

PASSING AROUND THE PROTEST.

The Committees Were Named Last Night and Are Now Hustling For Names.

IS THE TRIBUNE CRAWFISHING?

Leaders in Movement Fearful That It Has Been Commanded to Halt—Meeks' New Uniform.

The non-"Mormon" organization took a further step last night when the committee designated to pass around the protest to Congress announced the following divisions in its membership:

First Precinct—W. J. Meeks, Samuel Hammel, Arthur Brown (not the ex-senator).

Second Precinct—J. N. Courtney, S. D. Chase, N. B. Corcoran.

Third Precinct—George Hancock, H. C. Lawrence, R. B. Hildebrand.

Fourth Precinct—R. S. Hives, H. W. Brown, Willard Hansen.

Fifth Precinct—Sam McDowell, F. E. McGurran, W. F. Earls.

The new movement was not generally discussed on the street today, as on the occasion of the first meeting, but what talk there was about it was anything but an encouraging nature to the protesters. The attitude of the Tribune in its editorial this morning caused a spasm in the ranks, for it was surmised that with that astute and astute statement, Mr. Meeks, as a leading light, the Tribune would do most anything except throw cold water on the proposition.

The belief was freely expressed that the Tribune had seen the folly of the movement—or had received instructions from Washington—and had decided to withdraw before it had waded into deeper water.

The main source of ridicule was furnished in the lists of names printed by the Deseret News exclusively last evening. It would be safe to offer a reward for any man in town this afternoon who recognized more than 16 of the 108 presented. And one prominent Republican, upon reading the above names of committeemen, sized up the situation when, in a burst of sarcasm, he remarked: "Well, upon my word, every name is a household word in Utah."

Next Monday night is the date of the next meeting and it is being looked forward to with a good deal of interest. Meanwhile Messenger Meeks is as busy as he was before he got the nomination for county recorder and that means that the next busiest man in town could not catch him in Newhouse's automobile. It was reported this afternoon that several tailoring establishments were vying with each other in the matter of furnishing him several new uniforms of the messenger boy variety. The question of cut, collar and buttons has not yet been satisfactorily settled, however, and that may so delay matters that Walter will not get his new uniform in time for the next meeting.

OUTSIDE OF UTAH.

Salt Lake Tribune Incorporates Under West Virginia Statutes.

A certificate of incorporation of the Salt Lake Tribune Publishing company, incorporated under the laws of the state of West Virginia, was filed in the office of County Clerk James this morning. The company was incorporated on March 3, 1904, and its capital stock is \$200,000, divided into 2,000 shares of the par value of \$100 each. The incorporators are Perry S. Heath, Frank J. Westcott, W. W. Armstrong, William Nelson and Homer F. Robinson.

A special dispatch to the Cincinnati Enquirer from Charleston, W. Va., under date of March 10, concludes as follows: "Mr. Heath's attorney, C. B. Crouch, said tonight that in getting the charter he was acting under Mr. Heath's personal instructions."

Attorney Joseph Lippman who has been attending to the business at this end of the line when asked today for an explanation of the matter said he could make none. When asked if there was not some reason for it he said there was not as far as he was aware and referred the "News" man to Perry Heath. An effort was made to locate the latter by telephone but he was not at his office at the time.

ARMY LIFE AT MANILA.

Student of the L. D. S. U. Gives Interesting Reminiscences.

The most noteworthy feature at the meeting of the Student's society of the Latter-day Saints' university this morning was the address of Student C. H. Sprague, who related his experiences as a soldier in the Philippines. He told of his enlistment and the departure from San Francisco of the homelike ship, the "Albatross," of the journey of the army rations—coffee so strong, at times, that he said you could not stir it—only poke at it, and at other times so weak that it would not float a cork; of army bacon, which sometimes had to be eaten raw and was sometimes mouldy; of the first experience of the soldier when under fire; of his own feelings when ordered by the commanding officer to stand upon another man's shoulders and hoist the flag as a signal in the Utah battery not to fire into that place, and of his getting down in a great hurry when he heard the bullets of the Filipinos whizzing round him. He told of the scorching sun and the drenching rain, of the long marches and skirmishing on the fringe of the first regular battle in which he participated, and of the soldier life when they were given orders to destroy property and loot the churches of the Filipinos. He also described the watercure, which he saw administered in several cases. He said it was the only thing to do, as it didn't hurt the Filipinos much and it made them talk. Of 25 that enlisted with him, only 23 returned sound and well, himself among them.

The other features of the meeting were as follows: Miss Katherine Fitzpatrick sang, "When the Lilies of the Valley Bloom Again," by Chatway. The piece was beautiful and well rendered, as was also the selection by Miss Josephine Spillsbury, entitled, "The May Morning" by Dudley Buck. The late president of the Student's society, Mr. Joseph Mills, gave a short address expressing his appreciation of the honor he felt in presiding over the student body during the past year. Mr. Joseph B. Harris, the recently elected president of the society, gave an address, which he devoted principally to an explanation of the aims of the student's paper, the Gold and Blue. He commended the patronage of the students generally to the firms who had been liberal enough to advertise in the paper. Prof. Mills then made some timely remarks upon the subject of school athletics, and the meeting adjourned.

or he felt in presiding over the student body during the past year. Mr. Joseph B. Harris, the recently elected president of the society, gave an address, which he devoted principally to an explanation of the aims of the student's paper, the Gold and Blue. He commended the patronage of the students generally to the firms who had been liberal enough to advertise in the paper. Prof. Mills then made some timely remarks upon the subject of school athletics, and the meeting adjourned.

RESPONSIBILITY.

Subject Discussed by Prof. Clark at the University of Utah.

The students of the University of Utah were addressed this morning by Prof. Clark, who took as his subject, "Responsibility." He treated it in a very interesting manner and from the following topics: Responsibility to college, political and municipal responsibility and responsibility to the home, to self and to the church. The speaker prefaced his remarks by reference to the liberty granted by the government of our country stating that this in itself placed responsibility upon the individual. While the subject was a broad one, those present were intensely interested with its presentation. At the lecture the University Glee club rendered in excellent style, "The Students' Song."

CANNING COMBINE.

Factories in Weber, Davis and Boxelder Counties Will Consolidate.

(Special to the "News.")

Ogden, Utah, March 16.—A meeting of the managers of the various canning companies doing business in Weber, Davis and Boxelder counties, was held here yesterday afternoon for the purpose of agreeing upon a plan of consolidation. In this the meeting was successful and the new company will be organized next Monday with a capital stock of \$24,000, divided into shares of the par value of \$1 each. There will be 17 factories in the combine, which will be known as the Utah Canning and Storage company. Its purpose is to handle all goods canned at the various plants and find a market for the same. The factories concerned are: Weber—Utah, Wasatch, Banner, Salt Lake Valley, Chief, North Ogden, Hooper, Hardy, Uintah and Riverdale; Davis—Roy, Layton, Syracuse, Kaysville and Woods Cross; Boxelder—Brigham City and Willard. Each will have a representative on the directory, so that the business policy of the company will be dictated by all alike.

The 5-months-old child of Mr. and Mrs. John Hanson of this city, died this morning at the family residence, 438 Twenty-fourth street, of typhoid pneumonia. The funeral will be held at the residence tomorrow afternoon at one o'clock and at 3 o'clock the remains will be shipped to Fillmore for interment.

A VIGOROUS PROTEST.

Fortieth School District Opposed to Proposed Consolidation.

The taxpayers of the Fortieth school district held a meeting last night in the Central school building and adopted resolutions vigorously protesting against the proposed consolidation of the 38 school districts of the county. They are opposed to the scheme as they regard it as wholly impracticable at the present time. Whether it will be opposed by any others will probably be disclosed in a few days, as the matter has been referred to the respective districts, who are asked to send in their answers by the 15th. The meeting last night was largely attended and the resolutions adopted were as follows:

"Whereas, The county superintendent of schools of Salt Lake county has recommended that the county commissioners of said county consolidate the thirty-six (36) school districts into two or eight districts and;

"Whereas, The county commissioners have signified their intention of complying with the recommendation of said superintendent, therefore, be it

"Resolved, That we the resident taxpayers of the Fortieth school district, in a regularly called mass meeting assembled, vigorously protest against the proposed consolidation as it would be injurious to the best interests of this district."

The meeting was presided over by Martin Christopherson, while C. W. Buckholz acted as secretary.

SOLD FIREWATER.

Deputy U. S. Marshals Make Arrests On Indian Reservation.

Deputy United States Marshal Smyth and Assistant U. S. Attorney Clerrington returned this morning from their trip to Vernal, accompanied by Deputy Sheriff C. B. Atwood of that place.

The officers brought with them, as prisoners, John Reed and J. Thompson, who are accused of selling liquor to Indians. The local officers left here on March 3, in response to freely circulated reports that there were a great many offenders on the reservation. They conducted a thorough investigation upon their arrival in Vernal and four arrests, with more to follow, is the result. Besides Reed and Thompson, James Peterson was held in Bonds of \$20 and John A. Gishner was released by the United States commissioner of that district.

Mr. Smyth remarked this morning that he received information to the effect that an unusually large quantity of liquor is being sold to the redskins and the government will immediately take steps to punish the offenders.

PECULIAR To Itself

In what it is and what it does—containing the best blood-purifying, alterative and tonic substances and effecting the most radical and permanent cures of all humors and all eruptions, relieving weak, tired, languid feelings, and building up the whole system—is true only of **Hood's Sarsaparilla**

No other medicine acts like it; no other medicine has done so much real, substantial good; no other medicine has restored health and strength at so little cost.

"I was troubled with scurfy and came near losing my eyesight. For four months I could not see to do anything. After taking Hood's Sarsaparilla I could see to walk, and when I had taken eight bottles I could see as well as ever." SUSIE A. HARRIS, Withers, N. C.

Hood's Sarsaparilla promises to cure and keeps the promise.

HUMAN BAROMETERS

A Rheumatic Mystery.

Here are some marvels of medicine! A dose of Aconite will climax at three o'clock in the morning.

Aloes will operate at five o'clock A. M. and Sulphur at eleven o'clock.

No matter what time, in the preceding day, you have taken these medicines, they will climax at the fixed hours here stated and reveal certain symptoms always.

How do you account for this?

How account for a Rheumatic person's ability to predict a coming storm 24 hours ahead, by the peculiar ache in his bones? Rheumatism is simply Uric Acid in the blood. Can Uric Acid have its time limit, like other chemicals, but reflecting backward like a barometer?

Uric Acid is due to a lack of Alkaline material in the blood. This Acid absorbs the debris, or waste matter, of the system.

It carries this waste matter into the blood, when there are not enough Alkaline elements (like salt or soda) to neutralize the Uric Acid, and to free the debris before it reaches the kidneys.

As the blood circulates through the system, it then deposits small particles of this waste matter in the joints and muscles.

These particles are like granulated sugar, or sand, and they grind between the joints and muscles at every movement.

This grinding causes intense pain and inflammation, frequently. If the disease be not checked, the inflammation will cause the Uric particles to be coated with a fleshy cushion, which in time grows to the joints as well. Then "lony joints" and crooked limbs ensue.

The only way to cure Rheumatism is to convert the Acid condition of the blood into an Alkaline. Then, to dissolve, and carry away, the deposits in joints and muscles.

Then to get the digestive organs into a normal condition, so they will secrete, without further help, less Acid and more Alkalines. Upon this condition depends cure and the permanence of cure. But to kill the stomach is to kill Rheumatism if it also kills the stomach in doing so.

Few drugs powerful enough to dissolve Uric Acid deposits are safe to take into the stomach. This is why so called "quick-cures" are dangerous.

Rheumatism is slowly acquired, and so a cure cannot be expected in a few weeks' treatment, and never by external applications. The first essential to Rheumatism cure is safety—the second, effectiveness—the third, permanence.

In a medical experience of thirty years I have known but one remedy which combined these three qualities. It took ten years of my life to discover and perfect that remedy.

The chief ingredient I found in Germany, and to this I added, subjected, and combined, until I now have a prescription on which I daily stake fortune and repute.

After 200 test cases I found that "Dr. Shoop's Restorative Cure" succeeded in 95 out of each 100 cases. Then I decided it was a practical guarantee of success or no pay. Write me today—before you forget it for my free Treatise on Rheumatism.

If it fails, the cost to you is but 10¢. This is no mere simple proposition, but a practical guarantee of success or no pay. Write me today—before you forget it for my free Treatise on Rheumatism.

Address—Dr. Shoop, Box 212, Racine, Wis. Simple cases often 24 to one bottle. Dr. Shoop's Rheumatic Cure, cost you a practical guarantee of success or no pay. Write me today—before you forget it for my free Treatise on Rheumatism.

MRS. READ GETS HER DIVORCE.

Judge Hall Today Renders a Decree in Her Favor—Alimony Allowed.

SHE GETS \$70 EACH MONTH.

Also Most of the Personal Property in the Residence on First South Street.

Judge Hall this morning rendered a decree in favor of plaintiff in the divorce case of Lila Read against Charles Read, a well known mining man of this city. The court awards Mrs. Read most of the personal property in their residence on the corner of First South and Fifth East streets, and orders the defendant to pay her \$70 per month alimony, payable on the first day of each month, and also \$100 as attorney's fees. The ground upon which the divorce is granted is desertion.

Plaintiff and defendant were married in Joe Davis county, Ill., on Sept. 12, 1888, and the alleged desertion occurred on Oct. 21, 1902.

GOT SIX YEARS.

Walter Melloyd Pleads Guilty to Three Charges of Housebreaking.

Walter Melloyd appeared before Judge Morse in the criminal division of the district court this morning and withdrew his former plea of not guilty to five charges of housebreaking, and entered pleas of guilty to three of the charges and was sentenced by the court to six years in the state prison for the same. The first charge to which he pleaded guilty was breaking into the home of Samuel Rance, 633 east Fourth south, on Feb. 10. For that crime he was sentenced to three years. The second was for breaking into the home of Thomas Kedding, 872 east Fifth south, for which he was sentenced to two years. The third was for breaking into the home of J. H. Hays, 335 south Fourth East, for which he was sentenced to one year.

MOLLOY GOT IT.

Decision Rendered Today in Probate Case Involving \$11,200.

A decision in the case of J. V. Eldredge, Jr., administrator of the estate of Hugh Sheridan, deceased, against Thomas A. Whalen, executor of the estate of James Molloy, deceased, which involves the sum of \$11,200.65, deposited jointly by Sheridan and Molloy in the Commercial National bank at Ogden. The day that Sheridan died he delivered to Molloy a check for the money and also his bank book. It was contended by a creditor of the Sheridan estate that the money should have been subject to probate as part of the estate. Judge Hall decided today that the giving of the check and the delivery of the pass book passed the title of the money to Molloy. The balance of the property which belonged to Sheridan being \$195 in cash and a watch valued at \$10, was ordered turned over by defendant to plaintiff for distribution according to the terms of Sheridan's will.

WADDELL GUILTY.

Jury Found Convict Intended to Commit Murder During Jail Break.

The second jury which tried Henry Waddell, the convict charged with assault with intent to commit murder committed upon Guard Naylor during the prison break of last October, reached a verdict of guilty yesterday afternoon after being out only 35 minutes. Waddell was brought before Judge Morse this morning and pleaded guilty to the other two charges against him, namely, grand larceny and escaping from prison. He was willing for the court to pass sentence upon him, on the charges to which he pleaded guilty but asked that sentence be postponed on the charge of assault.

Judge Morse then postponed the passing of sentence on all three charges until Saturday morning at 10 o'clock. Waddell has eight years to serve yet on the charges upon which he was originally committed to the prison from Ogden and with the three new sentences he will certainly have to remain in prison for a number of years to come.

RANSOHOFF SUED.

Ex-Manager of the Lace House Alleged to Have Helped Himself.

V. P. Hickey, trustee of the estate of the Lace House company, bankrupt, today filed suit in the district court against Nelson A. Ranshoff, former manager of the Lace House, to recover the sum of \$3,331.80, alleged to be due for money drawn from the company for his own personal use and benefit while he was an officer of the company.

ORDERS BY MAIL PROMPTLY FILLED.

BUSINESS NOTES.

Today's local bank clearings amounted to \$461,659.53, as against \$449,250.06 for the same day last year.

A copy of the articles of incorporation of the Smithfield North Bench Ditch company was filed in the secretary of state's office today. Its capital stock is \$5,000, divided into shares of the par value of \$5 each. E. R. Miles is president and J. H. Merrill is secretary and treasurer.

The contract for erecting a new business block for the Sugar City Townsite company on the main street of that town, has been let to the Geo. Romney Lumber company of this city. The building will contain four business stores below, all of which have been rented in advance. The upper story will be devoted to business offices. The price will approximate \$12,000, and the building will be finished in time to have stocks of goods moved in during the summer. Sugar City is located in close proximity to the Fremont County Sugar factory, work on which is now being actively pushed. A perfect swarm of graders, masons, steel and iron workers, beet planters, etc., will be located in the vicinity from now on till snow flies.

POSTMASTER FOR STERRETT, IDA.

Washington, D. C., March 16.—Mrs. Hattie James has been appointed postmaster at Sterrett, Bannock county, Idaho, vice John Gillett, resigned.

AFTERNOON ON 'CHANGE.

Daily-West Held Up to Forenoon Quotations.

During the afternoon regular call of the mining exchange only three stocks participated. Daily-West held up to the closing quotations of the forenoon. The sales were:

Daily-West, 95 at 31.
