THE THEATER ALARM

THE THEATER ALARM.
It is regretiable that at the Theater on Monday evening ame foolian person raises the cry of fire, A singlifyed of the control of the maximiles of the control of the maximiles and the least for animote of coolineated temple, and the generally conditions in minute of coolineated temple, and the generally conditions and reason, the could might have been surfoun. As it was four or five women rainted, and the sundence in the could might have been surfoun. As it was four or five women rainted, and the sundence serious as shock of signature which is not "locating in a place of amendating the could make the could make the could make the could be controlled to the contro

self-agreement; he coateous to the Design the rebuilt is carried to so that of the labout, the labout of the lab

While this artime gow to prace, item-mon Morgan and his and are try fine mark in it the Seman is review in each look of the the theory of the look of the theory who is a lan-port versiches, who would be gled to see part versiches, who would be gled to see out peace with turnor. It there were, to old of the Pic by the United States, bone it were secure to Mr. Morgan that he revie he companions of in the select it review to companion of in the select of the Pic by the United States.

mainter the state with the assertions. The state cannot be separated from signific. The country is not in a very districted region of the state of t

The Illiunis In the interest of the state and the newspapers of the state are part to real, and the newspapers of the state are part of the state and other contents and other contents and other contents are state and other contents and other contents of all human wheat the state and state are stated as a state of the state and other contents of all human wheat the state and states.

good and dead.

With all our misoriums, such a signisture as that described in fillings has not been inflicted until part of the country. Yet it is difficult to believe that a fair estimate of the legislative members in Himns would not juy them a tother record than the party press is coing just now.

then the party press is coincy just now.

IN CONNICTION they have a way of fixing through that causes an ordinary westerner to wonder what is many that the second with the many that the second with the wooden nutting state by respect for the inw. In 1801 the Gamenical Segment or many person who raigned to cut down peach trees condemned by the designated officials was obeyed by everyone except Payreson with the second with the second with the second with the second control by the designated officials was obeyed by everyone except Payreson and the second trees. He was arrested and fine \$100 ms institute out. The legislator would not pay and carried the clean of pay and carried the clean of pay and carried the clean of the supermone court on the claim of the supermon court on the claim of the supermon court on the claim of the highest influents. No conser was the decident given than the hours, of which Mr. Malo to a mention, passed it with auditors bell related in the payent in the two payres and it with auditors bell related to the law share and it with auditors bell related to the law share as the intermed as hill repealing the law and followed it with auditors bill related to the law share soon to be intermed as lawtrankers, in their casmiple.
