taken by  
way of mouth, eyes, nose or ears, or  
altogether at the discretion of the  
receiver.

**In Town.**—Dr. O. C. Ormsby, of  
Logan, is in town on a brief visit  
for business and the pleasure of see-  
ing old friends, who are always glad  
to meet the Doctor. He reports the  
general health of Logan and Cache  
County very good.

**The Wool Trade.**—Lots of wool  
is coming into this city. This  
shows that the shepherd business  
is doing pretty well this season.  
Wool commands a fair figure and  
those who want cash for their sales  
have no difficulty in obtaining it.  
The factories need wool, and should  
be supplied with all they can han-  
dle. But there are some producers  
who want to sell in the central  
market, and they can get the full  
value of their wares in cash at the  
establishment of H. B. Clawson, in  
this city.

**Personal.**—Royal M. Bassett,  
Esq., of New York, who is largely  
interested in our narrow-gauge  
railroads, a very agreeable gentle-  
man of established position in east-  
ern society, is staying in our city  
and is the guest of Prest. John W.  
Young.

**In His Place.**—Elder Henry Grow,  
who has recently returned from his  
mission to the east, has resumed  
his position as foreman of the  
Church carpenters, for which he is  
fitted by long experience and ex-  
cellent mechanical skill.

**In the Mountains.**—Prest. D. H.  
Wells is in Big Cottonwood, whith-  
er he has gone with Franklin B.  
Hough, Esq., of Lowville, N. Y.  
This gentleman is here under in-  
structions from Washington, to  
make investigations in regard to  
timber culture, and other impor-  
tant matters connected with the  
natural products and peculiarities of  
these regions.

**Summer Solstice.**—This is the  
longest day of the year of grace  
1877. There are a good many who  
hope it will prove the warmest.  
But it won't. There are hotter, if  
shorter, days in store, whereat the  
ice merchants and duster sellers re-  
joice, and the soda water and ginger  
pop men are exceedingly glad.

**Fun for The Fourth.**—We saw a  
young man this afternoon anxiously  
hunting for four flat-bottomed  
boats. On inquiry into the reason  
for his quest, we learned that a  
grand aquatic affair is being arrang-  
ed for the benefit of holiday mak-  
ers on that day of days the Fourth  
of July. At Lake Point there is to  
be a race in tubs, also a punt race,  
a yacht race, a yawl race and sev-  
eral other races of various kinds and  
colors. Special arrangements will  
be made with the Utah Western, so  
that everybody and his cousin may  
witness the sport.

**Deserved Denunciation.**—The  
evil effects on the business of this  
Territory, produced by the vile  
misrepresentations of a certain  
slandering publication, were allud-  
ed to in forcible terms by the rail-  
road capitalists who have been visit-  
ing our city. They advised the  
leading merchants and mine own-  
ers here to buy out, or cease to sup-  
port such an unprincipled affair,  
and showed that it inflicted far  
more harm on the material inter-  
ests of the commercial men of Utah  
than any other influence, high  
freights included. They denounced  
the disreputable concern in un-  
measured terms, and their remarks  
were endorsed by the great major-  
ity of those who heard them.

**Arizona News.**—A letter from  
Elder D. W. Jones, now in Arizo-  
na, says that general goods are  
about the same price in that region  
as they were in Utah before the ad-  
vent of the railroad. He thinks  
those missionaries who intend to go  
to Arizona had better make up a  
purse among them, and send an  
agent ahead at once to buy grain,  
which can now be purchased at two  
cents a pound. It is quite likely  
that speculators will get hold of it  
and run it up to exorbitant figures.  
Flour will probably command six  
dollars per one hundred pounds be-  
fore long.

Elder Jones is meeting with good  
success on his mission. Those who  
are going to Arizona had better take  
advantage of his wise suggestion.

**All For Himself.**—One mining  
man who attended the meeting  
with the railroad magnates last  
night, advocated a rise instead of a  
reduction of freight rates on bul-  
lion. This may seem a little singu-  
lar, but when it is understood  
that he has an interest in a lot of  
bullion now lying at New York  
unsold, and that his object was to  
cripple dealers here and prevent  
the influx of bullion into the New  
York market, to give his stuff a  
chance of sale, his motives can  
readily be understood and placed at  
their true value.

He raised the exploded argument  
of over production, but the fallacy  
of it was seen by all present, and  
his little scheme fell through, as  
heavy as the lead that lies at the  
bottom of the market in Gotham,  
and his heart is now weighted cor-  
respondingly.

**Recreation.**—The pupils of the  
7th Ward Sunday School with a  
number of their parents and friends  
have been spending the day pleas-  
antly at Calder's Farm.

That's right, encourage the chil-  
dren and gladden their young  
hearts with fun and change of  
scenery!

**Fair Division.**—There are com-  
plaints of insufficient water regula-  
tions in the 6th and 7th Wards.  
There is water enough for irriga-  
tion, and the regulations may be  
all right, but they are not properly  
enforced. While some persons  
manage to get all the water for gar-  
dening purposes that they can wish  
for, others suffer lack of moisture  
and vexation of spirit. This is a  
dry time and irrigation may be a  
dry subject, but a fair division of  
the liquids is calculated to cheer  
our "lots," horticulturally as well  
as socially, and it isn't right for any  
man to play the hog. Watermas-  
ters, keep your eyes open for water  
prigs.

**Circulating Magazine.**—A small  
company of Utah phonographers  
have started a very interesting lit-  
tle publication. It is called a Cir-  
culating Magazine. Mr. A. N.  
McFarlane of this city is its pro-  
jector and manager. It contains  
articles of literary character, essays,  
&c., in the corresponding style of  
Pitman's phonography, but reli-  
gious topics are not handled there-  
in. Each member of the society on  
receipt of the magazine reads the  
compositions of his conferees and  
when he passes it to the next inserts  
his own contribution, which he re-  
places with another when it  
comes round to him again. By this  
means every member of  
the association is benefitted by  
the thoughts and reasoning of the  
others, and has an opportunity of  
cultivating a talent for literary  
pursuits, and learning to express in  
words the reflections of his own  
mind on general topics. In the  
number, in addition to A. M. Mc-  
Farlane's, shown to us are articles  
and contributions from the pens of  
A. Vilas, W. B. Parkinson and W.  
Rollo, of Morgan, and Robt. Gard-  
ner and F. W. Simmons, of Salt  
Lake City.

—Two sons of the famous Cir-  
cassian chief Schamyl are serving in  
different armies in the present war.
