ARTHUR POTTER'S RECORD. Young Forger Arrested Here is Uni-

versity of Michigan Graduate.

Arthur M. Potter, arrested last Sunday by Detective George Raleigh, at the instance of Pinkerton detectives, for passing worthless checks, is still in the city jall, and officers are now on the way to take him to the scene of his alleged wronguoing. There may be a fight in the matter of extradition, however, as an attorney has been sent here by the voung man's father to look after the prisoner's interests, or it is possible that the sire will square things in order to secure the son's re-

lease, as has often been done before. The Denver Post of July 16 has this to say of young Potter and his doings:
"After having successfully sluded the
police of numerous large cities for the
last three months, Arthur M. Potter 25 years of age and the son of T. H. Potter, president of the Rocky Mountain bank at Central City, Colo., was arrested at Salt Lake City yesterday on the charge of having passed worthlegs checks. The arrest of the young man was effected by Pinkerton detectives at the instance of the American

Bankers' association. "Young Potter is a graduate of the University of Michigan and he sought his victims mostly among his former college chums. He began his operations soon after his graduation and according to the detectives, there country. Denver included, where he has not passed worthless checks on former friends. His father, unwilling to see his offspring go to the peniten-tiary, alway made good the amounts his son received on the bogus paper until in April of this year, when two worthless drafts which had been indorsed by F. J. Halley and on which his son had received \$2,000, were presented for payment. Mr. Potter, Sr., refused to pay this amount, and since that time the Pinkertons have been after young Potter. The prisoner will be taken back to Detroit for trial.

Butte, Mont., July 17 .- The Colorado & Southern railroad is preparing to build into Montana, according to eastern Montana special to the Miner, which states that Engineer Worrall, of Rosebud with a party of engineers on a preliminary survey which has for its purpose the locating of a route for the road through from Orin. Wyo., to which point the route is said to have already been determined upon. The Colorado & Southern will enter Montana somewhere between Billings and the Yellowstone National park, extending north, it is said, until a connection with the St. Paul road can be made. The Colorado & Southern will have its line within 50 miles of Galveston, Texas, in the course of several weeks, it is said, and its proposed connection with the St. Paul in Montana will afford the latter a traffic way to the gulf and giving Colorado & Southern an outlet to the Puget Sound.

GOATS IN O. S. L. BAGGAGE CAR.

The baggage man on the No. 6 Tuesday morning found himself up against a rather disastrous proposition when he reached this station. He had four goats in the car as express and several trunks for various points in the east. Before he noticed what was going on the goats had devoured the checks and check straps from the trunks, and he could tell nothing about the destination of the trunks. When the train left Soda he was seriously considering tying the goats to the trunks and putting a tag on them, "checks inside,"-Soda Springs Chieftain.

STANDARD OIL CASE.

Transcript of Evidence Taken in Cleveland Reaches Chicago.

Chicago, July 18 .- Asst. Atty. Gen. Pagin arrived in Chicago today with a transcript of the evidence taken in Cleveland in the inquiry into the relations of the Standard Oil company and various railroads and submitted it to former Dist. Atty. Morrison, special counsel for the government. It was the intention of the local federal officials not to begin the investigation here until Sept. 1, or later, but it is now probable that some steps will be

taken in the near future. The four propositions which Attys' Morrison and Pagin will study in connection with the investigation are: 1-Charge against the Standard Oil company of accepting illegal rebates

under the Elkins law. 2-Charges against the railroads of granting the illegal rebates to the Oir 3-Combination in restraint of trade

and commerce with other oil companies. 4-Monopoly of trade, not a combination, or conspiracy to monopolize.

Handed Down. Handed Down.

Boston, July 18.—A decision favorable to the plaintiff was handed down today in the United States circuit court in the case of George W. Pepper, receiver of the Bay State Gas company of Delaware, against Henry H. Rogers of New York, in the suit to recover \$3,000,000 alleged to be due the gas company in connection with the sale of the Boston companies.

The court orders that the profits shall be apportioned by a master between Mr. Rogers and the Bay State Gas company of Delaware, but if no definite equitable rule is ascertained then the amount shall be apportioned half to Mr. Borgers and half to the gas company. The court finds

half to the gas company. The court finds that Mr. Rogers was guilty of no fraud. It also finds that he was guilty of no breach of trust so far as making of contracts is concerned. FELICITATIONS TO DREYFUS.
