

# CASE WITHOUT A PRECEDENT

Attempt of Government to Get Hold of \$2,410 Arouses Much Interest.

WATCHED BY LOCAL LAWYERS

Legal Battle for Possession of Money Sent to Chas. G. Price Is Now On.

Under San don't know just where he "is" in a case which today is being tried in the federal court before Judge Page Morris and, notwithstanding the fact that Attorney H. H. Henderson has said that the State and Stripes are "settling in," District Attorney Booth maintains that he has good grounds for claiming a partial right in the \$2,410 which Charles G. Price received from the Ogden postoffice last spring, and the Ogden bank wherein the money was deposited so in the arena with counsel to protect the rights of the depositor.

The case has attracted much attention along the legal fraternity from the fact that it is without a precedent in the ruling of Judge Morris will be appealed to a higher court, not from any legal defect, but simply because all counsel want to have it settled before a permanent record is made. Today in the federal court the room was crowded, not by curious courtroom hangers on, but by leading lawyers of the city and by students who carried their law books with them. It is to their credit that the arguments of this morning were much more carefully worded than is the ordinary practice.

STORY OF THE MONEY.

The story in a nutshell is this: The East Side bank of Ogden, went to the general delivery of the postoffice and asked for his mail. He received, among other things, a bunch of newspapers. These proved to be copies of the Deseret News. When he opened them later he found \$2,410 in currency and the amount in an Ogden bank and notified the receiving teller as to the fact he had acquired the money. Not only that but he gave the matter publicity through the press. The Portland bank sent on a representative and numbers on the bills were noted as those on the records of

## Prescription for Weak Kidneys

Prompt attention should be given symptoms of weak or disordered kidneys, such as backache, frequent desire to urinate or highly colored urine, soreness in the groin or hips, rheumatic pains in the joints or muscles as these are apt to lead to serious forms of kidney trouble. Bright's disease or diabetes. The following formula, comes from high medical authority and will produce quick and permanent results. Half ounce. Murine compound. Half ounce fluid extract Buchu, six ounces good pure gin. This treatment should be taken in doses of one to two tea-spoonfuls after each meal. Any good druggist can furnish these ingredients.

the Portland bank. Then it was that the Oregon institution put in a claim for the deposit. But it seems that it was not to be without a legal battle. Under San, through Col. Booth, made a claim that the money had not been delivered to the right individual and that in virtue of two little one-cent stamps he was liable. The bank of Ogden came to the decision that it was liable legally to its depositor, and then Charles G. Price discovered that Charles G. was his name and that it may have been some maternal or paternal progenitor who had sent him the money and never said a word about it.

WHO IS TO GET IT?

Who is to get it? This is the question which is to be decided on the first day by Judge Page Morris. The suit, in a way, is of the friendly order. But from the legal point of view it is intensely interesting to local lawyers and the outcome will be watched with interest.

## BUTTER SHORT ON WEIGHT.

State Food Commissioner Hansen is taking legal advice with the intention of getting after the butter dealers for selling 14 1/2 to 15 1/2 ounces to the consumer for one pound. He holds the legitimate way is not to sell butter as at present in prepared packages a device of very recent years, but to cut it from the tub or firkin as ordered, and weighed out a pound for a pound, so that the customer will get just what he or she asks for. Mr. Hansen claims it is a misdemeanor, punishable at law, to sell less than 16 ounces, while the customer calls for a pound and pays for it. If less weight passes over the counter, the price must be reduced accordingly, but no more than 14 1/2, 15, 15 1/2 ounces for 40 cents.

## EXAMINATION OF BARBERS.

The State Board of Examiners of Barbers will meet for the examination of applicants at Secretary's office, 17 W. S. Temple, Salt Lake City on Nov. 22 and 23, 1909.

BY ORDER OF THE BOARD, D. WATTS, Secy.

## WEEKLY HEALTH REPORT.

The weekly report of the city board of health issued Saturday showed a decrease in the birth rate and an increase in the death rate over the previous week. There were 25 births, 15 boys and 10 girls, a decrease of 32. During the week there were 25 deaths, 16 males and 9 females, which is an increase of one over last week.

Fifty-three cases of infectious and contagious diseases were reported during the week as compared to 61 for the previous week. The decrease was in typhoid fever. The new cases were as follows: Smallpox, 9; typhoid fever, 2; diphtheria, 3; scarlet fever, 21; measles, 1; and chickenpox, 10. At the close of the week 10 houses remained in quarantine on account of smallpox, 63 houses on account of scarlet fever; four on account of diphtheria, and one patient is still in the isolation hospital.

## Y. W. C. A. NOTES.

Plans are being made for a mass meeting on Sunday afternoon, Nov. 21, at one of the principal churches, at which time the different lines of association work will be discussed. The World's Week of Prayer is observed in 19 different countries this year, from Nov. 14 to 21.

Miss Andrews, treasurer of the Rochester, N. Y., association, was a caller on Monday. Miss Andrews said that in her city of 175,000 population the association membership was only between 600 and 1,000. By Jan. 1 it is hoped the Salt Lake membership will reach 1,000.

The interest in the domestic science class is increasing from week to week. A course of lessons as outlined includes the preparation and cooking of all

kinds of foods. The general secretary will be glad to give any information regarding the terms and time of meeting.

Today closes the membership contest, "War of the Roses." The feeling during the two weeks has been cordial and gratifying, as every one felt that it was entirely a contest for membership and no matter whether they came under the Red Rose banner or the White.

The gymnasium class at the Y. M. C. A. has more than reached the required number, which is not only a satisfaction to the association, but meets a need felt among the young women.

The attendance at the Monday night Bible class is increasing. The work is very comprehensive and thorough and just the thing that the average person needs, no matter whether he is doing any special religious work or not. The class meets from 7 to 8 o'clock on Monday evenings in the Brooks Arcade rooms, and any young women are invited to visit the class.

Miss Carrie Rasmussen, who has been a teacher in the Wasatch school, is assisting the general secretary in the work of the association.

## LECTURES BY MRS. TEATS.

Woman Founder of Religious School Talks on "Power of Thought."

Mrs. Mary E. Teats, founder of a religious school, lectured Sunday afternoon, to a large attendance of boys from 10 to 16 years old, at the Y. M. C. A., on "The Power of Thought When Applied to the Building of Character." She explained what was meant by the building up of character, how to best preserve their bodies as to engender healthy thinking.

Mrs. Teats spoke in the evening at Phillips Congregational church, on "The Stage of Social Purty." She traced the evils of civilization to ignorance and improper training in vital principles of life. Immorality is the source of sin and crime. The best way to stop this is to reform the home life, on an intelligent and wholesome basis. The visitor spoke Saturday afternoon, in the Central Christian church when she said:

"Every child should have the right to a perfect birth. Persons lacking in intelligent knowledge of the duties and needs of true parenthood commit the gravest crimes against the child itself and against society when they bring a babe into the world lacking in health and proper hereditary influences."

Mrs. Teats addressed the soldiers at Fort Douglas on "The Twentieth Century Man," urging the necessity of living pure lives and letting intoxicating liquors alone.

## CHANGES AT PLEASANT VIEW.

New Organizations Effected in Rapidly Growing Branch.

A number of changes were effected in the organizations of the Pleasant View branch of the Sugar House ward Sunday afternoon, when Bishop John M. Whitaker officiated at the installation of the officers of a branch Relief society, Young Ladies' Mutual Im-

provement association and Primary organization.

About six months ago Elder Herbert Savage was named as presiding elder of Pleasant View branch, but the other organizations were not effected at the time. The settlement has had such a rapid growth that the need of these organizations developed, and it was in response to the requests of the growing community that the new organizations were installed.

The following officers were selected for the Relief society: Edith Rowe Longson, president; Rebecca Jane Savage, first counselor; Elvora Thompson, second counselor; Alice Howe Longson, secretary. The treasurer will be named later.

For the Young Ladies' organization, the following officers were installed: Zillah L. Rowe, president; Anne Longson, first counselor; Emma Harries, second counselor; Genevieve Beardsall, secretary; Ellen Ahlgren, assistant secretary; Elsie Julia Duncomb, chorister, and Ellen Ahlgren organist.

The Primary association was organized with the following officers: Violet B. Gardner, president; Sarah E. Clements, first counselor; Genevieve Beardsall, second counselor; Rebecca Savage, secretary; Afion Harries, assistant secretary; Elsie Julia Duncomb, chorister, and Ellen Ahlgren organist.

The meeting was held in the brick meetinghouse at 2 o'clock p. m. Elders Hyrum Bennion and Edward Rynearson were present as home missionaries and after remarks by these gentlemen, the organizations were effected by Bishop Whitaker of Sugar House ward.

# Price Talks

**"You can fool part of the people part of the time, but you can't fool all the people all the time."**

**We Only Wish For You to Come Into Our Store and Let Our "Prices Talk"**

As we do a strictly cash business, we mark our goods at a reasonable, fair price, so you do not have to pay for those who do not pay their bills.

That's why we do lots of business and have customers who have faith in us. We get for our customers the very best quality and the latest styles; A FAIR PRICE FOR GOOD MERCHANDISE IS OUR WAY OF DOING BUSINESS. We sell you a \$25.00 suit for \$25.00 or a \$50.00 suit for \$50.00. Isn't it inconsistent for merchants in this day of prosperity to be LOSING MONEY on the articles they are offering for sale in the heart of the season, when they tell you that they are offering you a \$40.00 suit for \$30.00, or a \$50.00 suit for \$27.50, especially when the bank clearings show that business in general is better than it ever has been before?

It is human nature to want to get something that has been marked down. Hence the alluring statements in various advertisements, "Bargains," "Greatly sacrificed reductions," etc. You remember P. T. Barnum used to whitewash an elephant and advertise "The wonder of the age; a snow white elephant."

THE TENDENCY OF THE TIMES IS TOWARD GREATER FRANKNESS AND HONESTY IN ALL THINGS.

As we have stated before, the standard of excellence that we have always maintained has founded
